

Ag Dorm Rises

Construction is presently underway on a new men's dormitory for the Ag campus. The building, which is a part of the

University's 1956 construction program, will accommodate 236 men students. The dormitory, to be completed by the fall of 1957,

consists of two wings connected by a one-story entrance lobby and lounge room.

Homecoming:

Alums To Flock Back To Campus

"Back to the campus" will be the word Friday and Saturday as thousands of University alumni return for the annual Homecoming festivities.

The Alumni Association board of directors will meet at 3 p. m. Friday in the Student Union faculty lounge. There will be a dinner for board members and their wives at 5:30 p. m. at the University Club.

The lights for the organized house's homecoming displays will be turned on at 7:30 p. m. Friday evening. Competing for honors will be the women's houses and two divisions of men's houses. The display competition is sponsored by the Innocent society. The displays also will be operating from 11 a. m. until noon Saturday.

Festivities Saturday will open with the parade at 9:30 a. m. Floats will be entered in three women's residences (except for organizations).

The University ROTC marching band will lead the parade, and several ROTC dress units will participate.

Queen will ride in convertibles. The parade will start at 14th and Vine, move east on Vine to 16th, down 16th to O, west to 11th, up 11th to R, east on R to 12th, and then disband.

The Alumni buffet luncheon will be held from 11:30 a. m. to 12:45 p. m. at the Cornhusker Hotel Ballroom. Cheerleaders will lead the luncheon guests in University songs and yells. There will be free buses from the hotel to the stadium.

The Homecoming Queen will be crowned at halftime by Carol Link of Ainsworth, last year's queen. The new queen will be escorted onto the field by Yell

Ag Students Eligible For USDA Jobs

University seniors enrolled in College of Agriculture are eligible to apply to the U. S. Department of Agriculture for government positions according to W. V. Lambert, dean of the College of Agriculture.

Students enrolled in agricultural economics, business administration, biological sciences and agricultural statistics may apply also.

The regular salary for most Government Service-5 positions is \$3670 per year. Those with Master's Degrees are eligible for GS-7 and are ordinarily employed at an entrance salary of \$4535. Both grades GS-5 and GS-7 have annual increases which are automatic for satisfactory service.

This year salaries for engineering positions at grade GS-5 will start at \$4480 per year and GS-7 at \$5335. Foresters eligible for grade GS-5 will start at \$4210 per year. Those eligible at grade GS-7 will receive a starting salary at \$4390 per year.

Many of the positions at the GS-5 and GS-7 levels in the physical sciences have had new entrance rates which are considerably higher than the usual starting salaries of \$3670 and \$4535. Chances for advancement in all positions are exceptional. Positions are located in Washington, D. C., and throughout the United States. Those interested are advised to send their applications to D. E. Hutchinson, State Soil Conservationist of the Soil Conservation Service.

King Don Beck of Fremont. She will be met by Chancellor Clifford Hardin.

Candidates for queen are Janis Davidson of Minden, Sandra Kadlcek of Omaha, Donna Sawvell of Sioux City, Ia., Janice Shradler of South Sioux City, and Nancy Tucke of Omaha.

The University Band and card section will present a special halftime program.

The annual Homecoming Dance will be held from 8:00 p. m. until midnight at the Coliseum. Winners of the house decoration and float competitions will be announced at intermission. Music will be furnished by Charlie Spivak and his orchestra and by the Hilltoppers.

Nov. 9-10:

NHSPA To Hold Meeting

A news service bureau chief and a leading business journalist will headline a list of 15 professionals scheduled to address the 25th annual meeting of the Nebraska High School Press Association, 9-10 in Lincoln.

Miss Marguerite Davis, Chicago bureau manager for the United Press, will give the convention's keynote address at 10:30 a. m. Friday, Nov. 9. She will be interviewed by members of the professional and high school press after her talk.

P. D. Allen, vice president of the Maclean-Hunter Publishing Corp., Chicago, will be the Friday night banquet speaker. He is chairman of the speaker's bureau of the Associated Business Publications.

Both major talks will be presented in the Student Union ballroom. The University's School of Journalism plays host each year to the convention.

