Graduate Students

Graduate students who are expecting to take reading examinations in foreign languages at 10 a.m. on Saturday, Oct. 25, must secure a permit in the Graduate Office on or before Wednesday, Oct. 22.

VOL. 52—No. 21

LINCOLN, NEBRASKA

Tuesday, October 14, 1952

FHHFA Will Help Finance Dorms

Additions To House 670 University Men

The University Monday won approval from the Federal Housing and Home Finance Agency for financing a \$2,000,000 men's dormitory project on the Lincoln city campus.

The agency's action was announced in a telegram to Chancellor R. G. Gustavson from Raymond M. Foley, administrator of the FHHFA. The Chancellor returned Saturday evening from Washington where he had sought to speed negotiations for the federal loan.

The action of the agency clears the way for the University's Dormitory Corporation, operating with authority from the Board of Regents, to proceed with construction of three dormitory units and a dining hall.

Total cost of the project is estimated at \$2,100,000. One hundred thousand dollars of the total is for furnishings, an item not included in the federal loan. W. C. Harper, director of the University's commercial enterprises, said the loan request was for the construction only.

The new dormitory units will house about 670 men. Added to the University's three existing units, they will provide accommodations for 920 men students.

At present about 2,000 men students rent room off the campus. This figure is exclusive of those living in fraternities, houses, and in the existing dormitory units.

The dining hall which will adjoin one of the new dormitories, will accommodate all men living in the dormitories.

The financing plans approved by the FHHFA, a branch of the Federal Security Administration, call for a federal loan to the Dormitory Corporation. The loan bears 3.01 per cent interest and will be retired within a 40-year period by revenue from dormitory rentals.

John K. Selleck, University business manager, said private loan sources could offer only a 20-year repayment period and quoted higher interest rates.

Architects' plans are already virtually complete and Selleck said construction bids will be called as soon as possible, probably within 90 days. It will take about two years to complete the buildings.

The new units will be built in an area approximately two blocks long by one block wide on North Fifteenth Street between U and S Streets. With the exception of one lot, the University now owns all of the land. Title to the unpurchased lot will be obtained at once, Selleck said.

When the new units are finished, they will give the University a large quadrangle facing an inner court. The three dormitory units built in 1946 and 1947 were constructed to face the court interior and the new units will complete the plan.

All three new units will be built of brick with stone trim. Floors will be asphalt tile and clothes closets and dressers will be built-in. Acoustical ceilings will be used in the corridors, communal areas, and in the dining room. Heat and electrical service will be supplied by the University's central plant.

The new construction will provide 335 rooms for student housing, two men to a room. The dining hall and kitchen will be located in a one-story structure with basement and will occupy the central portion of the quadrangle.

The three new units will be located as follows: 1. A three-story dormitory, 176 by 42 feet, to accommodate 136 men will run north and south on the east side of 15th St. The north end of this building will be near 15th and U Sts.

2. A three-story structure, 180 by 42 feet with the one-story dining hall and kitchen space, about 128 feet square, attached on the east. Entrance to the building will be at Fifteenth and T Streets. The first floor will be used for administrative offices, lounge space, and quarters for the head resident. The two upper floors will be dormitory rooms for 96 men.

3. A large three-story U-shaped building, accommodating 438 men. The west leg of the U, backed to 15th St., will be 155 feet long; the base of the U, backed to S St., and the east leg, running north and south, each will be 240 feet long.

Coffee Hour To Feature Voters' Film

"A Brief Case for Nebraskans," a 25-minute movie telling the story of the six proposed amendments of the state constitution, will be shown at the coffee hour, Tuesday in Room 315 of the Union. The theme of the coffee hour, which is sponsored by the Union Convocation Committee, is "Educate the Voters."

The discussion following the movie will be led by Robert F. Lee, son of Sen. Earl Lee, who, with his "Nebraskans," is working for the voters' approval of the six amendments.

- The amendments proposed are: 1. To provide equal compensation for members of the supreme court and its officers; 2. To authorize the legislature to establish a program that will stop tax evasions on motor vehicles; 3. To provide cost of living adjustments for members of the unicameral; 4. To further safeguard local control of our public schools through the establishment of a state board of education elected by the people; 5. To guarantee the people greater representation in a state constitutional convention; 6. To reduce cost, to taxpayers, of publishing a constitutional amendments.

Thirty-One Groups Select Candidates For Prince Kosmet, Nebraska Sweetheart

Thirty-one students were chosen Monday night by their respective organizations as candidates for Prince Kosmet and Nebraska Sweetheart.

