### Union Crib Undergoes Renovation

#### Ballroom, Kitchen Receive Attention

Improved lighting and a new back bar for the Crib, a new floor and increased storage space for the Ballroom—these are only "the more obvious features" of the renovation work done at the Union during the past summer, says Duane E. Lake, Union managing director.

**REDECORATION** for the Crib was viewed as most necessary, Lake said, because of the Crib's popularity with the students. In addition to the back bar with its more modern design and the improvement in lighting, a new cashier's stand and showcase have been added to the furnishings.

According to Lake, when the increase in enrollment is sufficient to warrant the building of a Union annex, a new Crib will be located there.

**IN THE BALLROOM**, a new floor has been installed and underlaid with plywood for support. The false window on the west end has been replaced by French doors, behind which is a new storage and service room. New chairs have also been provided, at a cost of \$11,000.

Extensive reconditioning was also done in the kitchen. Several ovens were replaced, and additional ovens were provided. All cooking equipment is now stainless steel.

**FUTURE UNION** projects are equally extensive, Lake said. The major project will be a renovation of the Main Lounge, with division into smaller, more intimate areas and a more modern decor. Also planned is work on Parlors X, Y and Z, to harmonize with the new appearance of Parlors A, B and C, which have been recently upholstered.

### Union Talent Show Heads Announced

Committee chairmen for the Union talent show have been chosen.

Sharon Webb is in charge of the rehearsals and Patty Ellis will direct the program and publicity. Ralph Hayward will head the construction of the backdrop and Julie Beal the painting.

**THE SHOW**, sponsored by the Union general entertainment section, will be held Nov. 2 replacing the usual Sunday night Union movies. The theme and judges of the annual event will be announced in the Nebraskan.

#### Main Feature Clock

**Varsity:** "From Here To Eternity," 1:00, 3:07, 5:14, 7:21, 9:28.

**State:** "City That Never Sleeps," 2:52, 6:11, 9:30; "Sweethearts On Parade," 1:22, 4:11, 8:00.

## Graduate, Postdoctoral Fellowships Offered For Advance Study, Training

### Applications Being Accepted For 750 Awards

The National Science Foundation will award approximately 750 graduate and postdoctoral fellowships for study in the sciences for the 1954-1955 academic year.

The fellowships, offered in most scientific fields, are open only to citizens of the United States and are awarded solely on the basis of ability.

**STUDENTS** studying for masters' or doctoral degrees are eligible for graduate fellowships at the first, intermediate, or terminal year levels of graduate study. College seniors majoring in sciences who expect to

get their degrees during the 1953-1954 academic year may apply. Students who have received a doctoral degree or who can produce evidence of training in a field of science equivalent to a doctoral degree in science are eligible to apply for a postdoctoral fellowship.

Selection of predoctoral Fellows will be based on various test scores and recommendations. Postdoctoral students do not have to take the examinations. Scientists chosen by the National Academy of Sciences will evaluate the qualifications. Final selection will be made by

the National Science Foundation.

**ANNUAL STIPENDS** for predoctoral Fellows range from \$1400 to \$1800; that for postdoctoral Fellows is \$3400. Limited allowances for dependents, travel, tuition and certain required fees will be paid by the foundation. The fellowship lasts for one year.

Postdoctoral applications must be mailed to the Fellowship Office of the National Research Council by Dec. 15, 1953, and graduate applications by Jan. 4, 1954. Detailed information and application forms may be secured from the Fellowship Office, National Research Council, 2101 Constitution Avenue, N. W., Washington 25, D. C.

## Social Science Grants Available To Students

### Stipends To Assist Research

Fellowships and grants in social science research have been announced for 1954.

Applications are due by Jan. 4, 1954, at the Washington office of the Social Science Research Council, 726 Jackson Place, N.W., Washington 6, D. C. Circulars giving complete information can be obtained from Dean W. A. Millitzer of Arts and Science college. All awards are restricted to permanent residents of the United States or Canada.

**RESEARCH TRAINING** Fellowships are offered for advanced research training to graduate students who have fulfilled all Ph. D. requirements except the dissertation and to Ph. D.'s under 35 years of age who desire further training. The fellowship

committee will fix the granted amount, which may range from \$2,500 to \$3,500.

Available to college juniors nominated by faculty supervisors is the Undergraduate Research Stipend for supervised research during the summer preceding the senior year. The holders of this grant may be offered First-Year Graduate Study Fellowships at the end of their senior year. Candidates are to be nominated on promise and ability rather than previous training. The stipend will permit forty appointments annually in 1954 and 1955. Approximate grants are \$600 each for students and faculty supervisors.

