

While conducting a tour for the second grade of Bancroft School through the offices of The Nebraskan, Managing Editor Sam Jensen asked casually what the name of the paper was. Immediately one of the small tots raised his hand and shouted out with confidence, "The Lincoln Star."

The spring weather we have been enjoying is due to leave Nebraska Friday to make way for considerably colder temperatures. The high is expected to reach only into the 20's.

Council: Report Advises Tribunal

A student tribunal with jurisdiction over discipline, morals and scholarship was recommended for study to the Student Council Wednesday afternoon by Marvin Breslow, CCRC representative.

Sam Van Pelt, John Fagan and Breslow brought back the recommendation from the Big Seven

Colbert Queried About Tribunal

When interviewed by a Nebraskan reporter in regard to the proposed student tribunal, Dean of Student Affairs J. P. Colbert said that there are areas such as conduct and scholarship in which students couldn't and probably wouldn't want to function.

He said he feels that it is quite possible for students to have a greater voice in student government and student affairs if they would accept the responsibility.

Breslow, one of three council members who attended a Student Government conference recently, pointed out that four schools, Iowa, Colorado, Kansas State and Oklahoma have successful student governments with extensive powers including expulsion.

"In these schools the student tribunals hear appeals on all matters of student discipline, including scholarship and other student actions," he reported.

Student Government Conference Held in Kansas City, Dec. 27 to 29

Kansas State, Oklahoma, Iowa State and Colorado, Breslow's report said, all have student tribunals which are composed entirely of students, as at Colorado, or of a student majority.

These bodies have at least appellate jurisdiction over all student matters from action taken by their office of student affairs. Some have the power of original jurisdiction, with students choosing whether to go before the dean of the tribunal for original discipline.

"One impression," Breslow's report said, "that we received has remained most important in our concept of student government, is that students, although they do not have the power to act in all affairs, do have the right to question and recommend on all matters that concern their welfare and education."

"At Nebraska, in comparison with our neighbor schools, we have been given and have exercised a minimum function in areas that do concern our welfare and education."

"Therefore, it is our recommendation that, at least in one area, immediate action should be taken, and that a committee be immediately appointed to consider and bring proposals on the establishment of a student tribunal at the University."

Filings Open To Freshmen On Nebraskan

Freshmen and transfer students may apply for staff positions on the Nebraskan and Cornhusker, Marvin Breslow, Pub Board member, told the Student Council in his report.

Although freshmen and transfer students do not have credit at the University, they may apply for staff positions the Board decided. Breslow said that the Board also discussed its policies on standards for applicants to positions on the publications. Interviews for the Nebraskan staff will be Jan. 19.

The Pub Board authorized the payment of \$3500 to the Burnhart Press as a partial payment for the Cornhusker. Ken Keller gave an oral and written report concerning the trip to the National Intercollegiate Press Meeting.

A request by the Nebraskan to be allowed to donate \$100 to the AUF in lieu of its customary donation of a page was denied. It was the opinion of the Board that since the Nebraskan was subsidized by a tax on all students, the Board should not authorize donations, Breslow said.

Builders Interviews

Interviews for Builders board positions will be held Saturday from 9 a.m. to late afternoon in Room 313, Dottie Novotny, publicity chairman, announced.

Not Even In Texas

Maybe he doesn't have any particular "beef" but even a Texan like Master Sergeant Robert Ballard, instructor in ROTC, has to come to Nebraska to get an official "Beef State" license plate. It might be that's his beef.

In any event, license plates like this are now officially in fashion for all Nebraska cars — even for former Texans.

Nominations Increase: Weaver, Breckenridge, Oberlin, Clark Named For Outstanding Nebraskan

Nominations for the Outstanding Nebraskan award have increased to ten with the addition of two students and two faculty members.

New nominees are Dr. Harry Weaver, associate professor of botany; Dr. Adam Breckenridge, former chairman of the political science department and Dean of Faculties; Bob Oberlin, senior in engineering, and Barbara Clark, senior in Arts and Sciences.

