Seniors Get Extra Ticket

Each senior will be allowed three commencement tickets this year according to new ruling by the joint student-faculty committee on commencement and honorary degrees.

Previously two tickets were distributed to seniors. But the administration reported such a demand for additional tickets that the committee inaugurated the new plan.

According to student member Peg Mulvaney, a ticket exchange will enable seniors who do not need all three tickets to turn them in for seniors who have a legitimate need for more.

This exchange is another innovation of the committee and will be manned by members of the senior class council.

The exchange will be open May 26 and 27 in the Student Council office, Room 305 in the Union. The office will be open from 2 to 4 p.m.

Miss Mulvaney added that any students who had more tickets than they could use were urged to turn them in at that time. She also said that seniors could mail extra tickets to Joe Gifford, senior class president, at the Council office.

A large attendance is expected at the commencement, which will be held June 2 at the Coliseum, because Trygve Lie, secretary general of the United Nations will speak, Miss Mulvaney said.

She also emphasized that commencement tickets did not entitle holders to reserved seats; they are only good for admission. The doors will be opened to the general public at 9:40 a.m. Prior to that time, admission will be by ticket only.

The procession will begin at 9:50 and the ceremonies will start at 10:30 a.m. There will be no seating during the procession.

Miss Mulvaney said that the committee will send the ticket to the seniors with a letter giving details on caps and gowns, announcements and other information of importance to the graduate.

Jules P. Colbert is chairman of the committee. Faculty members include Oskar E. Edison, Elsie M. Jevons, Rufus H. Moore, C. Bertrand Schultz and Otis Wade, while Miss Mulvaney and Gifford serve as student members.

Colbert estimated that 1,000 seniors will receive their degrees at these exercises.

Alumni Round-Up To Begin May 31

The traditional University Alumni association annual Round-Up will be held May 31 to June 2, Charles Stuart, chairman of the Round-Up committee announced Wednesday.

The Round-Up luncheon for alumni and faculty will be held Saturday noon, May 31, at the Union Stuart said.

Distinguished Service awards will be presented to Nebraska alumni for service of distinction to their University and in professional and public life. New officers of the Alumni association, for whom members are voting this month, will be announced by Mrs. Maurice Hevelone, vice-president of the association, who is chairman of the ballot canvassing committee.

The classes of 1892, 1902, 1912, 1922, 1932 and 1942 will be honored. The class of 1902, the 50-year honor class, has been working for several months making plans for a 50th reunion.

Stuart said that Ben Joyce has been named vice-chairman of the Round-Up committee.

Audio-Visual Aid Department To Issue ROTC Band Movie

The Audio-Visual Aid department is making available a color movie showing the University ROTC marching band and other campus organizations.

This movie will be available to alumni groups, Nebraska high schools and other interested civic groups.

The movie concerns the band's activities for the past four years. It shows the band at football games, Ivy Day, Military Retreats, parades and concerts.

Ag Classes Begin Early Next Year

A surprise feature has been added to Ag college registration. Ag college classes will start on the hour instead of twenty minutes after the hour, beginning next fall.

"The present system of starting Ag classes 20 minutes after the hour causes much confusion because it is different from that of the rest of the University," said Dr. Ephraim Hixson, Ag faculty member. He also said that most of the faculty was in favor of the change.

Mildred Athey, Ag sophomore, said, "I don't like the new system because it means that a lot of time will be wasted by those who have to commute between classes on both campuses."

Jo Meyer, Ag junior, believes that the change will discourage Ag students from taking electives on city campus.

Dixie Borggaard, Ag freshman, said she thought that the new system "will work out fine for most students."

Helen Hecht, Ag freshman, said, "It will be easier for some of us because we will be able to get home from classes earlier."

Terry Barnes, a sophomore in Ag college, said it will make a longer noon hour for Ag students. She also said that the change would make registration harder for persons who want classes on both campuses.

Mrs. Fern Brown, an instructor at Ag, said she was optimistic about the change. "It is just like anything new," she said, "and it will complicate things for a while. However," she added, "we will get used to it soon."

'Outstanding Nebraskan' Nominations Open Today

For "meritorious service in promoting the welfare of the spirit of the University" will go the 1952 spring semester's Outstanding Nebraskan awards—open today.

One student and one faculty member will join the ranks of those outstanding University members chosen since 1949 by The Daily Nebraskan staff.

Sharon Fritzer, past president of Mortar Board society, and Frank Hallgren, assistant dean of students, copped the honors from last semester's staff for their respective contributions to activity pioneering and student problems.

Applications will be received in The Nebraskan office from Thursday until 5 p.m., Wednesday, May 14. Students or faculty members may nominate any other student or faculty member (with the exception of former recipients and staff members).

