KK Reschedules '52 Fall Revue

Kosmet Klub's Fall Revue has been rescheduled for Tuesday, November 20, Don Devries, Kosmet Klub president, said today. The revue was originally scheduled for October 31.

The reason for the change is in the booking arrangements at the Coliseum which prevent the holding of practices previous to the show, Devries said. "Also it will give the fraternities more time to prepare better and more worthwhile skits," he added.

Following the show the presentation of Nebraska Sweetheart and Prince Kosmet will be made. The finalists will be

Judged and chosen by the Mortar Board and Innocents November 5, at the Student Union. Candidates will be judged on the following attributes:

Sweetheart: personality, popularity, poise, beauty and character.

Prince: personality, popularity, neatness and character.

The theme of this year's show is "Fraternity Fantasies."

Rocky Yapp, Kosmet Klub historian, stressed the need for emphasis on singing and dancing. The theme this year, it is hoped, will promote the musical angle.

Yapp also stated that more musicals have won the annual Revue than any other type of presentation.

Young GOP To Organize Thursday

Crosby Skips Hastings Rally To Speak At NU

An address by Robert Crosby, Republican candidate for governor, will be the kick-off for Young Republican activities on the campus.

Crosby will speak in the Union Ballroom at 8 p.m. Thursday, after organizational meeting for all interested students at 7.

A Republican rally in Hastings, at which Sen. Robert Taft is guest speaker, is being omitted by Crosby in favor of the students' meeting. He said he felt that young men and women should be informed and interested in the politics of the nation.

His topic will be "The Place of Young People in Politics."

The general meeting at 7 p.m. is for all University students interested in Young Republican work in the Presidential campaign. The business agenda will include approving a constitution for the group, electing officers, selling memberships and setting up committees to do campaign work.

Plans include the organization of a permanent Young GOP. This group will be associated with the state Republican party through Max Harding, Young Republican member in charge of state organization, but will be limited to University students.

The organization will work with the state group in political campaigns on both the state and national level.

A pep rally will be held before the 7 p.m. meeting. A band will star on Vine St. and proceed down fraternity row. The rally parade will end in front of the Union. All groups, including organized houses, have been invited by Dan Tolman, acting president, to join the rally. All participating groups are also invited to bring signs and banners.

Election of officers will be planned so that one set of officers will work from immediately after one election through the next.

NUCWA Board To Fill Six Positions Thursday Noon

20 Students Applied For Committee Jobs

Seventeen of the 20 students who applied for the NUCWA Spring Conference Steering Committee were interviewed Tuesday by the NUCWA executive board.

The remaining three interviews will be held Thursday noon in the NUCWA office.

The NUCWA board will meet at 1 p.m. Thursday to choose the students for the six positions.

The six positions open are: secretary and chairmanship of the research, publicity, speakers, technical arrangements and delegations sub-committees. Chairman of the Steering Committee is Nita Helmstadter.

The Steering Committee plans the NUCWA miniature United Nations, an annual NUCWA feature. In addition to the special assignments, the committee will hold a research program to discuss various types of conferences possible and report their findings to the NUCWA members for approval.

United Nations Week will be held Oct. 19 to 25. On Oct. 22, there will be a coffee hour in the Union for foreign students on the campus. All students are invited.

Any students interested in assisting with United Nations Week may contact Janis Schmidtman at 2-7820.

HC Coeds—Korea Bound

8th Army To Select 'Queen Of Queens'

The Eighth United States Army will share 1952 Homecoming Queens with soldiers in Korea.

The soldiers, in turn, will select one of the coeds as "the homecoming queen soldiers in Korea would most like to come home to—or simply the 'queen of the queens.'"

Public relations directors in a number of universities have been asked by Eighth Army to submit pictures of the 1952 Homecoming Queens. From these, enlisted men in the public information section of Eighth Army headquarters will select 10 finalists.

Combat men will vote on the 10 to select the "Queen of Queens." Pictures of the finalists will be published in Pacific Stars and Stripes. Pictures of the coeds will also be displayed in the main PX in downtown Seoul. The PX, according to the chief of the army's news division, is "one spot that almost every soldier visits who passes through the city."

