

# Shooting At Sports Board Of Regents Okay Grants-In-Aid Program

By GARY FRANSDEN Sports Editor

The University of Nebraska's publicity-packed athletic situation in many respects has been caught in the middle of a whirlpool the last few months. Everything and everyone has been going around and around with nothing being quite done on the whole situation.

On Wednesday the menacing whirlpool was slowed down somewhat as several definite policies pertaining to the future of Cornhusker athletics chiefly involving football, were laid down and officially approved by the Board of Regents.

Probably the most important accomplishment which came out of Wednesday's session was the adoption of a new grants-in-aid program to provide for aid for 109 athletes at a cost of approximately \$89,100 a year.

This should have been done several years ago. The Huskers have long rested on the bottom of that department in the Big Seven Conference. The old grants-in-aid plan has long been out-moded especially connected with football. As the policy continued to remain the same, athletes, who might ordinarily go to Nebraska, were going everywhere but there.

**THE LONG-needed** new plan simply is this: There will now be 74 football grants-in-aid instead of usual 55. This is a noticeable increase of 24 which brings Nebraska "a little above the middle bracket" in comparison with other Big Seven schools.

Other sports have been affected by the new policy. It provides for 20 in basketball, 12 in track and three in baseball. No provision for aid in such sports as swimming, gymnastics, wrestling, tennis or golf is included in the new setup at present. The new system has junked the old "job" setup. Present plans call for \$60,000 of the proposed \$89,100 to come from the athletic department with the rest from friends of the University.

Coach Bill Glassford has previously stated that requirements for a grant-in-aid at the Cornhusker institution will coincide with Big Seven rules.

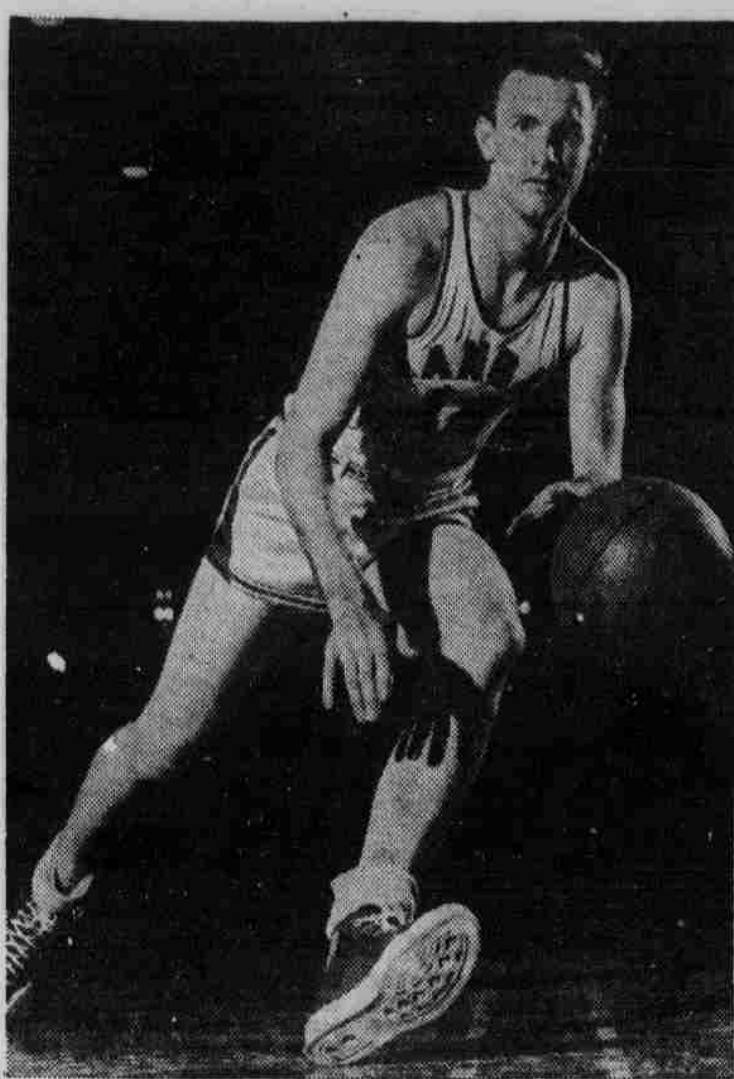

**THUS A** potential football player or any athlete involved in a grant-in-aid must rank in the upper two-thirds of his graduating class or if he fails to qualify on this requirement, he can take University placement tests and providing he falls in the upper 50% of this group, he is eligible for a grant-in-aid.