Letters of nomination must include the qualifications of the candidate. Awards will be made on the basis of the nominee's "meritorious service in promoting the welfare and spirit of the University."

Announcement of the faculty and student winners will be made in the last issue of The Nebraskan for this semester, Friday, May 16. Chancellor R. G. Gustafson and athlete Tom Novak were the first to receive the Nebraskan awards in 1949. The Chancellor won the nomination on the basis of his willingness to cooperate with students.

He once said "There is always a place in my appointment book for a student who wishes to discuss his problems and those of the University."

For his outstanding football record plus his support of the University, Novak took the student award.

Dean Carl Borgmann and Sue Allen received the awards for second semester of '49-50. Borgmann was honored for his contacts with students and his efforts to work out student problems. Miss Allen's work in connection with the United Nations model assembly, spring, 1950, was recognized in her honor.

Coach Bill Glassford and All-American Bobby Reynolds took athletic and Nebraskan honors in the 1950 fall selections. As outstanding faculty member, Coach Glassford placed his Cornhusker football team high on the list of the nation's teams in his second season as Husker mentor.

For his athletic contributions to the University, Bob Reynolds won the student honor.

Last award recipients, before Miss Fritzer and Dean Hallgren were chosen, were Miss Mary Mielenz and Rob Raun. Miss Mielenz was honored by The Nebraskan for her work with Student Council, University Builders, Coed Counselors, Mortar Board and the Teachers college advisory committee.

Raun was selected for his work with Student Council and his contribution to campus activities, on both Ag and city campuses.

Individuals among the student body and the faculty, plus organized groups are urged to submit nominations for The Nebraskan award, in writing, to The Daily Nebraskan office before Wednesday, 5 p.m.

No Saturday Classes Set For Summer

Saturday classes are not on the schedule for students planning to attend University summer session opening Wednesday, June 4, as reported yesterday.

Dr. Floyd W. Hoover, acting director of registration and records, said that classes will meet five days a week for the three sessions that will be offered simultaneously — eight-weeks session, six-weeks session and four-weeks session.

Students now enrolled in the University may register for summer classes at the same time they enroll for the fall term.

Students must meet with their advisers to complete their work sheets before Monday according to Dr. Hoover. This includes Junior division students.

Dr. Hoover also urged that to save time during registration students must pick up their grade-credit slips at Room B-7, Administration hall, before Monday.

For summer school, students may not register for more than nine hours of classes without the permission of the dean of their college. A blanket resident fee of \$40 will be charged for eight or more semester credit hours. Non-resident fees are \$80. A graduated fee will be charged for less than eight semester hours.

Justice Carter Presents View Of Steel Case

"Government by law—not by man's whims."

This was the topic of an address by Nebraska supreme court justice Edward F. Carter. He spoke at the bi-monthly Phi Delta Phi legal fraternity meeting Thursday.

Carter stated that this country was in its third great trial period. He said that the U.S. Steel case presently before the U.S. Supreme Court was heading up the issue of whether the President was subject to the Constitutional laws of the United States.

The other two periods of this country's great trials were the ones leading up to the adoption of the federal Constitution and the Civil War, he said. Carter said that Judge Pine's decision carefully and clearly pointed out that the courts must determine whether we are to have a government by whim or by law.

It is always going to be the moral fiber of the bench and the bar to keep the division of powers separate in accordance with the original concepts of the framers of the Constitution, he said.

Campus Improvements chairman Peggy Mulvaney reported that an exchange booth for senior graduation tickets will be established. Graduating seniors who will not need three tickets to the graduation exercises may turn their extra ones in here and those that need more may contact this booth. The booth will operate in the Student Council room in the Union May 26 and 27 from 2 p.m. until 4 p.m.

The Council also gave formal approval of the junior and senior class elections and the Student Council representative elections.

Approval of two constitutions and amendments for two others—Command Squadron, College Days, Ag Exec board and YWCA—was given by the Council. A motion, by George Cobel, to delay action on the College Days constitution until the fourth meeting of the Council in the fall was defeated. The College Days constitution carried by unanimous approval of the entire Council.

Truman Won't 'Buy' Korean Peace

WASHINGTON—According to President Truman the U.S. will not buy a truce in Korea "by turning over human beings for slaughter or slavery."

The President referred to the exchange of prisoners issue which has deadlocked the truce talks at Panmunjom, Korea for several weeks.

The defense department added that the allied proposals now before the truce conference are our final offers on these matters and that if the Communists really want peace they had better accept them.

An editorial in U.S. News this week points out that the Communists have obtained almost every point they desired through their stalling tactics except forced repatriation of prisoners.
