**Co-ed Kick-off:
Carnival
Drive Starts
On Tickets**

Coed Counselors will launch the Penny Carnival ticket drive Wednesday, according to Joanne Bender, Coed Counselor Board member.

Tickets for the carnival, which will be Oct. 19, are 35 cents. They will be sold through the organized houses on Wednesday night by board members. A Union booth, to be set up Wednesday, will handle individual sales.

Tickets will be sold for two different times, 7 and 8 p.m., in order to facilitate the expected crowd, Miss Bender said.

Booths will be judged on the basis of their originality, attractiveness, and audience appeal. In addition to this, all booths are to be evaluated as to the cost of equipment and decorations, Miss Bender said.

**Ag Judging Team
Takes Fifth Place**

The University dairy judging team placed fifth in the Midwestern Collegiate Dairy Products Contest at Chicago, on Oct. 8.

The Nebraska team placed fourth in both butter and ice cream judging, fifth in milk and seventh in the cheese judging.

**The—

Rifle Team

An organizational meeting for all students interested in the Varsity Rifle team will be held in Room B-5, Military and Naval Science Building, at 5 p.m. Tuesday. Officers for the 1956-57 term will be elected.

Y Conference

Monday is the deadline for signing up to go to the annual YMCA-YWCA conference. Twenty to twenty-five University students are expected to attend, Betty Wilson, Y director said.

The conference will be held in Camp Comeca, at Cozad, Oct. 19-21. Y members from Nebraska colleges will attend the meeting.

Olson Named Vice President

Dr. James Olson, chairman of the University's history department, was named a vice president of the American Association for State and Local History, at Starbridge, Mass. Dr. Olson is past director of the State Historical Society.

U.S. Gaytees.
Fashion Over the Shoe

Take command of sassy weather like an old salt in these saucy Sou'wester U. S. Gaytees. Wear them with the flashing metal buckles fastened or flapping. Sou'westers pull over shoes easily, keep 'em slick as a whistle. And to clean Sou'westers, just wipe inside and out with a damp cloth. They dry for instant wear. Get Sou'wester U. S. Gaytees now.

Presenting

MILLER'S COLLEGE BOARD

Left to Right:

Sally Wilson, Kappa Alpha Theta; Harriet Saville, Delta Gamma; Charlotte Johnson, Sigma Kappa; Jan Lichtenberger, Delta Delta Delta;
(Campus representatives not pictured: Sara Kirkman, Alpha Omicron Pi; Jan Lidstrand, Gamma Phi Beta.)

CO-EDS! Feel like yelling HELP sometimes because there's so little time to do the necessary shopping? Then that's the time to let MILLER'S COLLEGE BOARD come to your rescue. They can tip you off to the smartest college clothes and equipment (both stylewise and budgetwise) and the direct route to MILLER'S—where you'll find them. They'll even BRING THE MERCHANDISE TO THE HOUSE OR DORM, for you to view on meeting nights . . . and to buy then and there, if you wish. When it comes to shopping—don't panic!—just let MILLER'S COLLEGE BOARD help you find the smartest thing in campus clothes . . . and bring them to you.

LOCKHEED

Aircraft Corporation

California Division · Georgia Division

Staff Representatives
will be on campus to discuss your future

Wednesday, October 17

in Lockheed's expanding research
and development program.

Separate interviews will be
given for each division.

Both divisions of Lockheed are engaged in a long-range expansion program in their fields of endeavor.

California Division activities in Burbank cover virtually every phase of commercial and military aircraft. Seventeen different models of planes are in production, including cargo and passenger transports, high Mach performance fighters, jet trainers, radar search planes, patrol bombers.
B. S. graduates who wish to attain a Master's Degree will be interested in the California Division's Masters-Degree Work-Study Program. In the program, participants achieve their M.S. while working concurrently on Lockheed's engineering staff.

At Lockheed in Marietta, Georgia, new C-130A turbo-prop transports and B-47 jet bombers are being manufactured in the country's largest aircraft plant under one roof. The division is already one of the South's largest industries. Moreover, a new engineering center is now in development as part of the division's expansion program.
In addition, advanced research and development are underway on nuclear energy and its relationship to aircraft. A number of other highly significant classified projects augment the extensive production program.

This broad expansion program is creating new positions in each division. Graduates in fields of: **Aeronautical Engineering, Electrical Engineering, Mechanical Engineering, Mathematics and Physics** are invited to investigate their role in Lockheed's expansion.
