All University Fund To Begin Annual Charity Poll Monday

All University Fund will conduct its annual charity poll beginning Monday, March 20 and continuing for one week, Jeanne Elliott, president, announced Wednesday.

The results of the poll will help the AUF board to decide to which charities the fund will be contributed next year. The board will try to balance the charities on three levels: international organizations, local and health, taking into consideration the preferences shown by the students.

Procedure, Techniques Determined:

Rules Announced

The rules which will govern the mock political Convention were released by the rules committee Tuesday.

These rules will determine the procedure and techniques of the convention, James Harrison, faculty adviser, said.

Each state shall be entitled to a number of votes equal to that state's electoral vote. The territories and districts shall be entitled to the number of votes assigned to them by the Executive Committee.

Hereinafter, the term "state" shall refer to either states or territories, as represented at this Convention.

Each delegate shall present to the Secretary of the Convention, no later than the Saturday before the Convention, a list of the accredited delegates and alternates. The names shall be typed, arranged in a column. The delegates may be assigned a full or half vote, or quarter vote, and the strength of each delegate's vote shall be indicated on the credentials list. Alternates shall be indicated on the list as assigned to a specific delegate, or as alternates-at-large. If any delegate is absent, his assigned alternate shall cast his vote. If he has no assigned alternate, the first alternate-at-large shall cast his vote.

If there are fewer delegates and alternates combined present than the number of votes assigned to the state, the chairman of the delegation may, at his discretion, cast the votes of the absent delegate. PROVIDED, That 2/3 of the proper number of delegates or alternates must be present for the absent vote to be cast.

The list of delegates shall indicate whether any delegation has adopted the "unit rule." If such indication is in the affirmative, the Chair shall enforce the unit rule as follows: Whenever any unit rule state is called, the chairman of that delegation shall announce the state's vote.

If the numbers of that delegation challenge the accuracy of the chairman's announcement, the Chair shall cause the official credentials list, if the majority of the delegates present shall cast their votes for a single candidate, then entire vote of that delegation shall be so cast.

- A. Call to order
B. Rules Committee Report
C. Election of Permanent Officers
D. Platform Committee Report
E. Call of the roll of the states for Presidential nominations
F. Call of the roll of the states to choose a Presidential candidate
G. Call of the roll of Vice-Presidential nominations
H. Call of the roll for choosing a Vice-Presidential nomination
I. Adjournment
Item E under Rule 7 shall not be in order until the Thursday night session.

Minority Reports of any committee shall only be received if they are signed and submitted in writing by at least two members of that committee. Amendments to committee reports may be moved from the floor, but shall require a motion by a delegate, and seconding by three other delegates, all four of whom shall be from different states.

Debate on any motion, committee report, minority report, or amendment shall be limited to ten minutes, to be divided equally between the proponents and opponents of the motion.

Amendments to motions from the floor shall be permitted, to be explained and defended for three minutes and opposed for three minutes.

All motions, or reports shall be adopted by voice unless the chairman of five delegates shall demand a roll call, or unless the Chair, being in doubt, shall order a roll call.

The roll of the states shall be called alphabetically, with the territories at the end, also alphabetically. Whenever a state shall yield to another state, the state yielding shall be called immediately and the state yielding shall be called in the first state's place. Whenever a state shall announce itself as passing, or shall fail to respond, that state shall be called again at the end of the roll. The chairman of each state, or a substitute designated by him shall respond whenever that state is called. When the roll is called for placing names in nomination, the chairman shall place one name into nomination, with the consent of his delegates. Individual delegates from any state, wishing to place a name into nomination, shall announce that fact when their state is called, and shall be called at the conclusion of the roll of the states.

Nominating speeches shall not exceed 5 minutes and there may be only one for each candidate. Seconding speeches shall not exceed 3 minutes and there may be no more than one for each candidate. A candidate need not have been nominated or seconded to receive votes. The Chair shall regulate the length of demonstrations in accordance with the reasonable time limits of the convention.

APO Members To Distribute Novel Stickers

Stickers asking, "Are you looking at the next University of Nebraska traffic fatality?" will be placed on all mirrors on campus Saturday morning by members of Alpha Phi Omega, national service organization.

The plan has official University approval and has been endorsed by Chancellor Hardin. The Lincoln-Lancaster Safety Council has also endorsed the plan.

Stickers will be placed on restroom mirrors in all campus buildings. All houses will also be contacted for permission to place stickers on their mirrors.

This is a preliminary move in the Alpha Phi Omega safety campaign to make University students more conscious of safe driving.

Other safety projects are also being planned, according to George Rogers, chairman, including a poster campaign.

Officers of the organization are Gilbert Thomas, president; Bill Klostermeyer, 1st vice-president; George Rogers, 2nd vice-president; Jack Conrad, recording secretary; Jim Hedgepeth, corresponding secretary; Lee Herman, historian, and Mark Blum, sergeant at arms.

University Fares Well In Debate

Four University debate teams rated well in two separate tournaments held this weekend.

At the Texas Roundup tournament held at the University of Texas in Austin, Richard Andrews and Jerry Igou won five debates and lost two. Jere McGaffey and Allen Overcash won four and lost three.

Overcash also took first place in extemporaneous speaking.

Barbara Sharp and Connie Hurst won two debates and lost two in the Delta Sigma Rho tournament at the University of Wisconsin in Madison. In the over-all team ratings, they ranked third.

Bruce Brugmann and Russel Gutting also won two and lost two in the tournament. They rated fourth in the over-all team ratings.

About 26 teams from 13 top debate schools in the southwest area took part in the Texas Roundup tournament. There were approximately 32 teams from 16 schools in the Wisconsin tournament.

TO INTERVIEW
ELECTRICAL, MECHANICAL, AERONAUTICAL ENGINEERS ABOUT TO GRADUATE
At Convaire, in beautiful, smog-free San Diego, California, you will find the diversity of challenging, far-reaching projects that offers you the unlimited career opportunity you seek.
This is young country, beautiful, exciting country—the very heart of the busy, vital aircraft and missile industries. And good, young engineers are needed now to grow with new, long-range aircraft and missile programs.
You will find the Convaire Engineering Department a genuine "engineer's" engineering department—imaginative, energetic, explorative. You will discover the very latest engineering equipment, excellent working conditions, salary, personal job advantages, and opportunities for continuing education.
Remember these facts about Convaire: Convaire was awarded the Nation's first production missile contract and the first production contract for supersonic all-weather interceptors.
Convaire has the greatest diversity of aircraft engineering projects in the country, including high performance fighters, heavy bombers, large flying boats, transports, trainers, seaplane fighters, vertical take-off aircraft and guided missiles.
Convaire has a completely integrated electronic development program devoted to advanced development and design on missile guidance, avionic projects, radar systems and special cathode ray tubes.
Now you are invited to get full information about your career at Convaire. Talk it over with our Convaire Engineers on your campus soon.
GRADUATING CIVIL ENGINEERS interested in the field of aircraft structure are also invited to apply.
Graduate degree candidates in Engineering, Mathematics or Physics are invited to discuss Convaire opportunities in the general field of advanced engineering analysis and design.
