

A pledge class was recently picked up on general charges of disturbing the peace, with the possibility of lighting fire to the Women's Residence Halls. They had been burning sacks in the street in front of the Girls' Dorm at 2:30 in the morning.

The spring-like weather in the Lincoln area is expected to continue Friday and Saturday with highs ranging in the 60's. There will be moderate south to southeast winds. No precipitation is predicted.

Elections:

Sam Ellis Named IFC President

Sam Ellis, Phi Delta Theta, was elected president of the Interfraternity Council Wednesday night by representatives of the 24 fraternities on the University campus. Other officers elected are: Vice president, Bob Cook, Delta Tau Delta; treasurer, Ben Belmont, Zeta Beta Tau; secretary, Bob Schuyler, Phi Gamma Delta. Ellis, a junior in Business Administration, is a former treasurer of the All University Fund, historian of Kosmet Klub and past Student Council member. Cook is president of Delta Tau Delta, a Nebraskan copy editor and a junior in Arts and Sciences. Belmont, junior in pre-law, is secretary of AUF, a member of Kosmet Klub and past secretary of Zeta Beta Tau. Schuyler is an AUF Board member, a sophomore in Business Administration and a Kosmet Klub worker. Other nominees for president were Dick Reische, Beta Theta Pi, and Cook. Also nominated for vice president were Jim Boling, Pi Kappa Phi, and Jim Feather, Farm-House. Other nominees for treasurer were Ben Neff, Delta Tau Delta, and Feather. Also nominated for secretary were Bill Thompson, Phi Delta Theta, Marv McNiece, Delta Upsilon, and Don Freeman, Sigma Alpha Epsilon. There was no business at IFC meeting other than the election of new officers. Retiring IFC officers are: president, Bill Campbell, Phi Gamma Delta; vice president, John Gourlay, Beta Theta Pi; treasurer, Dick Trupp, Delta Tau Delta; secretary, Sam Ellis, Phi Delta Theta.

Petition:

RAM Asks For Entrance In Ivy Sing

Kosmet Klub has received a petition from the Residence Association for Men for entrance of the RAM Glee Club in the Ivy Day singing competition.

"The RAM is proud to be able to offer the services of its Glee Club in helping to make the Ivy Day sing an all-campus event," Douglas Jensen, RAM president said. Kosmet Klub invited the RAM to compete last year, but Selleck Quadrangle had no glee club organization, Jensen said.

"Kosmet Klub is happy to see this interest on the part of RAM in the Sing," Von Innes, Kosmet Klub president said. "There are, however, several complications," he continued. "The RAM Glee Club represents some 800-900 men, while a fraternity chorus would represent a membership of 100 at the very maximum."

"Personally, I feel that it would be unfair to place the RAM Glee Club in competition for that reason," Innes said. "Also, at the present time the Kosmet Klub constitution states that they shall sponsor an 'Interfraternity Sing' on Ivy Day."

"If the Innocents-Mortar Board committee on Ivy Day would allow the time, the Kosmet Klub would like to see the RAM Glee Club included on the program this year as a guest group, not entering the competition," Innes said.

"Possibly this could be expanded in following years to include the various dorm houses and men's cooperatives in the competition," Innes said.

The RAM Glee Club has been organized since last fall, under the direction of Dick Oehring, and is fully prepared to enter the Ivy Day Sing, Jensen said.

Dorm:

Olson Co. Submits Low Bid

Apparent low bidder for the general contract on the proposed south addition to the Women's Residence Halls, is Olson Construction Company of Lincoln which submitted a bid Thursday afternoon of \$356,613.

Low bidder for the mechanical contract is Natkin and Company, Lincoln, \$113,340, and for electrical contract, Dodson Electric Company, Omaha, \$46,124.

The University's Board of Regents will award the contracts Saturday at 11 a.m.

The four-story addition, which will house 160 students, will consist of an "L" shaped building connected to the Residence Halls by an enclosed one-story sun room. The exterior of the building will be finished in red brick with Indiana limestone trim.

Financing for the structure will come from the recently issued \$4,000,000 revenue bond issue which will be retired from student and rental fees. No tax funds are involved.