In a letter to public relations directors, the news chief said: "The return of the homecoming season and its queens... makes the men in Korea more conscious than ever that they are a long way from the things they cherish most in the world—American women."

"To help men in Korea feel a little closer to home at this time of year we propose arrangement that will bring a touch of homecoming excitement and beauty to Korea."

Activity Mart Opens For Freshmen Today

Mart To Offer Frosh Coeds YW Specials

For the first time, the annual YWCA Freshman Rendezvous will be held at the Activities Mart Wednesday.

At this time freshman coeds may sign up for discussion groups meeting for one hour each week. A noon discussion group will also be held for girls living in Lincoln.

These discussion groups are given to orient freshman coeds with the YWCA nationally and on the University campus. The groups also help acquaint the girls with campus activities, to meet other girls, and to talk over common problems.

In addition to regular discussion, girls may also sign up for such projects as Hanging of the Green, Work Day, editing "Y's Cracks," preparing radio programs, working on week-end service projects, doing art work or Alum-Parents letters.

AWS Booths Held By 14 Organizations; NU Religious Houses Now Represented

Freshmen women will get their first chance to sign up for activities at the Associated Women Students-sponsored Activities Mart, Wednesday from 2:30 to 5:30 p.m. in the Union ballroom.

The mart is designed for all University coeds, but particularly for freshmen. It is being held during the fifth week of classes and freshmen women may begin participating in activities on Monday.

The AWS Board advises the coeds to visit all the booths and become acquainted with the activities of each organization before they sign up with specific groups.

This is the first year that denominational student houses have had booths in the Mart. Their purpose in participating is to provide information about the activities and facilities of their houses and to sign up workers for their various activities.

If interested coeds are not able to attend the Activities Mart, they are asked to contact the presidents of the various denominational houses and activities for information.

The organizations participating in the Mart and their presidents are: Tassel, Mary Ann Kellogg; Women's Athletic Association; Elaine Esch; The Daily Nebraskan, Ruth Raymond; Cornhusker, Pat Beechan; Coed Counselors, Elizabeth Gass; All University Fund, Joan Hanson; Builders, Dean Linscott; Presbyterian Student House, Bob Green and Kathleen Dill; Wesley Foundation, Jack Wood; Newman Club, Jim Rose; Red Cross, Bob LaShelle; Home Economics Club, Jeanne Vierk; AWS, Jean Loudon and Student Union activities, Jack Greer.

Donna Elliott is chairman of the Mart.

AWS Board To Recruit Workers

Girls To Gain Experience For Future Council Jobs

A worker group is being organized this year by the Associated Women Students Board for all interested freshmen, sophomore and junior women.

The purpose of the group is to assist the AWS Board in carrying out its responsibilities, to provide the Board with a better basis to select its nominees for spring elections and to enable coeds to become aware of the duties of AWS and thus be in a better position to understand the operations of the organization.

All freshmen, sophomore and junior women are eligible to participate in the workers' group. A record of the work done by each woman will be kept and used as a reference in selecting those to be placed on the slate in the spring elections. Although this will not be the only criterion used in preparing the slate it will be an important factor since this is one of the few concrete ways the Board has of evaluating the abilities.

One of the important tasks the workers will do is to help with Coed Follies; doing publicity work, selling tickets, speaking to groups, making posters and other art work which must be done in order to present the show. Work on this part of AWS undertakings will begin in a few weeks and continue until the time of the performance, Feb. 23 to 24, 1953.

All girls interested in participating in the workers' group may inquire and sign up at the Activities Mart.

Regents Ask \$17,000 For Med Dean

Year's Salary Would Surpass Chancellor's

The Board of Regents has proposed in its 1953-54 budget to pay the dean of the College of Medicine \$17,000 a year, which is \$1,000 more than is proposed for Chancellor Gustavson.

J. P. Tollman, dean of the College of Medicine, now receives a salary of \$12,000 and the Chancellor receives \$14,500. This means an increase of \$1,500 for the Chancellor and an increase of \$5,000 for Dean Tollman.

