

# Progress Shown Recently On 10-Year Building Plan

### Improvements Include Theatre, Psych Institute New Dormitories, NU High School, Lyman Hall

Considerable progress in construction and planning is being made this year on the University's 10-year building program inaugurated in 1947, said Charles F. Fowler, director of buildings and grounds in an informal report Monday.

Work under way at present includes: 1. The \$350,000 remodeling project of the University Theatre and speech Laboratory, which is 65 per cent complete. The 375-seat theatre auditorium is not expected to be finished until after the target date of Feb. 1.

2. The \$1,500,000 Nebraska Psychiatric Institute, a co-operative project of the University Board of Control and Nebraska Hospital Advisory Committee. The Institute, located on the College of Medicine campus at Omaha, may be completed early in the winter of 1954.

3. The \$2,000,000 men's dormitories on the city campus. Construction work is now 12 per cent ahead of schedule, and heat is now available to allow work to continue throughout the winter.

Plans for the remainder of the 10-year program include:

1. A \$1,000,000 University High School, to be located on the north side of Vine Street. The plans include an auditorium and gymnasium as separate units.

2. \$600,000 ADDITION to Teachers College, which will house administrative agencies, and college classrooms on the third floor. Completion of the addition, requiring 20 months of construction, will clear the way for removal from the campus of three temporary buildings.

3. The new home for the College of Pharmacy, the \$600,000 Lyman Hall, still in the discussion stage. The structure, a three story building plus basement, may be located at the northeast corner of 17th and S. Lyman Hall will also house the department of bacteriology. At least 30 days of preliminary work remains before an architect could be asked for preliminary sketches.

4. THE DORMITORY project at the College of Agriculture, estimated at \$500,000. The project will include a 120-student men's dormitory and 60-student women's residence. Construction is expected as soon as details for revenue bond financing have been cleared.

5. A \$300,000 combination office and laboratory building at Scottsbluff Experiment Station. Preliminary sketches have been completed and the project may be ready for bids in November.

6. A College of Agriculture building for the new department of biochemistry and nutrition, which is still in the discussion stage. Also in discussion stage is a plan to provide an ROTC armory at the College.

FOWLER SAID the inclusion of the proposed Bishop Clarkson Hospital in the Medical Center development of the College of Medicine has necessitated a re-study of the basic construction plans of the College's long-range \$6,000,000 building program.

It will be done some time, Fowler said, before collections from the special levy for the Medical College program are sufficient to permit the letting of contracts.

## Steel Girders Go Up

In contrast to the clearing operations taking place behind the Union, construction on the new men's dormitories progresses rapidly. The construction is now 12 per cent ahead of schedule with the entire structure nearly enclosed so that heating may be supplied for construction throughout the winter.

The new dormitories are part of a 10-year building program inaugurated in 1947. The \$2,000,000 project is the largest scheduled for construction on the Lincoln campus. Another large building, University High School, will receive attention when bids for its construction are opened.

## Last Obstacle Moved

Last of the houses behind the Union is blocked up prior to being moved, completing clearing and filling operations necessary for additional student and faculty parking space. The house, not yet moved from the area, rests over the sidewalk (note lower right). University officials say the parking spaces will be covered with crushed rock in the near future.

## On The Social Side Summer Wedding Revealed; Two More Scheduled Soon

**MURPHY-MALEY**  
The summer wedding of Shirley Murphy to Bill Maley was revealed at the Sigma Kappa house Monday night. Shirley, Lincoln senior in Teachers College, is a member of Mortar Board. Bill attended Wesleyan University and now works in Lincoln. They were married June 13.

**BLACKWELL-SKALLA**  
Pi Phi Beverly Blackwell has announced her engagement and approaching marriage to Keith Skalla. Beverly, senior in Teachers College, is from Council Bluffs. Keith, former Delt president from Beatrice, is a University graduate. The couple will be married Oct. 9 in Council Bluffs.

**BARNES-OZENBERGER**  
A winter wedding has been planned by Terry Barnes and Larry Ozenberger, who announced their engagement the first week of school. Terry, Pi Phi, is an Ag College senior and comes from Holdrege. Larry, from St. Joseph, Mo., is a senior in Business Administration. The couple will be married Dec. 20.

**HARTWIG-MATZKE**  
Two Lincolnites, Dorothy Hartwig and Stan Matzke, have announced their early fall engagement. Dorothy, sophomore in Economics, is a member of Alpha Chi Omega. Stan, member of the University basketball team, is a junior in Ag College and a member of Farmhouse.

**BRENNEMAN-LAWTON**  
Another Lincoln couple who got engaged over the weekend is Joan Brennenman and Marvin Lawton. Joan, senior in Teachers College, is a member of Towne Club. Marvin, now attending graduate college, is in Pre-Med.

**Pinnings**  
**WILLIE-RYAN**  
A new D-G-Sigma Nu combination is that of Marlene Willie and Bob Ryan. Marlene, junior in Teachers College, is from Washington, D. C. Bob, a Lincolnite, is a junior Biz Ad.

**NAY-GLEASON**  
Theta Chi serenaded Terrace Hall Monday night in honor of the pinning of their president, Bernard Gleason, to Barbara Nay. Barbara, junior in Teachers College, is from Ord. Bernard, Teachers College sophomore, lives in Pacific Junction, Ia.

**Frank-Neef**  
Doris Frank and Bill Neef.

## Membership Open In Rodeo Club

Harry Stokely, president of the University Rodeo Club, has announced that any University student is eligible for membership in the club.

Men and women are both invited to attend the twice-monthly meetings if they are interested. The meetings are held the second and fourth Wednesdays of each month at 7:30 in the Ag Union.

One of the main functions of the club is sponsoring the rodeo each spring during Farmers Fair. Plans are now being made to obtain rodeo stock for next spring's celebration. It is also the job of the club to maintain the rodeo grounds.

## Honorary To Hold Banquet

### Frame To Speak To Phi Mu Epsilon

The Nebraska chapter of Phi Mu Epsilon, national mathematics honorary, will celebrate its 25th anniversary on campus with a banquet Wednesday, Oct. 14.

Following the banquet, Professor J. Sutherland Frame, head of the mathematics department at Michigan State College, will give a departmental lecture. Dr. M. A. Basco, chairman of the University mathematics department will introduce Frame, whose appearance is sponsored by the mathematics department.

THE LECTURE is at 8 p.m. in Room 315 of the Union. The topic for Frame's discussion is "Representation of Symmetric Groups." Interested students may attend the lecture.

The banquet will be held at 6 p.m. in the Union. Toastmistress will be Jean Davis, president of Pi Mu Epsilon. New members of the organization will be initiated by Frame. He will also give a short history of Pi Mu Epsilon.

PROFESSOR THEODORE Jorgensen, chairman of the physics department, will be guest of honor. Jorgensen served as the first president of the Nebraska chapter of Pi Mu Epsilon. Other charter members will also be present and honored guests will be introduced during the banquet.

Frame, Secretary - Treasurer General of Pi Mu Epsilon, is co-author of a Macmillan text, "General Mathematics," author of a McGraw-Hill text, "Solid Geometry," and has written about 40 articles which have appeared in mathematical journals, principally concerning the theory of finite groups.

Pi Lambda Theta Plans Coffee Hour Thursday  
Pi Lambda Theta, honorary for women in education, will have an informal coffee hour Thursday at 5 p.m. in the Faculty Lounge of the Union.