The Nebraska High School Press Association is an organization of Nebraska high schools that have some form of publication or instruction in journalism.

Coed Models Set Meeting For Thursday

A meeting of models for the Friendship Dessert Thursday at 4 p. m. in Room 316 of the Union according to Carolyn Williams, publicity chairman of Coed Counselors.

Models who will attend the meeting are: Mona Huberman, Alpha Chi Omega; Jackie Shaffer, Alpha Omicron Pi; Mary Patrick, Alpha Phi; Breanna Johnson, Alpha Xi Delta; Joyce Young, Chi Omega; Lynn Meyers, Delta Delta Delta.

Bobbie Jorgensen, Delta Gamma; Gretchen Saeger, Gamma Phi Beta; Sylvia Riggs, Kappa Alpha Theta; Sharon Fangman, Kappa Delta; Ellen Stokes, Kappa Kappa Gamma; Sally Miller, Loomis Hall; Donna Peterson, Love Memorial Hall.

Monica Ross, Pi Beta Phi; Annie Bartholomew, Residence Halls for Women; Elaine Duni, Sigma Delta Tau; Janice Link, Sigma Kappa; Dorothy Glade, Towne Club.

The Inside World

Home Ec Dinner Set November 10

The Home Ec Club on Ag Campus is holding its annual smorgasbord dinner, Nov. 10, from 5:30 p. m. to 7:30 p. m. in the Food and Nutrition Building. Chairman Edna Cleveland announced that tickets are being sold in the Ag Union at \$1.50.

The assistant chairman of the dinner is Lorraine Barthuly, and faculty adviser is Shirley Keyso.

Live Stock Show

Harvey Jorgensen placed third in quarterhorse judging in the intercollegiate livestock judging contest at the American Royal Live Stock Show last week.

The University livestock judging team placed fourteenth in competition with 21 teams. Oklahoma, Kansas, and Iowa teams placed first, second and third respectively.

The University team placed tenth in the sheep judging division.

Newman Club

Mass will be held at Newman Club at 6:45, 7:45, 8, 9 a. m. and

at 5 p. m. on Thursday. This is a Holy Day of Obligation for all Catholics.

Spanish Club

The Spanish club will hold its first meeting Wednesday at 7:30 p. m. in Room 316 of the Union, according to Hal Carney, faculty sponsor. All students studying Spanish are eligible to become members.

Dues are 50 cents per semester and will be collected by instructors during the week. The meeting will consist of Spanish music, games, a movie, election of officers and refreshments.

Rivalry

Chris Burns, University of Colorado assistant professor journalism, was fined \$100 in Boulder County Court last week for shooting to death the dog of Frank Potts, University track coach.

Burns admitted he shot Potts' collie-poodle dog after seeing it attack his own dachshund last July 29.

NU Schedules Geology Talk For Thursday

The University Research Council, the department of geology, and the American Association of Petroleum Geologists are sponsoring a lecture by Donald Myers of the Texas Field Unit, Fuels Branch, in Denver.

Myers will speak on "The Geology of the Late Paleozoic Horseshoe Atoll of West Texas on Thursday, at 8 p. m. in Morrill Hall Auditorium.

Horseshoe Atoll, in the last ten years, has produced more than 300 million barrels of oil from its 5,000 wells. This region of prolific oil production has been the subject of a recent comprehensive study by a group of geologists including Mr. Myers.

A coffee hour, sponsored by Sigma Gamma Epsilon, honorary geology society, will be held immediately following the lecture.

Five Engineer Editors Plan For Convention

Five members of the Nebraska Blue Print staff will attend the annual convention of the Engineering College Magazines Associated in Fayetteville, Ark. this weekend.

Roger Berger, editor; Jim Souders, business manager; Bob Young, layout editor; Dave Linstrum, art editor; and Roger Koehn, assistant advertising manager are the Blue Print's representatives. Dr. Merk Hobson, national ECMA chairman, also will attend from the University.

Last year the Blue Print won awards for the "best written magazine" and "best student article" in 1955.