**FACULTY RESEARCH** Fellowships will be awarded for three-year terms to young social science teachers. Selection will be on the basis of actual accomplishments demonstrated by significant research carried out after receiving the doctoral degree or its equivalent. One half of each appointee's salary in addition to \$1,000 per year will be granted.

Individuals working on their own research projects may receive financial help thru the Grants-in-Aid of Research Program. The program is available only to mature social scientists who are not candidates for academic degrees. Grants will not exceed \$1,500.

## Grads Given Study Grant Opportunities

Competition for Opportunity Fellowships is open to any citizen of the United States or territories who has shown ability but has not had an opportunity to develop his talents because of barriers such as race, background or region of business.

**CANDIDATES SHOULD** be between the ages of 22 and 35 and should have completed their general education.

Depending on the nature of the proposed project and the applicants' financial need, grants will range from \$3000 to \$5000.

Opportunity fellowships are available for training in fields such as journalism, industry, labor and the arts as well as academic study.

**APPLICATIONS MUST** be filed not later than Nov. 30. All communications must be sent to Opportunity Fellowships, John Hay Whitney Foundation, 30 Rockefeller Plaza, New York 20, N. Y.

Awards are made annually by a special committee, on the basis of written applications.

### University Buys Building

The Board of Regents of the University has purchased the Campus Inn 508 North 14 to be used presumably for expansion purposes. According to the University Purchasing Office, the sale price of the two-story building with approximately 85 feet frontage on North 14 Street was \$30,000. The building, owned by Mr. and Mrs. Earl U. Wood, now

## Library Staff Releases Semi-Monthly Book List

### Interest, Subject Material Broad

By VERNON HALL Staff Writer

Love library's staff has submitted its semi-monthly book list which again contains material ranging widely in interest and subject matter.

Both sides of the question which gave the Republican Party a foothold in the South is reviewed in Ernest Bartley's "The Tideland Oil Controversy." Mirra Komarovsky takes up an old subject in a new way in writing about "Women in the Modern World."

**SOMETHING** useful for the campus leader is discussed in Joseph Glass's book "How to Plan Meetings and Be a Successful Chairman."

One of the fastest growing problems in the United States and the western world with the emphasis on a better understanding and a possible solution of the problem of the aged is discussed by Albany in "Enriching the Years."

"Round the World on a Postage Stamp," tells about one of the few successful world organ-

izations. The book is written by UNESCO.

**ANOTHER** controversial subject, that of administration of criminal law and its agencies and legal proceedings connected with law enforcement, is contained in "The Administration of Criminal Law," by Ernst Puttkammer.

## NU Council To Sponsor Discussion

### Panel To Probe 'Love Feelings'

"Love Feelings and Their Limitations" is the title of the first in a series of panel discussions and lectures sponsored by the Student Council.

These discussions will be held in Love Library Auditorium Wednesday at 7:30 p.m.

**DR. KENNETH** Cannon, instructor of marriage and home relationships, home economics 191, will be the speaker at the first meeting. He will deliver a short lecture and then students will take over and open the discussion to the assembly. Bill Cannon, campus improvements committee member, said the success of this first discussion will determine whether or not the lectures will continue.

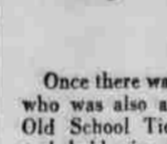

### Formal Pledging Date Set By Fraternity

A formal fall pledging will be held by Alpha Kappa Psi, professional fraternity in business Wednesday at 7:30 p.m.

Home Kenison, Master of Rituals, will be in charge of ceremonies. Pledges must have a 5.5 weighted average and be enrolled in the College of Business Administration.

## The case of the Unapproachable Alumnus

OR... How do you get that gift horse to open his mouth?

Once there was a Wealthy Alumnus who was also a Soft Touch. Tie an Old School Tie around your neck and he'd give you his shirt to go with it.

One day he realized that this habit of always saying "Yes" to the Big Question was costing him a Pretty Penny. So he became a Hard Man to Get To. Letters, phone calls and personal visits all encountered a secretary with a face like a flint and a 4-word vocabulary. ("He's out of town.")

This was Rough on the Old School, but nobody had a solution—until the football coach, a Brain in his own right, came up with a Magnificent but Simple Idea. He dashed down to the Western Union office and dis-

patched a Telegram saturated with Old School Spirit and dedicated to the theme that unless some Noble Soul came through pronto, the eleven would be playing barefoot and jersey-less.

The ice jam was broken. A Fat Check arrived the next day. Today things are back on a Normal Financial Basis.

There's nothing more practical than using Telegrams to Hurdle Barriers and get to the Guy (or the Gal) you want to talk to. When you want something... Cash from Home, a Date with a Dreamboat, an Interview with the Man who does the Hiring... it pays to Make your Bid via Western Union.
