Succeeds Doug Jensen: Lyle Hansen Selected President In Residence Association Elections

The results of a general election by the Residence Association for Men have been announced by Lowell Vestal, retiring vice-president and treasurer. He pointed out that the general election is for large officers of the RAM and that elections for house presidents will be held at a later date. The new officers are:

President: Lyle Hansen. Hansen is a sophomore in BizAd. He is a member of the Salvo staff, scholastic chairman of Andrews House, retiring Intramural Director of the RAM and was a delegate to the conference of the Association of College and University Residence Halls in March.

Vice-president and Treasurer: Lyle Paul. Paul is a sophomore and is president of Benton House.

Secretary: Jim Souders. Souders is social chairman of Gustavson II House and is active in the Engineering Week Committee.

Social Director: Gary Widman. Widman is social chairman of Andrews House and chairman of the Union Exhibits and Displays Committee.

Activities Director: Bob Jameson. Jameson is activities chairman of Manatt House and was a delegate to the ACURH conference.

Scholastic Director: Mohammed "Ned" Nadiri. Nadiri is president of the RAM International Club.

Intramural Director: Jim Pike. Douglas Jensen, retiring president of the RAM, said, "I feel the members of the RAM have selected a very capable group of leaders for next year."

"I am equally confident that the men will do all in their power to back up these new leaders," he added. "The RAM is still a young organization and needs firm leadership. There is much that can be done to expand the program."

The two most important elements necessary for expansion are good leaders and loyal constituents. If the measure of cooperation that I and the rest of my executive board have received while in office is an indication of the spirit of the men of Selleck Quadrangle, I am sure the new officers will have no trouble in developing an even better program," Jensen said.

"During my year and a half as president we have made many changes but there is room for far more in a growing organization. There is virtually no end to the extent of a residence halls student government program."

All phases of our present program can be expanded to give greater service to the members of the RAM," Jensen said.

"I wish to thank all those with whom I have worked and who have made my terms of office so enjoyable. I am proud to have been able to have had a part in these early years of the RAM and Selleck Quadrangle," Jensen said.

Director: Dr. Hall Replaces Swindler

Courtesy Lincoln Star

Dr. William Hall, director of the departments of journalism and public information at Texas Tech in Lubbock, has been announced as the new director of the University School of Journalism.

The appointment is expected to be confirmed by the Board of Regents at their next meeting.

He will succeed Dr. William Swindler, who recently submitted his resignation as director. Swindler, however, will remain as professor of journalism.

Dr. Hall has had 15 years of newspaper, magazine and public information experience.

He worked approximately five years on the staff of the Albuquerque Tribune, a Scripps-Howard newspaper. After serving in the armed forces from 1943-45, he was appointed alumni director of the University of New Mexico and editor of the association's monthly magazine. For seven years, he also served that institution as a member of its journalism faculty and assistant to the president.

Dr. Hall received his bachelor's degree in political science from the University of New Mexico, master's degree in journalism from Columbia University and his doctorate in mass communications from the State University of Iowa.

While at Iowa in 1952, Dr. Hall was one of 10 Americans co-ordinating a study of the "flow of news" between the U.S., Western Europe and India. This project, sponsored by the International Press Institute, was called the most comprehensive news study ever undertaken. Dr. Hall's doctoral dissertation was an analysis of international press freedom.

Dr. Hall joined the Texas Tech faculty in September, 1954.

In a statement from Lubbock, Dr. Hall said:

"It is with pride and pleasure that I accept this appointment. The School of Journalism has a fine faculty and a fine program, and the state boasts an alert, capable press. There is every reason to believe the school's progress can be further accelerated."

The newly-appointed director has been active in the Texas Press Association during the past two years. Also during that time he has served as secretary-treasurer of the South Plains Press Association and as a member of the West Press Association's journalism scholarship committee.

Outside World: D.C. Holds Primary

By WALT SWITZER, Staff Writer

In the first legal balloting in the District of Columbia in the past 90 years both the Republicans and Democrats were out to get the District's six presidential convention votes.

The Republicans were setting a factional battle while Adlai Stevenson and Estes Kefauver headed the Democratic primary.

In Tuesday's Democratic primary in Alabama the big question is the vote-pulling power of Gov. James E. Folsom, who has been under fire for his stand on segregation.

Ike To Campaign By TV

Republican National chairman, Leonard Hall, said following a conference with President Eisenhower that Ike will probably make five or six television campaign speeches this fall.

Hall told White House newsmen that "nothing more is expected" of the President. "That doesn't mean we don't have a rugged campaign ahead," he added. "We don't take anything for granted."

Train Rates Hiked

A five per cent increase in all passenger rates was granted for trains traveling through Nebraska by the Interstate Commerce Commission. The increase was also authorized for intrastate passenger travel in Nebraska, Arkansas, Iowa, Michigan, Minnesota, Montana, North Dakota and Texas.

Spokesmen for the Rock Island, Union Pacific and Burlington railroads said the increases, which went into effect immediately, would raise the price of each fare five per cent.
