Study Reports Majority Begin **Drinking Habits Before College**

sity associate, four out of five college men who drink began their drinking before entering college with the same holding true for 65 per cent of the

The data secured from 27 colleges and 17,000 students further revealed that beer is the most frequently used beverage, but only 17 per cent of the women and 47 per cent of the men express a preference for it. Wine was preferred by more women than men, and 42 per cent of the college men preferred hard liquors - but only half that number could afford to pay for it.

The study reported that the probability of young persons drinking was greatly affected by the practices of their parents.

A professor at Turin University was recently arrested on charges that he sold 1,800 copies of the questions he was planning to ask on examinations before the exams were held.

President-Elect Eisenhower was named the "Man of the Year" in a poll conducted by the Editorial class at KU. Among other top personalities of 1952 chosen by the group were Sen. Joe McCarthy, John Foster Dulles, President Truman, Sen. Robert A. Taft, and one nonpolitical figure-Marilyn Monroe.

The election of Eisenhower was voted the top ers class, and a sport poll rated the U.S. triumph in ter of consent since the plaintiff has abided by 12 to obtain permission to take courses in ROTC, has received an answer from the helsinki Olympic games as the top sports and participated in the customs of the fraternity

It appears that everybody is making studies

According to a study made by a Yale Univer- and nothing is going unstudied. One is being made by the staff members of the student publican at Berkley to determine the amount of lipstick transferred during the length of a kiss.

Two mobile laboratories have been set up on the campus to carry on the investigation. After each experiment the lipstick is removed from the receiver to a white handkerchief and weighed. The research has thus far revealed that the resistance of a body decreases as the temperature of that body increases and that the most important variable in the transference is that of
