The Editor's door and the Letterip column are always open to you and we hope that you use both.

A newspaper is a peculiar animal. It is not something that an individual or a group of individuals can put out of themselves. If they expect their paper to be read and enjoyed, they must fill that paper with news their readers are interested in. We will endeavor to steer clear of pointing your paper straight at any single group on campus; we want a paper that will appeal to the engineer, the med student, the history major, the Greek, the Dorm man and the Barb with equal force. Anytime we seem to be sliping from that course it will be unintentionalbut still unforgivable. And here is where you come in. If, at anytime, you feel that we have gone off the deep end, please let us know.

The "It's the Rule" column will strive this semester to keep students in the know about rules in every phase of University life, Some of the information will be old stuff to those who have "dried behind the ears," but for new students it should help in adjustment to life at NU. For others, let's say the column is a "refresher course."

As a start, the column will deal with rules and regulations concerning closing and visiting hours at women's organized houses. For the first time at this Uni-

versity, second semester freshmen will have the same hours as upperclassmen on week nights-10:30 p.m. A quick rundown of hours on other nights shows; Friday, 12:30; Saturday, 1 a.m., and Sunday, 10:30. (Seniors may stay out until 11 p.m. Monday

through Thursday.) For University-sponsored func-tions, such as Coed Follies or basketball games, permission for later hours may be obtained from the housemother if necessary. A special permission slip must be filled out if functions not sponsored by the University last after closing hours.