Other bidders are: General contract — George Cook, \$373,539; Assenmacher Construction Co., \$392,488; M. W. Anderson Construction Co., \$396,967; W. J. Broer Construction Co., \$397,900; Kingery Construction Co., \$398,000 and Wescott-Bowen, \$405,411, all of Lincoln.

Mechanical contract — Ray Martin, \$114,400; Reinhardt Brothers, \$115,977; Wentz Fuel and Oil, \$118,333 and Newberg and Bookstrom, \$124,007, all of Lincoln.

Electrical contract — A.B.C. Electric, \$36,700; In-Arial Electric, \$58,857; Mason Electric, \$60,276 and Commonwealth, \$61,979.

The New Rises—The Old Falls

Shown above are the nearly-completed Kappa Sigma fraternity house and the nearly wrecked Baptist Student House. The two projects are part of a general building expansion by private organizations on the

University campus. The Kappa Sigma fraternity hopes to be able to move into their new house next fall. Located at 525 North 16th street, the building was constructed at a cost of \$214,000,

raised by personal solicitations from alumni. The Baptist Student House was abandoned two years ago. The Baptist Fellowship has been meeting with the Dis-

ciples of Christ in the Cotner School of Religion and will continue to meet there in the future. No new building is planned to replace the old. Other organiza-

tions planning expansion include Delta Upsilon fraternity, Delta Gamma sorority and the Lutheran and Presbyterian-Congregational Student Houses.

New Buildings:

Expansion In Store For Campus Houses

Considerable expansion is in store for the University campus as two fraternities, two student religious houses and a sorority plan for new facilities.

Kappa Sigma fraternity, whose work on a new house began on September 6, 1955, hope to see the building completed by the end of May, according to Jan Pickard, past president. The new modern-style house will consist of two connected buildings, one containing the library, living room and house mother's quarters, and one containing the dining room, study and sleeping quarters.

The latter are unique on the University campus, Pickard said, being neither dormitory nor study room style. Instead, each four-man sleeping room will be flanked by two-man study rooms. The house, built at a cost of \$214,000, will accommodate 72 people. Dissatisfaction with the location and condition of the present house was given as the reason for moving.

Delta Upsilon fraternity has not yet contracted for the building of their new house, but hope to have it ready by next September, according to Joe Krause, president. It will be located on the corner of 16th and Vine. The modern brick and stone structure will accommodate 48 to 54 people.

Delta Gamma sorority will not continue with plans for their new house which will be located at 636 North 16th Street until they have sold their present house. Inconvenient location and the crowded house necessitated the move, according to Carol Link, vice-president.

The Lutheran Student House is planning an annex for a worship sanctuary, according to the Rev. Alvin M. Peterson, pastor. There is no definite time schedule on the project, but the Student House hopes to have the sanctuary ready in a year or two.

The Presbyterian-Congregational Student House plans the addition of a chapel and a recreation

room, for which the ground will be broken late this spring. The chapel will seat about 280 people and will cost approximately \$100,000. The funds were raised through contributions of student and alumni and through a fund raised by the Presbyterian churches of Nebraska.

The old Baptist Student House, located on north 15th and unused for two years, is now being torn down. The Baptist Fellowship is new meeting with the Disciples of Christ in the Cotner School of Religion and will continue to meet there in the future, the Rev. Robert E. Davis, pastor, said.

Health Day Panel Talks On Stress

An international authority in the field of stress in everyday living said Thursday afternoon that "we should accept a certain amount of stress as inherent in life and only fight stress where it obviously weakens, wears out and results in disease."

Dr. Gunnar Heuser, research associate at the Institute of Experimental Medicine and Surgery, University of Montreal, appeared on a panel at the annual College Health Day.

Dr. Heuser said it has been shown by experiments that the body reacts to stress with a very typical set of symptoms.

"This response leads the organism into a stage of adaptation to stress. It is a normal reaction of a normal organism. Only if stress is too severe or too prolonged, or if the body's reactions become deranged, disease ensues. This should be prevented.

"However, stress can also be, under circumstances, a stimulus to a healthy full life."