All football grants-in-aid will be recommended by Glassford after a detailed screening process. For final approval they will go to the Committee on General Scholarship Awards. To hold the grant-in-aid an athlete must maintain the University standards for eligibility.

**THERE WAS** other action Wednesday. The Board of Regents officially okayed their support of Coach Glassford, approved contract renewals of John Bentley, publicity director; L. F. Klein, assistant director and concessions manager; Ike Hanscom, assistant coach; Bob Davis, backfield coach; and Ray Prochaska, end coach; and also approved the temporary assignment of A. J. Lewandowski as athletic director.

The adoption of the new grants-in-aid policy at Nebraska is a step in the right direction toward getting the Huskers back on the road to the top, a position they once enjoyed and can again in time.

Next on the agenda should be the selecting of a permanent athletic director, the gentleman who will have much to say on how soon Nebraska football reaches its pre-war peak. The wheels are now in motion thanks to Wednesday's long-awaited action.

## Sophomore Flash

The Huskers will be seeing outstanding sophomore performers in the area and is currently among the top 15 scorers in the Big Seven Conference. Dobbs stands at 5-11 and weighs 165 lbs.

## ATOs Third

# Sig Eps, Phi Delt On Top Of I-M Basketball Ratings

Two consistently strong teams, Sigma Phi Epsilon and Phi Delta Theta, shot into a tie for first place in the Fraternity A and All-University standings Thursday. Each sports an 8-0 record in their respective leagues.

The Sig Eps, the scourge of League I, have moved all opposition in the first round of play and enter the second canto with a good chance to go all the way. Their top games have been against the ATOs, whom they beat 35-34 and the Deltas in a 34-32 battle.

The Phi Delt, the frontrunner of League II, have burned up the league with high scores in four of their games. Three of these scoring sprees were against weak opposition, but their most decisive win was over a strong Theta Xi team 58-48.

In third place the ATOs look to be one of the top contenders for the crown this season. They have lost only to the Sig Eps and have run past all other opposition except the sixth place Sigma Chi who came within one point.

**THE DUBBERS** and Ag Jokers hold down fourth and fifth places respectively, and have 9-0 and 8-0 records to remain the class of the Independent leagues.

Sigma Chi stands alone in sixth place and even though they have three losses, their play against the Sig Eps and ATOs and their wins over some

# Kansas, Huskers Collide Saturday

## Good's Club Needs Victory Badly To Stay In Big Seven Title Chase

Saturday night will be one of reckoning for Coach Harry Good's University of Nebraska basketball team. A win over their rugged foe, the Kansas Jayhawks, is a "must" if the Huskers want to stay in the thick of the scramble for Big Seven honors.

Nebraska is currently resting in third place with a 4-2 while Dr. Phog Allen's Jayhawks are settled in second on a 5-1 mark, having losing only to surprising Colorado, a team that knocked the Huskers off 75-67 in Lincoln Monday night.

The first-place Buffs are idle Saturday, but swing back into their bid for their first Big Seven basketball title with a Monday night skirmish with Iowa State. Other Saturday action includes the Cyclones at Kansas State and two non-conference games, Houston at Missouri and Oklahoma at Oklahoma A&M.

Good will probably start the usual five in an attempt to get the Scarlet back in winning style after two straight setbacks. This means Don Weber and Willard Fagler at the forwards, Bill Johnson at center and Charlie Smith and Fred Seger at the guards.

The Jayhawks will open with Harold Patterson and Larry Davenport at the forwards, big B. H. Born at center and Allen Kelley and sophomore Dallas Dobbs at the guards.

## NU Mermen Busy Friday, Saturday

Coach Hollis Lepley's University of Nebraska swimmers hit the pool for two home dual meets this weekend. The first is this afternoon at 3 p.m. when they entertain Colorado and Kansas.

Saturday afternoon the Husker mermen take on the Jayhawks again beginning at 2 p.m.