Thom Snyder, secretary of Kosmet Klub, said that 18 candidates for Prince Kosmet and 13 for Nebraska Sweetheart had been turned in by 11 p.m. Monday night. Tuesday is the last day that organizations may file applications.

Snyder said that finalists will be selected on Nov. 6, instead of Oct. 16, as was previously announced.

Mortboard will choose the six Prince Kosmet finalists and the innocents Society will select the six Nebraska Sweetheart finalists.

Prince Kosmet and the Nebraska Sweetheart will be chosen by popular vote at the Fall Kosmet Klub show.

Persons attending the show will be allowed to cast one ballot-ticket as they enter the Coliseum. Snyder emphasized that each person attending the fall show on Nov. 20 can cast only one ballot-ticket for the Sweetheart and Prince. This, he added, was to keep organizations from buying up tickets for the purpose of electing the candidates rather than for seeing the show.

The candidates for Nebraska Sweetheart are: Donna Folmer, Alpha Chi Omega; Marlene Rees, Alpha Omicron Pi; Marylyn Brewster, Alpha Phi; Betsy Lieber, Alpha Xi Delta; Beth Rohwer, Chi Omega; Grace Burkhardt, Delta Delta Delta.

Ruth Raymond, Delta Gamma; Aggie Anderson, Gamma Phi Beta; Phyllis Colbert, Kappa Alpha Theta; Marilyn Lehr, Kappa Delta; Barbara Bell, Kappa Kappa Gamma; Charlene Katz, Sigma Delta Tau; Beverly Taylor, Sigma Kappa.

Candidates for Prince Kosmet are: Charles Anderson, Acacia;

Commandant Filings Open Oct. 16 To 21

Senior Coeds Eligible For Honorary Title Filings for Honorary Commandant of the 1952 Military Ball will open Thursday, announced Winslow Cady, vice president of Candidate Officers Association.

Filings must be made with the Dean of Student Affairs, stated Cady. No filings will be permitted after 5 p.m. Tuesday.

Candidates must be Seniors eligible for graduation in June and have a weighted average of 5.5 or better. Filings are on an individual rather than an organization basis, and there are no limitations on the number of candidates from each house, Cady stated.

Crosby Skipping Taft Speech To Address Young Republicans

Robert Crosby, Republican candidate for governor of Nebraska, consented to change his plans for attending the Republican rally in Hastings at which Sen. Robert Taft is guest speaker and plans to speak to the University Young Republicans Thursday.

Crosby feels that the young people on the campus should be informed on the issues of the campaign because they are the future voters.

Preceding Crosby's address at 8 p.m. in the Union Ballroom, there will be a general meeting at 7 p.m. of all University students interested in Young Republican work in the presidential campaign.

Dan Tolman, University senior and Max Harding, Young Republican member in charge of state organization, are the leaders of the campus organization.

Washington—Supreme Court has denied a hearing to Julius and Ethel Rosenberg, spies sentenced to die for giving American atomic secrets to Russia. Their sentence of execution in the electric chair at Sing Sing Prison still stands. The court voted 8-1 to deny the Rosenbergs appeal with Justice Black dissenting. The death sentence given the Rosenbergs has been described as the first ever imposed in peace time by a civilian court in this country for espionage.

Philadelphia—If the next President, whether Democratic or Republican, "does as well as President Truman" in fighting Communism in the federal government the American people "have little to worry about."

This statement was made by Gen. Walter Bedell Smith testifying before the House Un-American Activities Committee. Smith, director of the Central Intelligence Agency, was subpoenaed to explain testimony he made at the McCarthy-Benton libel hearing on Sept. 29. At that time he said Communists "are so adroit and adept they have infiltrated every security agency of government."

In answer to questions from the committee, Smith said he was morally certain that there may be Communists in the CIA but that he did not know who they are. He would not state that he was "certain" that there were Communists in every government security agency. "I believe that there are Communists in my organization outside of the United States," he said, "because in the past we have from time to time discovered one or two in our ranks."

A young coed was snapped out of her class-daze when her English instructor asked, "Does nature show a liking towards man?" "Well," the student replied. "It's like 7 up—it likes you if you like it."

Budget Increased Near \$4,000,000

Regents Request \$20,817,838 For Next Two-Year Period

An increase of slightly less than \$4,000,000 was included in the 1953-1955 budget submitted by the University Board of Regents.

The budget asks for a state tax fund appropriation of \$16,356,003 for the two-year period.

The total budget requested, including state taxes, federal funds, endowments and estimated fees, amounts to \$20,817,838—22 per cent more than the University had for its total operation this biennium.

