who have confidence in their ability to sell season tickets."
"We were of the opinion that the plan offered to you was sound and reasonable. . . we must either sell season tickets by our own organization, or place the responsibility in the hands of a group who have confidence in their ability to sell the season tickets."

"I advise the Kosmet Klub to make plans for the production of their 1955 Spring Show without relying on directorial and technical assistance of the University Theater staff."
CONCERNING THE situation in general, Anderson said, "I am sorry Kosmet Klub and the University Theater had to terminate their relationship but the Kosmet Klub, as a service organization, would not benefit by the unfair proposals that the University Theater offered."
Tom Miller, past business manager, said, "The concessions Kosmet Klub desired were fair to both parties for University Theater's five shows were still backed, and yet Kosmet Klub was not financially obligated to the impossible amount of \$7,500."
"I think the theater's proposal," Kushner said, "was ridiculous and reflects unsound thinking and immaturity on the part of its authors. Kosmet Klub attempted to submit a fair and reasonable compromise, but the attitude of the theater was one of stubbornness and unwillingness to compromise."

QUESTION:
What makes a
Lucky taste better?

ANSWER:
"IT'S TOASTED"
to taste better!

No question about it, Luckies taste better to thousands of college smokers.
No question about the reasons why Luckies taste better, either. Today, nearly everybody knows L.S./M.F.T.—Lucky Strike means fine tobacco. And that fine tobacco is toasted to taste better.
"It's Toasted"—the famous Lucky Strike process—brings Luckies' tobacco to its peak of flavor . . . tones up this light, mild, good-tasting tobacco to make it taste even better.
So enjoy better taste in your cigarette. Be Happy—Go Lucky!

Luckies taste better

Italy To Offer Six Fellowships

Grants Awarded By Government; Stipend, Tuition, Passage Included

Six fellowships for study in Italy have been offered to American graduate students by the Italian Government, Kenneth Holland, president of the Institute of International Education, announced.
The Italian Embassy in Washington has offered \$500 to successful candidates to be used for round-trip travel on an Italian ship or plane.

CANDIDATES MUST BE U.S. citizens, preferably under 35 years of age. Preference will be given to candidates who apply from the U.S. and have not had previous study in Italy. Applicants must have a master's degree or the equivalent in advanced work. They must submit a project for advanced study or research and must demonstrate capacity for independent study. Men or women in any field of study may apply.

The awards, made available through the Cultural Relations Office of the Ministry of Foreign Affairs, are for a minimum period of six months between October 1954 and July 1955. Closing date for application is July 1, 1954.

The Institute's United States student department is administering the fellowships, which are keeping with an emphasis on Italo-American exchange.

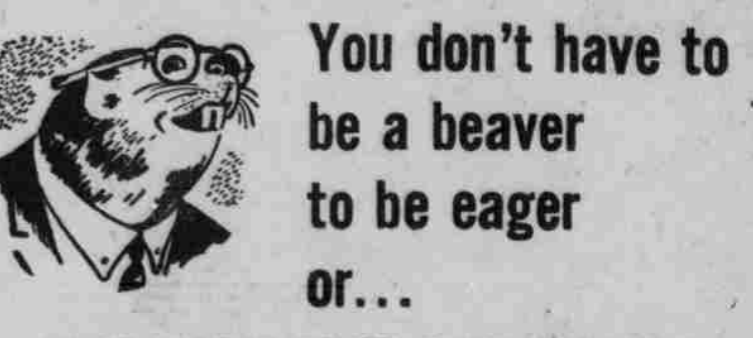

EACH ITALIAN Government grant bears a stipend of 600,000 lire (approximately \$970). Free tuition will be given at a school or university for an entire academic year. Candidates in the musical field will be given extra funds for private lessons. A small stipend is also provided for travel inside Italy.

Although a knowledge of Italian is not required at the time of application, successful candidates are required to learn some Italian before taking up their fellowships. Free tuition will be given persons who wish to attend the summer orientation course held especially for foreigners, at the University of Perugia.

MUST VIRTUE BE ITS OWN REWARD?
Once there was a Junior who devoted most of his time and energies to Social Pursuits, with correspondingly little emphasis on the Curriculum in the Catalog. Consequently, while he was Right Up There socially, academically he was close to the Point of No Return.

Topping it off was an Irate Ultimatum from the Male Parent, warning that his next acquisition had better be either a List of Passing Grades or a Social Security Card. All Our Boy could foresee was a lifetime at Hard Labor, unless Something Drastic happened.
So he made it happen. Invested heavily in benzedrine and black coffee and lined up three super-skull Tutors. Night and day he sweated it out—and wound up with Remarkably Respectable Grades. First thing he did, naturally, was to consult his Trusty Telegrammar. (What—you haven't got

a Telegrammar? Just drop a line to Room 1727, Western Union, 60 Hudson St., New York City and get a copy of this bright and breezy little guide, for free.) On its advice, he called Western Union and flashed the Joyous Tidings homebound by Telegram.
The Reaction came an hour later, A-Telegraphic Money Order for \$500, plus a message that read: "Delighted at your confounding the Prophets, including myself. Hope you will join me on two-month European trip, expenses paid, starting June 20th." Signed, POP.
Moral? When you've got good news to impart, strike while the Item is Hot—by Telegram! It adds weight, as well as wings, to Your Words. In any kind of Communique, from Date Talk to Dream Talk to Job Talk, you'll get farther, faster, when you use the Yellow Blank Telegrammar. (What—you haven't got
