It's About Time

For the first time that this editor can remember, the All-University Party, commonly called the faction, is making an attempt to bring its political activities out into the open.

The Nebraska has continually quarrelled. An organization set up purely to keep the opposition out of office—and not to have any strong, worthwhile objective of its own seems inherently wrong to us.

Korean Pathos

Americans sometimes tend to forget it, but after 14 months of futile truce talks, there is still a war going on in Korea. Last week a battlefield dispatch by UP Correspondent Richard Applegate brought a stinging reminder:

"The Communist aggressor has been hurled back from South Korea. Thus, Korea has proved, once and for all, that the United Nations will resist aggression. We urge continued effort, by every honorable means, to bring about a fair and effective peace settlement in Korea in accordance with the principles of the United Nations charter."

A THOUGHT FROM THE FACULTY . . .

Mr. Secretary Visits NU Campus

Students and faculty may feel a bit flattered by the recent visit of US Secretary of Commerce Charles Sawyer to the University campus. Speaking at the Union to Economic, a College of Business Administration organization, the Secretary described the work of his department, voiced the reaction of businessmen he is contacting on his current trip, and discussed briefly the plans of his department to aid business when defense expenditures taper off.

Among other interesting utterances of the Secretary was the one criticizing the present organization of the Civil Service. This, he said, "seemed designed" to keep persons on the federal payrolls regardless of their abilities and made it difficult to reward good work.

Off Base . . .

I have read some stupid, insipid and ill-advised pieces in my life, but never anything as far off base as that editorial called, "What Do You Mean, So Long?"

Little Man on Campus By Bibler

From the point of view of Stevenson's high-level, intellectual campaign, it would seem that he would have a good deal of appeal for the college student.

Political Apathy . . .

I am amazed at the apathy and lethargy displayed by the student body in regard to political activities.

Reading in Book Nook Gives Relief From 'Monday Blues'

Well, today is blue Monday, as Mondays usually are. A good thing to do is drop in the Union book nook; just angle off to the left from the door to the Crib.

A STUDENT LOOKS TOWARD POLITICS—V

Farm Policy And Tidelands Oil

Farm Policy

A couple of farm policy experts got together the other day to debate the agricultural platform of the two major political parties. They didn't get very far.

Tidelands Oil

If there is a lack of disagreement over farm policy, the non-partisan generalities are compensated for by definite stands on the ownership of off-shore property.

Political Results

The Stevenson stand, until last week the only definite one to be taken by the presidential candidates, promises to create formidable political opposition to the Democratic slate.