Other nominees are Sharon Mangold, John Gourlay, Glenna Berry, Gail Katskee, seniors in Arts and Sciences, Dr. Arthur Westbrook, professor of music and Ray Morgan, assistant professor of journalism.

Weaver, the letter of nomination said, is outstanding in his loyalty and sincere interest in the various student organizations he has sponsored.

His personality is characterized by his friendliness, his modesty, and his unassuming manner, it said.

Weaver has served as advisor to the Interfraternity Council, Kosmet Klub and the Innocents society.

According to the letter nominating Bob Oberlin, he is a man of good character, a student of more than fair ability with ambitious purposes, and has a congenial disposition, a high sense of honor, and a deep sense of personal responsibility.

Oberlin is past vice president of N Club, a Most Eligible Bachelor, three-year football letterman and Scholastic All-America, for three years, a member of Sigma

and president of Sigma Chi. Breckenridge, said the letter nominating him, came to the University in 1946 and has had a steady succession of positions in which he has served the University with a great degree of success.

His career began here as a professor of political science; in 1955 he was named chairman of the department and made a full professor. He is now Dean of Faculties. This advance, said the letter nominating Miss Clark, stated that although she deserves recognition for her campus work, it is her friendliness and consideration for all the students on the campus which mark her as an exceptional person.

She is president of Red Cross, corresponding secretary of Student Council, a member of Tassels, Mortar Board, Gamma Alpha Chi, Alpha Epsilon Rho and Kappa Delta.

Outstanding Nebraskans for last semester were Marv Stromer, 1955 graduate, and Dr. Cliff Hamilton, former chairman of the department of chemistry and chemical engineering.

Other nominations for the award should be sent to The Nebraskan office in letter form. The letter must be signed, though the name of the person making the nomination will be kept confidential.

Deadline for nominations in Jan. 18. The Nebraskan staff will select one student and one faculty member for the title.

Fraternities: Prejudice Debate Skips University

Debate over fraternity discrimination clauses, now being discussed on many of the nation's campuses, has apparently not yet affected the University, a Lincoln Journal story said Thursday.

Frank Hallgren, Associate Dean for Men, said the University has no policy governing the restrictive clauses of social organizations.

Student Council, however has a constitutional clause forbidding discriminatory practices by honoraries and other organizations under its jurisdiction, he said.

No formal complaint against fraternity discrimination has been lodged since the arrival of Chancellor Clifford Hardin.

A legal basis for outlawing fraternity discrimination clauses is found in the 1954 Supreme Court ruling assuring public institutions the right to define the policies that govern fraternal groups on their campuses.

Recent publications have stated that Sigma Phi Epsilon, Sigma Nu, Sigma Chi, Kappa Sigma and Theta Chi have discrimination clauses. Acacia, a college Masonic fraternity, has certain religious requirements in its constitution, according to the story.

Pi Kappa Phi has discriminatory restrictions in its ritual and Phi Delta Theta is in the process of eliminating their discriminatory restrictions through convention amendments, the story said.

The principal argument used by those favoring elimination of discriminatory clauses in national fraternal constitutions is that local chapters are not allowed to choose their own membership, according to the Lincoln paper.

Undergraduate polls, taken by Elmo Roper, indicate that racial and religious restrictions would disappear if the matter were left to the discretion of local chapters, the story reported.

Committee To Plan Spring Day

Plans for an All-University Spring Day are being formulated by a special committee of the Student Council, Don Beck, chairman of the committee, announced.

The committee has been meeting Wednesdays at noon in Parlor B of the Union. Plans for the Spring Day are indefinite as yet, but events being considered are a dance with a name band, a pancake feed and contests and games, Beck said.

The Spring Day would probably be held on City Campus, he said.

"Any students interested in sitting in on this committee or who may have suggestions to offer are invited to come to the committee meetings Wednesday noons," Beck said.