The largest single cash income is expected to come from the tuition paid by students. This figure has been estimated at

\$2,400,000. The other sources of income and the estimated figures for them are: Federal funds, \$1,656,414; University endowment, \$66,000; vocational education, \$39,420; and University Hospital, \$300,000.

Chancellor R. G. Gustavson said the budget requests are an honest and conscientious effort to solve the problems of rising costs and a stronger support for several University programs. The programs that will require the most additional aid are in the fields of Medicine and Agriculture.

About 60 per cent of the increase, he said, will be needed to provide cost-of-living raises for University employees and faculty and money to meet the increased costs of supplies.

The new budget would include a 15 per cent increase for University clerical employees and labor force and an average of 8 per cent for faculty members. Gustavson said that supply costs have risen to the point where a 17 per cent increase is demanded for University supplies.

The remaining 40 per cent of the increase, the Chancellor said, is accounted for in the increased expenses of operating the Medical and Agricultural Colleges.

The budget request includes items totaling \$763,170 to aid in strengthening the programs of the School of Nursing and the College of Medicine. This request for additional funds stems from the fact that the College of Medicine may lose its accredited standing with the American Medical Association's Committee on Education, if definite steps are not taken in the future.

The College of Agriculture request has been made to insure the fulfillment of a program that would call for \$452,370 over and above the present day activity. Two of the principal items involved would be increased investigation of livestock diseases and the study of Nebraska grasses in the range country.

A sum of \$400,359 is requested to assist the present programs in the College of Engineering and Architecture, Law, Teachers, Arts and Sciences, Pharmacy, Business Administration and Dentistry.

AWS Activities Mart Slated For Wednesday Afternoon

AWS's annual Activities Mart will be held Wednesday, Oct. 15 at 2:30 p.m.

All University coeds interested in working in the various campus activities may sign up at this time.

Information concerning the purpose and function of each organization may be obtained from the booths representing them at the Mart. This year the Mart is designed to inform coeds about all the activities, not just the ones in which they are interested.

Organizations participating in the Mart are: Tassels, WAA, The Daily Nebraskan, Cornhuskers, Coed Counselors, AUF, Builders, Presbyterian-Congregational Student House, Wesley Foundation, Newman Club, Red Cross, and Home Economics Club. Other organizations will be represented if they turn in their fees to AWS.

This is the first year that student denominational houses have had booths in the Mart.

Freshmen women may take an active part in activities after Monday.

Donna Elliott is in charge of the Activities Mart.

NU Stevensonites Lay Plan For Club

Plans are underway to form a Students for Stevenson Club at the University.

No meetings have been held, but interested students may contact Don Knutzen, Alice Myers, Ron Rader or Clyde Moore.

If sufficient interest is shown an organizational meeting will be held and plans will be laid out whereby students will carry on a campus campaign for the Democratic presidential nominee, Adlai Stevenson.

Professor Speaks On Bacterial Virus

Dr. Lloyd M. Kozloff, professor of biochemistry at the University of Chicago, addressed the Nebraska section of the American Chemical Society at 7:30 p.m. Monday in Avery Laboratory.

Dr. Kozloff spoke on "Virus Reproduction." Much of his research work has centered around this subject particularly the study of the biochemical aspects of bacteriophage (bacterial viruses).

Russians Arrive For UN Meeting

UNITED NATIONS, N.Y.—Andrei Y. Vishinsky along with four other top-drawer Russian diplomats arrived in New York ready for the United Nations General Assembly. Aided by Andrei Gromyko, Georgi Zarubin, Arkady Sobolev and Valerian Zorin, he is the leader of an obvious plan to split the United States and its Allies on the Korean question.

Meanwhile Secretary of State Dean Acheson held a last-minute conference with the U.S. delegation to decide American strategy for the Assembly which opens Tuesday. He asked for first place on the speakers' list in the Assembly's general debate in an effort to keep Vishinsky from setting the tone for the Korean argument.

U. S. strategy will be: (1) Preserve the unity of the Western alliance and (2) Obtain blanket endorsement of American "stewardship" of the Korean War and peace effort.

Rosenbergs Denied Hearing

WASHINGTON—Supreme Court has denied a hearing to Julius and Ethel Rosenberg, spies sentenced to die for giving American atomic secrets to Russia. Their sentence of execution in the electric chair at Sing Sing Prison still stands. The court voted 8-1 to deny the Rosenbergs appeal with Justice Black dissenting. The death sentence given the Rosenbergs has been described as the first ever imposed in peace time by a civilian court in this country for espionage.

Bedell Smith Praises Truman

Philadelphia—If the next President, whether Democratic or Republican, "does as well as President Truman" in fighting Communism in the federal government the American people "have little to worry about."