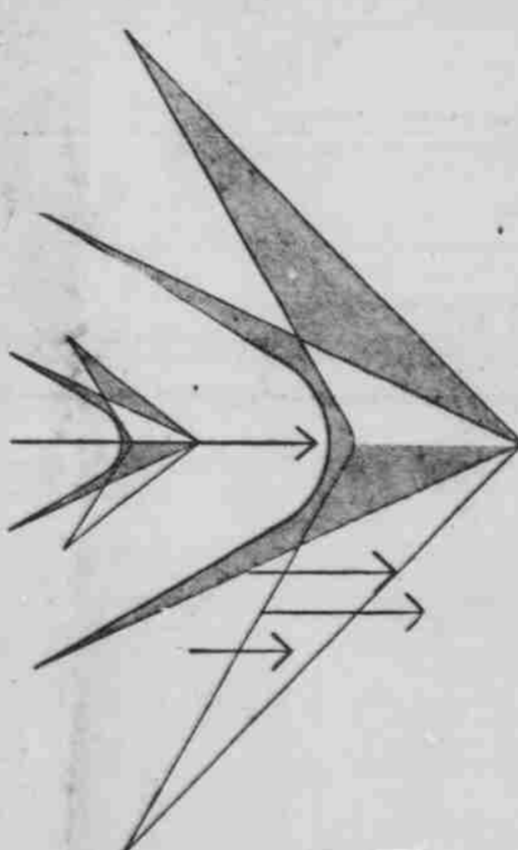

Delta Sigma Pi Tours Colorado

Thirty-one members of Delta Sigma Pi, professional business fraternity, took their first semester business tour to Denver, Colorado, October 25, 26 and 27.

They visited Sofiway Warehouse, Gates Rubber Company, United Airlines Operations and Coor's Brewery of Golden, Colorado. The trip was climaxed with the Nebraska-Colorado game Saturday afternoon.

Engineering grads

are you interested in joining the electronic industry's leading staffs in these development areas?

A Collins representative will interview on campus

Thursday, November 1

Contact your placement officer for an interview appointment.

SINGLE SIDEBAND — The most advanced development in SSB for complete air and ground communication systems for commercial, military, and amateur applications. Example: Collins SSB HF program for intercontinental air/air, air/ground, ground/air, and ground/ground for USAF.

SCATTER PROPAGATION — Pioneering development in complete point-to-point Transhorizon systems employing UHF tropospheric or VHF ionospheric scatter propagation. Systems engineering integrates this new type of transmission with existing equipment or entirely new designs. Example: Collins Transhorizon communication systems for DEW-Line.

MICROWAVE, MULTIPLEX — Collins is now the leading designer and manufacturer of complete communication and control microwave systems. New orders are underway for the petroleum, broadcast and telephone industries. Example: Collins 85,000-channel-mile microwave system for Continental and Sinclair pipe line companies.

AVIATION ELECTRONICS — Already supplying 80 percent of the airline electronics, Collins is now engineering an entire new airborne electronics system for airline and business aircraft. Developments underway for complete communication, navigation, flight instrumentation and flight control systems. Example: First radar anti-collision system now in development.

MILITARY ELECTRONICS — Many basic development airborne and ground equipment programs are underway for the Air Force, Navy and Signal Corps. Example: Collins new integrated electronics package, CNI (Communication, Navigation and Identification) for new military jet aircraft.

PREDICTED WAVE RADIO SIGNALING — Linearity and highly stable frequency characteristics of Collins advanced SSB equipments make possible great improvements in the frequency spectrum utilization and performance of binary data transmission systems. Example: Land line and HF experimental circuits in operation between Cedar Rapids and Burbank.

Whether you choose one of these development areas or one of many others equally stimulating, at Collins you'll join a small close-knit engineering group. This tight-group approach has helped make Collins the leader in the electronics field. And it helps you as an individual, by making you an important member of a top-flight engineering task force. Join a team at Collins, in the climate of your choice: research and development laboratories located in Cedar Rapids, Iowa; Burbank, California; Dallas, Texas. U.S. citizenship a requirement.
