Present Band In Second Year Receives Disc Jockey Acclaim

Ralph Marterie will play at the Homecoming Dance, Nov. 15th, the Corn Cobs and Tassel Homecoming Committee announced Saturday.

Marterie, the feature trumpeter for his band, started his musical career at 14. He being a son of a musician inherited his love for music. At 17 Marterie played a radio network show in Chicago.

In 1942 Marterie entered the U.S. Navy and upon completion of his tour of duty he returned to radio and appeared on a weekly coast to coast show over a major network.

Another disc jockey Paul Jensen, KOLN, said, "I think he is one of the fastest rising band leaders of the land and he is recognized as one of the leaders that present truly danceable music for audiences."

Tickets for the Homecoming Dance will go on sale Oct. 15 according to the publicity committee composed of Marilyn Erwin, Norma Lethrop, Ernie Bebb and Chuck Beam.

New Sports Field Begins First Year

Field Hockey, Speedball Added To P.E. Classes

The wide open space at 14 and Vine St. is the greatest asset to the Women's Physical Education department at the University since the invention of bloomers.

For the first time in recent years field hockey and speedball, two very popular eastern college games, are being played in regular University classes. Until the new field was available, only physical education majors had a chance to learn the fundamentals of these games, and they had to play on a small field. The new field is also used for an extensive program of intramural games and ROTC drill.

All University freshmen and sophomore women are required to take some form of physical education. After spending the first half of the semester learning a field sport such as hockey or speedball, the freshmen will meet indoors for an eight-week course in body mechanics.

The body mechanics course teaches girls how to avoid wasting energy by teaching them to work and study more efficiently and to relax properly. They are also taught the right way to do activities which are part of household routine, such as lifting and pushing heavy objects. How to walk correctly in shoes of different heel heights is emphasized.

During their two years of physical education classes, University women also have an opportunity to study swimming, to learn rhythm fundamentals and modern dancing, folk and square dancing, and to play several team and individual games, such as basketball, volleyball, softball, tennis, badminton, duckpins and bowling.

Koreans Take White Horse Hill

SOUTH KOREAN INFANTRYMEN gained complete control of White Horse Hill Saturday. Soldiers of the Republic of Korea ninth division encircled Reds with a two-prong flanking movement. Two pockets of Chinese were left after the Koreans gained control of the mountain top.

Koreans called the movement Operation Iron Fist since the front is near Chorwon, which means "field of iron." The height guards one of the main invasion routes to Seoul. It changed hands seven times on Friday. It was the fiercest battle in more than a year.

Stevenson Defends Civil Rights, Tidelands

ADLAI STEVENSON stuck fast to his views on civil rights and tidelands, oil in his address to a New Orleans audience. He said he stands on the Democratic party platform "with respect to minority rights." It calls for the federal government to work toward ending racial discrimination. He said he opposes giving the oil-rich lands off the coast of Louisiana, Texas and California to the individual states.

Speaking at Oklahoma City, the Democratic nominee turned to the Russian threat, and repeated his views in New Orleans. "I say to you with the utmost conviction," he said, "that if we follow the suicidal foreign trade fanaticism of the Republican party, we may condemn this nation to isolation and destruction."

Ike To Make Financial Report

GEN. DWIGHT EISENHOWER said "of course" he would make a statement about his financial position before the election. His reply to a query by press correspondents was delivered by Press Secretary James C. Hagerty. Hagerty said he did not know when the report would be ready.

McCormick Leads State Demo Caravan

C. J. MCCORMICK, U. S. undersecretary of agriculture, led the speech-making for Nebraska Democrats in their tour of the southeastern section of the state. Most of his remarks were aimed at Republican nominee Eisenhower.

"Eisenhower is a good general for the army," he said, "but on the farm he would be classified as a buck private." He said Eisenhower has led "a sheltered life" in the Army and does not know how to live as a civilian. "Buying through post exchanges is poor experience in buying as a civilian," he said.

The undersecretary of agriculture also took a stand on farm parities. "The Democratic administration has guaranteed that your wheat will be worth at least \$2.20 a bushel," he said, "but under the GOP sliding scale it would sell for \$1.26. Ask yourself, which is better for me? Don't bite the hand that feeds you."

Truman Says Eisenhower 'Unfit'

PRESIDENT TRUMAN said Eisenhower in endorsing Sen. Joseph McCarthy has stooped so low that he is "not fit to be trusted with the great office of President." He told a New York audience he's been "trying to force the Republicans to state their issues, but I don't believe they have any." Campaigning across New York, the President faced hecklers at many whiststops. He was the target of a tomato at Amsterdam, but it missed its mark so far that he didn't even see it.

Davies Withholds CIA Information

JOHN P. DAVIES JR. told senators he could give them details of the incident in which he is accused of recommending that a hush-hush government agency enlist the advice of persons described as Communists. It was "only slightly less sensitive than that of atomic energy," he said. Davies' testimony before the Senate Internal Security Committee in August 1951 has just been made public.

Davies said the 1949 operation involved was being planned by the Central Intelligence Agency and as far as he knows, has not been put into effect. A witness at the hearings said Davies had recommended that CIA use six persons for consultation and guidance. The subcommittee said three of these had been named as Communists.

The institute, sponsored jointly by the committee and the University Extension Division, was planned with two objectives; first, to emphasize the importance of the driver-trainer's role as a teacher and second, to demonstrate the importance of understanding operations required of a driver as opposed to "robot learning."

NCTE Holds Hearing On Amendment

Henzlik And Crosby Express Approval

The Nebraska Council of Teacher Education sponsored a meeting Saturday in the Union to discuss the proposed amendment forming a state board which will be voted on in the November election.

The proposed amendment states in brief: To further safeguard local control of our public schools through establishment of a state board elected by the people.

R. L. Freedstrom, chairman of the Council, headed the meeting. F. E. Henzlik, Dean of Teachers College, past chairman of the council, said that the amendment would succeed in bringing Nebraska schools closer together.

Robert Crosby, Republican candidate for governor, said he believed that the amendment is good. "I am ashamed to have to hang my head about Nebraska's educational system below the college level," he said.

Mr. Crosby stated that the inertia in Nebraska's school system is because the system doesn't lead to state leadership.

A state board would support leadership better than a man who is elected in a state wide election every four years, reported Mr. Crosby.

Crosby stressed that to win, the amendment must be made known to the voters of Nebraska.

If he is governor, Crosby said, he would like to work on the educational basis that this amendment would set.

Crosby asked, "Would you like to choose the Chancellor of the University by a state-wide election? That is on the same principle as the election of our state superintendent."

Walter B. Raacke, Democratic candidate for governor, was scheduled to speak at the discussion but was not present.

Both gubernatorial candidates have expressed approval of the proposed amendment.