"I am certain," said Gustavson, "that the medical school needs to be strengthened and improved." He asserted that a very serious situation exists which must be met if the College of Medicine is to retain its accreditation with the American Medical Association. The Chancellor has made no public comment at this time in regard to the issue of salaries.

Governor Val Peterson stated that the wage proposals of the 1953-54 budget are "way out of line with those being paid some officials in the Statehouse who have jobs requiring the same amount of education, preparation, experience, and responsibility. He said, however, that the solution lies in raising the Statehouse salaries rather than in lowering those of the University faculty.

Salaries of other University faculty members were raised as high as \$1,100. Also provided in the budget was the salary of \$11,500 for a replacement for Dean of Faculties Carl Borgmann, who resigned to become president of the University of Vermont. Most of the duties of Dr. Borgmann have been assumed by Bruce N. Nicoll, Administrative Assistant to the Chancellor. Under proposed budget Nicoll's salary is to remain the same.

Scheduled wage increases include: Floyd Hoover, Director of Registration, \$6,400 to \$7,500; C.A. Donaldson, Director of Purchasing, \$6,600 to \$7,500; Earl Cline, legal counsel for the University, \$3,000 to \$4,000. Comptroller John K. Sellick would receive \$10,000 rather than his present salary of \$9,250. Dean of Student Affairs J. P. Colbert would receive a \$700 increase from \$9,000 to \$9,700. Marjorie Johnston, Dean of Women would be raised from \$5,400 to \$5,700.

All deans of colleges will receive an even \$1,000 raise except Tollman, W. E. Miltzer, Dean of the College of Arts and Sciences, and R. W. Goss, Dean of the Graduate College. Miltzer is scheduled for a \$700 increase and Goss \$725.

Professor Doretta Schlaphoff is the highest paid woman on the University staff. She now receives \$7,650 and the budget provides an increase to \$8,260. Marvel Baker, Associate Director of the Agriculture Extension Station, will receive, if the budget is adopted, \$9,700, an increase of \$1,000.

Dell States Importance Of Armament Reduction

In an exclusive Daily Nebraskan interview a Beatrice farmer explained why he wanted to represent Nebraska in the U. S. Senate.

An independent running by petition for the long-term; Dwight Dell said that the present philosophy of both major parties was based too much on fighting communism and not enough on hunting for justice.

His answer to this: a drastic reduction of armaments.

Dell's basic platform is formed around his contention that the present arms race will lead to nothing but war. He would like to have most of the foreign aid money transferred from arms to programs like Point 4.

He said that a reduction of Western arms would not leave this country open to attack by Russia because Stalin would not attack without sufficient infiltration.

Dell claims that the Reds need this infiltration into Western society before any aggression would be successful and his program would stop infiltration.

As one possibility for stopping this infiltration, Dell suggested a stronger United Nations. However he had no concrete suggestion to offer along this line.

He said that he had not studied the problem enough.

Dell said that he did not know enough about the labor situation

Dwight Dell, independent, running for the US Senate from Nebraska, will speak Oct. 22 at 8 p.m. in the Union ballroom. His speech will be open to the public.

SOLUTION SOUGHT

Card Section Draws Faculty Criticism

The card section at University football games came under fire this week from several faculty members. Don Noble, president of Innocents Society and Corn Cobs told Gamma Lambda band fraternity, Tuesday noon.

Gamma Lambda sponsors the card section and is in charge of designs and distribution of the cards.

Two criticisms were mentioned by Noble:

1. The card section seats are crowded with persons who do not belong in the section. Confusion and uneven designs are the results.
2. Students sitting in the card seats are careless and even unco-operative in raising their cards. Noble mentioned that last Saturday many students made sunshades out of the cards before the half-time show.

Although no action to improve the situation was taken at the meeting, a conference was suggested for representatives from Corn Cobs, Innocents and Gamma Lambda with George "Potsy" Clark, director of athletics, and A. J. Lewandowski, business manager of athletics.

Don L. Lentz, director of the University band, said that the reason for the confusion is that Gamma Lambda has no control over the 1,360 students who sit in the card section. Innocents, however, are in charge of approximately 500 of the students who sit in the large "N."