The Outside World:

Dulles Reports On Trip

By CINDY ZSCHAU
Nebraskan Staff Writer

Secretary of State Dulles Thursday gave Democratic and Republican congressional leaders a "moderately optimistic" report of conditions in the Middle East and Far East.

President Eisenhower sat in as Dulles made his report to 22 leaders of Congress on this just-completed trip to 10 Asian nations.

CPP Confers On Atom

About 200 persons from Lancaster, Gage and Saline counties attended a conference on the applications of atomic energy held at Doane College Thursday.

At the same time, officials of Consumers Public Power District were in Chicago negotiating a contract with the Atomic Energy Commission to build an atomic energy power plant near the intersection of the three counties.

Consumers hopes to sign the final contract for the plant in six or eight weeks.

Magnani, Borgnine Honored

Anna Magnani and Ernest Borgnine were presented Oscars as best actress and best actor of 1955 at the Academy Awards presentation Wednesday night.

Miss Magnani received the award for her role in "The Rose Tattoo," and Borgnine received his for his part in "Marty." Jo Van Fleet and Jack Lemmon were named best supporting actress and best supporting actor. "Love is a Many-Splendored Thing" received the award as best movie song.

Bus Lines Ask Increase

Lincoln City Bus Lines will file a request with the State Railway Commission early next week for the same fare increase that was turned down last fall.

The company will ask for a continuation of the present cash fare of 15 cents for all persons over 12 years of age. It will also ask that children from 5 to 12 who now get two tokens for 15 cents be charged a straight 10-cent fare.

New Sorority Formed; Thirty-Five Pledges

... Zeta Tau Alpha Returns

Thirty-five women have pledged Zeta Tau Alpha to form the newest addition to Sorority Row.

The fifteenth sorority, Zeta Tau Alpha, formerly had a chapter here which was forced off campus during the depression for financial reasons.

Pat Coover was elected president of the new sorority. Other officers include Bonnie Prior, vice president; Pat Alvord, recording secretary; Pat Patterson, corresponding secretary, and Janice Larson, treasurer.

"We will participate in Rush Week next fall and also hope to participate in campus activities this spring," Miss Coover said.

A house with Georgian style architecture and pillars will be constructed by the sorority on University Terrace near 17th and R streets.

The organization of the new sorority began last October. "We believe that another sorority is needed on campus and we are thrilled to see that this sorority has become a reality," Miss Coover said.

Zeta was founded at Longwood College in Farmville, Va., Oct. 15, 1886. It was chartered as a legal corporation in 1902, thus becoming the first sorority to be chartered in Virginia and the only one ever to be chartered by a special act of the legislature.

Charters have been granted to 97 college chapters in colleges and

universities throughout the United States and Canada. The organization attained international status in 1929 with the establishment of a chapter at the University of Manitoba.

Sorority women on the Nebraska campus are in favor of the introduction of the new sorority according to the opinions expressed by sorority presidents.

"We're all very glad to see another sorority on campus and we'll do all we can to help them get started," Jo Kruger, president of Chi Omega, said.

Beth Keenan, president of Kappa Alpha Theta, said she felt the addition of Zeta Tau Alpha would be a benefit to the campus as a whole and in particular to the sorority system. "This is a much needed addition and Panhellenic is to be praised for their part in organizing it," she added.

"I think everyone will agree that there certainly has been need for a fifteenth sorority and Panhel-

lenic is taking a step forward because of it," said Panhellenic president Mary Lou Pittack.

Zeta Tau Alpha also has a chapter at the University of Omaha. Alumnae advisors of the sorority instrumental in organizing the group are Mrs. Madison Brewer and Mrs. Wesley Antes.

Charter members of the fifteenth sorority in addition to the officers are: Marilyn Arvidson, Beverly Annartz, Cheryl Blake-way, Ann Brooks, Jayne Brown, Rita Carroll.

Colette Crouse, Barbara Curry, Katharine Gregory, Ann Hermes, Doris Hinds, Carol Hughes, Jo Ann Jaspers, Sharon Johnson, Marilyn Kirk, Jeanette Krohn, Phyllis McCrary.

