The award is named for O. J. Ferguson, past dean of the College of Engineering and Architecture and present dean emeritus. Ferguson, dean until 1945, lives in Lincoln. Ferguson Hall, new electrical engineering building, was named in his honor.

Roy M. Green, dean of the College of Engineering and Architecture, made the presentation of the award. Last year's winner was Bob Peterson, who is currently employed by a local construction firm.

Activities Limitation

Snyder Expresses Dislike Of SC Plan

General disapproval of the Student Council's plans to limit activities was expressed by Helen Snyder, assistant dean of women in a YWCA question and answer session.

Limitation is unnecessary because no student is going to dominate the campus activity scene unless the student body allows them to or votes them into office, Miss Snyder said.

The plan overlooks the principle of individual differences such as stamina and the basic difference in goals of people working in activities, she said.

The actual problem lies in encouraging activities and not in limiting their choice of leadership, Miss Snyder added.

Miss Snyder expressed confidence in the principles of the plan, goal of the activity, campus and individual, but disagreed with their application.

"It is beyond human ability to weigh activities properly as to which should be included and which left out according to their campus significance," she said.

No student has such a complete knowledge of all activities she said.

The Outside World Talks Hit Snag

The Russians threw a snag into negotiations for an Austrian state treaty, Tuesday, when they demanded permission to retake some 26,000 Iron Curtain refugees in Austria.

The permission is contained in "article 16" which is currently being debated between ambassadors of the Big Four powers in Vienna. Monday the ambassadors approved the first fifteen articles of the proposed treaty, including one providing for Austria's re-establishment as a "sovereign, independent and democratic state."

The United States is reported against article 16, and the issue is expected to become the thorniest point in the conference.

French Support Rumored

French officials are reported to have joined the United States in supporting the government of Premier Ngo Dinh Diem in South Viet Nam. Diem's government has had the continued support of the United States, but the French have been backing that of ex-emperor Bao Dai, who has tried to depose Diem.

The French had blamed Diem for plunging his country into civil war and clinging to a government which did not represent the people. However, French government sources report that France is now ready to "sacrifice" Bao Dai if his removal would lead to stability.

Pulitzer Winners Named

Three famous writers were recipients of 1955 Pulitzer Prize awards. Novelist William Faulkner received the prize for fiction with his allegorical novel, "A Fable." The drama award went to Tennessee Williams for his "Cat on a Hot Tin Roof," a play dealing with the dissolution of a Mississippi Delta family.

Gian-Carlo Menotti received the music award for his new opera, "The Saint of Bleeker Street," dealing with religion and Greenwich Village life. The prizes are all \$500 each.

Summary Of Year

Innocents To Tackle 13 Junior Men On Ivy Day

Stromer, Barker, Dutton, Friedman, Knobel, Novotny, Raun, Rasdal

Thirteen juniors in University activities will bite the dust Saturday afternoon when the Innocents Society tackles its successors. On Ivy Day the scarlet-hooded Innocents will reveal next year's campus leaders.

The secret senior society helps with homecoming, football games and New Student Week. It has combined with other Big Seven senior honoraries to set up a men's senior policy group.

Campus Tears

This school year Innocents worked with Mortar Boards, the senior women's honorary, in directing members of the State government on campus tours. They did much of the promotion work for Parent's Day, held during a home football game.

They have also joined with Mortar Boards in setting up Ivy Day. Each year they present three scholarship-activities trophies to organized men's houses outstanding in these fields. The man and woman who have the highest cumulative average for four years at the University receive special Innocents trophies.

Perhaps their most pleasant task of the year is the selection of the six Nebraska Sweetheart finalists who are presented at the Kosmet Klub Fall Revue.

During Homecoming Innocents sponsor and supervise decorations of organized houses. They judge the displays and award trophies to the top three participants in the women's and men's divisions.

During New Student Week Innocents sell freshman beanie and usher and speak at convocations. This year's Innocents ushered at home football games, helped plan Boys State and participated in half time ceremonies at football games. Members were awarded Admirals in the Nebraska Navy.

Marv Stromer is this year's president; Junior Knobel, vice-

president; Len Barker, secretary, and Walt Wright, treasurer. Other members are Tom Woodward, Dan Rasdal, Doran Jacobs, Art Raun, Brock Dutton, Bill Devries, Don Novotny and Marv Friedman.