Second Semester: Committee Announces Registration Schedule

Registration for the second semester for all undergraduate students now in school will be held Jan. 16-19 at the Military and Naval Building, Mrs. Irma Laase, of the Office of Registration and Records, announced.

Students should see their advisors and have their worksheets made out before this time, she said.

The tentative schedule for registration is as follows:

Monday, Jan. 16, at 9 a.m., registration will begin with students having 100 or more hours on record as of Sept. 1, 1955. At 10 a.m. students with 95 hours may register; 1 p.m., 90 hours; 2 p.m., 80 hours, and 3 p.m., 75 hours.

Tuesday, January 17, 8 a.m. registration will begin with students with 65 hours; 9 a.m., 60 hours; 10 a.m., 55 hours; 1 p.m., 50 hours; 2 p.m., 45 hours, 3 p.m., 40 hours.

Wednesday, Jan. 18, 8 a.m. registration will begin with 30 hours; 9 a.m., 25 hours; 10 a.m., 15 hours.

At 1 p.m., students with any hours on record may register. At 2 p.m. students with numbers below 200 may register; at 3 p.m., numbers below 500. On Jan. 19, at 8 a.m., students with numbers below 700; at 9 a.m., below 900; 10 a.m., numbers below 1100; 1 p.m., below 1300, 2 p.m., below 1500, and at 3 p.m., all students can register.

If at any time, the number of students wanting to register at a given hour becomes too great to handle, the assignment committee may change this schedule, Mrs. Laase said.

Students who do not register within their hours are reached may expect to find the sections they wish closed, she said.

Hours will be posted in front of the Military and Naval Science Building, the Regent's Bookstore and on the Agricultural campus at the College Activities Buildings.

Junior Division students with no hours on record as of Sept. 1, 1955, will register according to assignment number, she said. Numbers will be issued at the Military and Naval Science Building, Jan. 11, 12, and 13, from 7:30 a.m. until 5 p.m., she said.

The numbers will be divided into three groups, so students coming on each of the three days will get approximately the same numbers. Students with last names beginning with the letters, A to G will get numbers on Wednesday, Jan. 11; H to Z on Thursday, Jan. 12; O to Z on Friday, Jan. 13. Students must present their I.D. cards to secure a number, she said.

All students not in Junior Division must have a copy of the worksheet, which their advisor made out and signed, with them when they come to the Military and Naval Science Building to register or they cannot be admitted, she said.

Advisors or deans will not send the worksheet to the Assignment Committee, Mrs. Laase said.

Junior Division students, however, leave their worksheets with their advisors, who send two copies of the worksheet to the Junior Division office, where they are processed. The Junior Division will bring these worksheets to the Military and Naval Science Building, beginning at 1 p.m. Tuesday, Jan. 17, and there will give them to Junior Division students when their number of hours or assignment number entitles them to register, she said.

Any Junior Division student whose hours come up before Tuesday afternoon will have to go to the Junior Division office in Temporary A to get their worksheets.

All worksheets, except students in Arts and Sciences carrying from 12 to 17 hours and Teachers College students carrying from 12 to 18 hours, must have the signature of the dean of the college in which the student is registered. Special permission of deans is needed before students will be allowed to register for less than 12 hours, or

Kreissman: Pilot Course To Explain Library Use

Bernard Kreissman, Assistant Director of the Library for Humanities, announced Thursday that in answer to student requests and an article in the Nebraskan by Marianne Hansen, the University will offer a pilot course in the use of the library and card system either next semester or next fall.

The course will be supplemented by an instructional handbook compiled by the library. The purpose of the course will be to ascertain which department could most easily prepare to teach it in preparation for making it a regularly scheduled part of the curriculum.

"The course will fill a need which has long been apparent," said Kreissman. Many students are completely lost when it comes to finding something in the library, while many others have only a rudimentary knowledge of the use of the Dewey system of cataloging. It is for these people the course will be specifically designed, he explained.