NU Theatre To Reserve Arena Seats

Reservations for student seating at the University Theatre productions may now be made in the box office in Temple building.

With the first performance set for Oct. 29 students are to make reservations for the nights they wish to attend the Theatre presentations immediately so that seating facilities may accommodate the number of ticket holders.

The University Theatre productions will be done this year in the Arena Theatre instead of a downtown theatre. Because of this, seating will be limited to 125 people per night for eight nights.

There is no guarantee that students will be able to be seated at any of the performances without making previous arrangements.

Max Whittaker, professor of dramatics, said that all tickets were sold for the three productions to be given this year. They are: "Outward Bound," by Sutton Vane; "The Circle," by Somerset Maugham; and "Ghosts," by Henrik Ibsen.

Research Teams Begin Study On Nebraska Farm Housing

University research teams are conducting a state farm housing survey which, when completed, will be used as a basis for recommending remodeling plans for farm homes.

Making the survey are research teams from the Home Economics and agricultural engineering departments. Mrs. Virginia Trotter, assistant professor of home economics, who started the project, said the teams will determine the condition of farm dwelling in terms of space, room arrangement, window and door placement, utilities and storage space.

From the survey, she said, remodeling plans may be recommended in terms of: 1. Basic space needs for minimum physical health standards. 2. Most efficient use of space for better room arrangement. 3. Best possible placement of windows and doors. 4. Best possible placement of utilities and equipment such as running water, adequate wiring and heating and functional kitchen arrangement. 5. Determining the best kind and place of storage facilities.

Mrs. Trotter said that the houses to be studied first are the older two-story "tee" type. Many of these houses are found she said, especially in eastern

Aquaquette Try-Outs Set For Oct. 21

Swimming practice for Aquaquettes will be held Thursday at 7:15 p.m. at the Coliseum pool, announced Mary Mulvaney, women's physical education instructor.

Students who are interested should bring bathing cap, swimming permit from Student Health, and 10 cents to rent a bathing suit.

Aquaquette tryouts will be held Tuesday, Oct. 21 at 7:45 p.m. Students must attend the practice Thursday if they wish to enter the tryouts.

The Aquaquette's project for the year is a swimming program to be given in the spring.

If there are any questions on tryouts students should call Sally Mallory at 2-3287.

COA Dinner

Left Overs

By LILA WANER

Mother: What was your Sunday School lesson about, dear? Johnny: About a man named Solomon.

Mother: What did you learn about Solomon? Johnny: Our teacher said he had 300 wives and 7000 cucumber vines.

About this time of year we are reminded that colleges are fountains of knowledge—where students gather to drink.

"Moderation and self-control," said the psychology professor, addressing his class, "can be applied to our everyday lives. Observe, for example, the fly which has just lighted on the tip of my nose. I do not swear and blaspheme. I merely say in a quiet tone, 'Go away, fly, . . . My Gwad! It's a bee!'"

The Weatherman again advises coats. Temperatures are expected to drop with clouds obscuring the sun that helped to clear up Monday blues yesterday.

Judge: You are charged with throwing your mother-in-law out of the window. Jones: I guess I did it without thinking, sir.

Judge: Yes, but don't you see how dangerous it might have been for anyone passing at the time?

UNION ACTIVITY

'Crafty' Cornhuskers Develop Skills With Tooled Leather, Textile Painting

By PAT PECK Feature Editor

If the price tags on hand-tooled leather goods shock you speechless or your allowance refuses to touch hammered copper utensils the Union craft shop may be just what you're looking for.

The craft shop, Room 14 in the Union basement, is conducted by Mrs. Ruth Coleman. Students interested in hand craft meet on Tuesday and Wednesday at 7 p.m. in the shop.

Leather work seems to be the favorite activity according to Bridget Watson, student in charge. Students also have the opportunity to work with soft metals and with textile paints. Materials are purchased by the student. Some tools are furnished by Mrs. Coleman.

All lessons are given free and individuality is stressed. Students may work in the craft shop any time. The project was started four years ago.

Hand-tooled leather belts, monogrammed billfolds and textiles are among the projects done by the handcraft students. Ceramic painting is also offered.

WORK AND FUN . . . A group of students cluster around the table in the Union-sponsored craft shop to work on leather, metal or textiles, under the free lessons offered. They are (l. to r.) Wayne Wolf, Jeanne and Joanne McDuffee, Gaylord Smith, Jim Hurley, Ruth Coleman, instructor; Connie Gordon and Bridget Watson, student in charge of the craft shop. (Daily Nebraskan Photo by Glenn Place.)