Lentz declared that in many larger schools students are contracted individually to sit in the card section. While he expressed doubt about the use of such a system at the University, Lentz did not definitely close the door to the possibility.

He suggested that perhaps

Fulbright Award

Applications for the Fulbright Award must be in by Oct. 31, announced Dean R. W. Goss. Students should make applications to Goss at 112 Social Sciences, preferably a week before the deadline. Graduate students or graduate study is eligible to apply.

require students receiving the award to affiliate themselves with some institution of higher learning in the country in which they are studying. Because the requirements for degrees are so different in foreign universities and the Fulbright Award is for one year only, study abroad should be considered as a chance for broadening the present education or as a chance to do research study.

The grants are made for one academic year and generally include round trip transportation, tuition, a living allowance, and a small amount for necessary books and equipment. All grants are made in foreign currencies. No allowance is made for dependents.

In addition to the open competition, there are two awards available in each state open to students completing work for their bachelor's degree in the spring of 1952 or completion of the first year of their graduate work at that time.

Students who would like further information should contact Dean R. W. Goss.

Major Korean Assault Begins

SEOUL, KOREA—In the biggest attack of the year, United Nations infantrymen captured one Communist-held mountain and waged a bloody battle for the second. Sniper ridge was captured by the Allies after a six-hour attack but still fought for the Chinese held Triangle hill. It was the biggest Allied assault since October 1951.

Snow Hits Panhandle

WESTERN NEBRASKA—Three inches of snow fell at Sidney Tuesday ending the drought in the Panhandle. In the first snowfall of the season Scottsbluff and Alliance each reported an inch. It was the first precipitation in some sections since Sept. 22. The snow was described as "wonderful" for winter wheat which the Nebraskans weekly weather and crop report termed "in very poor condition."

Pearson To Head UN
By Staff Writer

UNITED NATIONS, N.Y.—Canadian External Affairs Minister Lester B. Pearson has been elected president of the United Nations General Assembly. He received 51 votes on the secret balloting of the seventh annual Assembly.

President Luis Padilla Nervo of Mexico urged the Assembly to "return to the spirit which presided over the birth of the United Nations," in the opening address of the assembly. He endorsed the stand of American negotiators at Panmunjom against the forcible repatriation of prisoners of war.

"The division of the world into two halves—on the one side the classical democracies, and on the other the peoples' democracies—is the root of all our troubles," he said. "This state of affairs cannot last many years more. Mankind will not tolerate it. And the UN must actively seek the means to bring to it an immediate end if the UN is to be free of the menace of a dramatic disillusion which is undermining its very foundations."

Lewis To Back Stevenson
CINCINNATI—Labor leader John L. Lewis is ready to launch a personal campaign tour for Adlai Stevenson. He had lined up two speeches in West Virginia and awaits invitations from party leaders in others. It was the first time Lewis has campaigned for the Democratic party since he supported Roosevelt in 1936.

In a speech to the United Mine Workers convention, Lewis said Eisenhower is a "professional soldier... educated and trained in the arts of warfare at public expense" without "background of economic understanding."

Stevenson 'Unwise' With Nixon
EN ROUTE WITH NIXON—Sen. Richard Nixon has charged that Gov. Adlai Stevenson used unwise judgment in the Alger Hiss case and is blind to Communist threats. For these reasons, he said, Stevenson is unfit to be President.

"Let me emphasize there is not a question in my mind as to the loyalty of Mr. Stevenson, but the question is one as to his judgment and it is a very grave question," the Republican candidate for vice-president said. "The election of Mr. Stevenson would mean four more years of the same policy which has been so disastrous at home and disastrous abroad."

Nixon said he assumed the Communist danger still exists at home because the administration in covering up the Hiss case has not cleaned the Communists and fellow travelers out of the executive branch of government.

Buffett Visits With Taft
OMAHA—Rep. Howard Buffett said he had a "nice visit" with Sen. Robert Taft. The Nebraska congressman endorsed the Ohio senator in the pre-convention campaign. He has not yet indicated his support of Dwight D. Eisenhower, the Republican candidate. Buffett said the presidential campaign was discussed but "not directly."