Several varsity marks were broken in their recent loss to Iowa State. The medley relay team of Lloyd Reed, Dick Hildek and Gordon Peterson swam the distance in 3:11.4 to better the varsity mark of Fenton-King-Draper in 1948 of 3:14.5.

Cal Bentz also broke two Nebraska records in the 120-yard individual medley and the 440-yard freestyle. Bentz swam the former in 1:16.8 to break Buele Balderson's mark of 1:17.6 and covered the latter in 5:09.4 to erase the 5:15.4 record set by Jim Pixley in 1935.

Going into the weekend meets Bentz is the top scorer with 32 points. Sophomore Dick Hill is second with 18 followed by Dick Hildek, 17; Lloyd Reed, 15; David Gradwohl, 11; and Gordon Peterson, 8.

Other scorers include George Gohde, Jack Trabert, Bob Sandstedt and John Lightle.

## Freshmen Meet Varsity Saturday

The University of Nebraska varsity track and field squad will tangle with the Freshmen in an indoor track meet Saturday.

Starting time for the affair is 2 p.m. on the indoor layout beneath the East Stadium.

Thus far this season Coach Ed Weir's varsity has whipped Minnesota while dropping meets to Iowa State and Kansas State.

## Husker Star

This is Tom Kidd, one of the top performers for Jake Geier's University of Nebraska gymnastics squad. In last week's meet, Co-Captain Kidd

was the leading scorer with three firsts. The undefeated Huskers go against the University of Colorado in their next meet which is this Saturday.

## Regents Hear Report On Use Of Novocain

The Board of Regents took steps Wednesday to clear up controversy over the use of novocain for University athletes as charged by an editorial in an Alliance newspaper.

The board received a full report from Dr. S. I. Fuening, director of the University Health Service, explaining the program for the care of athletic injuries and the policy as to the use of novocain.

The report stated that the medical department has condemned the administration of novocain by individuals other than physicians and that it has never authorized the use of novocain to get an athlete back to the game after an acute injury.

The report also said that the Health Service was convinced that if any unauthorized injections of novocain were given, they were administered over two years ago by a trainer who is no longer with the University.

The Regents appointed a committee of four to pass on the reports to the editor of the Alliance paper, Gene Kemper, to determine if he still desired a hearing.

"Mamma, what's a second story man?"

"Your father. If you don't believe the first story he always has a second."

## CC Board Filings To End Friday

Filings for positions on the Coed Counselor Board must be in by Friday at 5 p.m. Coeds may file in Ellen Smith Hall and Ag Union.

Positions are open for six sophomores, eight juniors and two seniors.

Coeds wishing to file must carry a minimum of 12 credit hours and have a weighted average of 5.7.

The interviews will be held Friday and Saturday. Any one who can not be interviewed on one of those days should contact Marilyn Erwin, telephone number 5-6887 or 2-1174.

# OPPORTUNITIES in BUSINESS

How College Students Can Get More Information long before they graduate—and at no cost—through this newly developed NAS career plan

If you're like most college students, you probably haven't made up your mind what you're going to do after graduation. There's no more reliable source of advice than your own College Placement Bureau.

To further clarify your thinking, to help you decide where your particular skills will find the greatest opportunities by comparing one field against another, NAS has opened the way for you to secure first hand information from leading companies in the fields that interest you most.

NAS can do this because, as advertising representatives of more than 700 college newspapers, we are in daily contact with many of the most important and progressive companies in America. These companies not only constantly seek college-trained men and women, but often plan far ahead in competing with one another for the most promising prospects.

So, you see, this new NAS career plan is a service both to college students and business leaders. Here's how it works:

The coupon below indicates the fields in which the greatest opportunities exist today. You check those that interest you as a possible career. We'll do our best to see that your inquiry is referred to one or more of the leading companies in those fields. Of course, we can't guarantee a response. We're merely volunteering our services as a link between the campus and the business world. But in many cases you'll hear directly from leading companies in the fields you've chosen.

Their information should first of all give you a practical, down-to-earth picture of what the industry itself offers in the way of a career. Secondly, at the company level, it may include valuable facts and figures about working conditions, pay, and chances for promotion. Finally, filling in this coupon may even lead to job offers that would otherwise never have come your way.

So act now. If you're a junior, or even a sophomore, it's not too soon to join the seniors in considering a business career. The sooner you start, the more information you collect, the better your chances to find the right job after college.