Anna Marie Meyer, Dorothy Mulhair, Anita Nordhausen, Dolly Ann Rejda, Elaine Overturf, Lois Overturf, Lois Sigwart, Martha Stephens, Carla Wademan, Mary Jane Wilhite, Jeanette Zabloudil, Marilyn Zuhlke and Charlotte McVay.

Committees:

Spring Day To Feature Chariot Race, Tug-Of-War

Tug-of-wars, chariot races and a greased pig catch are among the events announced to be held on Spring Day, May 4, by the Spring Day committee.

Spring Day chairman Don Beck also announced the chairmen of the committees. The various committees and their chairmen are as follows:

Awards, Sharon Hall; faculty, Sandra Kadlaeck; sales, Connie Hurst; barbecue, Jackie Kilzer; publicity, Fred Daly; contracts, Rich Hagemeyer; finance, Ben Belmont; arrangements, John Nelson, and events, Nels Jensen.

Events are being divided into groups according to team and individual participation. The winners of both the individual and the team competitions in the faculty division, the women's division and men's division will receive awards, and engraved trophies will be awarded to the winning men's and women's organizations which achieve the highest point totals in all events.

The afternoon competition will

begin at about 1:30 p.m. and will be conducted by the N Club in a manner similar to the track meet. Applications have been sent to all organized houses and are due April 7.

The scheduled events are: Women's Division, relay events, costume relay race, tug-of-war and sack race relay. Individual events are peanut pushing, 3-legged race, baseball throw, egg catching, tandem bike, greased pig catch and football throw.

Men's Division relay events are the chariot race, tug-of-war and push-ball. Individual events are the wheelbarrow race, 3-legged race, baseball throw, football throw, tandem bike, 100-yard backward race and pushups.

Ranching:

Ag College To Set Up New Major

A new major is now in the process of being set up for Ag College students interested in the ranching phase of animal husbandry, according to Prof. William Loeffel, chairman of the Animal Husbandry Department.

The new major will be entitled "Ranch Management" and tentative course requirements have been drawn up by a faculty committee, Loeffel said. The new curriculum will have to be approved by the faculty before it will become effective, he added.

The general agriculture major has been used as a basis for the proposed curriculum. It would include 40 hours of agricultural courses, 20 hours of biological sciences, 10-14 hours of chemistry, and 20-26 hours of free electives. English and social studies requirements would be the same as under the general ag set-up.

A list of free electives has also been drawn up by the committee and rated as very desirable, moderately desirable, or desirable for a ranch management major.

Magnuson

Magnuson:

Alumni Appoint Secretary

Arnold Magnuson, 32, executive vice president of the Beatrice Chamber of Commerce, has been named executive secretary of the University Alumni Association.

Magnuson, a 1948 graduate from the University, will succeed James Pittenger, who resigned recently to accept the position as administrative aide to Chancellor Clifford Hardin.

Since graduation, Magnuson has served as manager of various departments for the J.C. Penney Company in Lincoln, and was secretary-manager of the Falls City Chamber of Commerce before taking the Beatrice Chamber position.

Commenting on his new job, Magnuson said "My wife and I have always liked Lincoln and are very proud of the University of Nebraska. It is very pleasing to me to have the opportunity to work with the Alumni Association and the University."

"The next ten years will be critical ones in American education. The expected 50 per cent increase in college enrollment will tax the system to the extreme. I hope, that as Alumni Secretary and head of a well organized Association, to be able to play a hand in the strengthening of the University for your children as well as mine."

Magnuson will take over officially on May 1.

Library Finds Book Display Space Lacking

Plans are being made for the purchase of book display cases for the Love Library lobby, Bernard Kreissman, assistant director of the library, announced Thursday. Professors Frank Lundy, Library Director, and Bertram Schultz, Director of the Art Museum, are supervising the project.

The idea for the display cases was conceived when two visitors to the University commented on spaciousness for book displays and the fine collection of art, but that there was no place to put them, he said.

At present the American Literature-Orr Room is the only spot where displays can be shown, Kreissman said.

One difficulty is that the funds to finance this project will not be drawn from tax funds, he added.

"We hope that shortly the cases, which will demonstrate to the students and visitors the treasures of the University library, can be obtained," Kreissman, said.
