

Delts, Alpha Chi's Take Honors

TIGER HUNT wins the Grand Champion men's house trophy for Delta Tau Delta fraternity in the display competition.

Displays

"Tiger Hunt" (above) was chosen the 1956 winner of the fraternity homecoming display contest. The Delta Tau Delta display exhibits the work and time that went into every homecoming display. The displays were built entirely by the pledge power of each fraternity on campus after many hours of planning. Alpha Chi Omega's display (left) won the sorority division of the homecoming judging with their "Safari We See, The Tigers Will Flee." With the effort of both the actives and the pledges the sororities manufactured the homecoming displays that were viewed by the annual homecoming crowds that came back to the University.

ALPHA CHI OMEGA took the top award in the women's division with "Safari We See, The Tigers Will Flee."

On The Social Side:

Davidson Crowned Queen

By JAN FARRELL
Society Editor

Congratulations to Jan Davidson, Chi Omega junior from Minden, on being crowned Homecoming Queen at the half-time of a very exciting game.

All that remains of Homecoming are a few memories, some headaches, and several yards littered with broken two-by-fours and rusty nails. Everyone will have to agree that Homecoming was a success because of the Husker victory and in spite of the weather. Congratulations to the Alpha Tau Omega's and to the Theta Xi's on their own personal card sections.

This week, with the football team away, campus social functions have been slightly curtailed, but many sororities and fraternities are planning on listening to the game together.

JULIE ANDREWS says:

*"Verily, a Professor 'Iggins
among magazines!"*

Julie Andrews, twenty-one-year-old British girl, plays Eliza Doolittle in the sensational Broadway success "My Fair Lady"—a musical adaptation of George Bernard Shaw's "Pygmalion."

Q. Miss Andrews, had you ever been away from your family before you arrived in this country two years ago?

A. Never, and I still become dreadfully homesick. But I do talk with them several times a week.

Q. By phone?

A. No—by phonograph. We talk into recording machines, and airmail the records. They are so clear I can even hear my brothers arguing in the background about whose turn is next. It is as if we were all in one room.

Q. You never exchange the usual kind of letter?

A. Very seldom, I'm afraid. But we post back and forth bits of particular interest—like newspaper reviews, and favorite articles from *The Reader's Digest*.

Q. Just the Digest?

A. Oh, no, there are others sometimes—but the Digest is our magazine. Mummy and Daddy have always read it, and I began when I was twelve, playing music halls. I had to miss school, and my teaching goodness went through every issue with me on the run. It was part of my lessons.

Q. Do you still read it on the run?

A. Oh, yes—waiting for assignments, waiting for buses, even waiting for curtain cues. I hope I never have to be without it. When I wish to be amused, the Digest amuses me; and when I need to be scolded or instructed, I can always find an article that talks to me like—

Q. Like a Dutch uncle?

A. No, much more delightfully—more like Professor 'Iggins in "My Fair Lady" showing a new world to Eliza Doolittle.

In November Reader's Digest don't miss:

CONDENSATION FROM FORTHCOMING BOOK: "THE ONE THAT GOT AWAY." The all but incredible story of Nazi fighter pilot Franz von Werra—how he broke out of a British prison camp, audaciously attempted to steal a plane . . . and finally did escape.

REBELLION AT POZNAN. Here are eyewitness accounts of the June uprisings that may be a preview of the eventual end of the Communist empire.

TWO-EDGED DAGGER OF YUSUF HUSSEIN. Eerie experiences of a British officer in the Red-infested jungles of Malaya.

THE ANDREA DORIA'S UNTOLD STORY. Heart-rending drama of Dr. Peterson's futile 5-hour struggle to save his wife—pinned under wreckage in their stateroom—as the giant liner slowly sank.

ARE YOU A BORE? I. A. R. Wylie shows ways we unwittingly bore others, and how to make yourself more interesting.

WHY THEY CANNOT BE ANOTHER WAR. Pulitzer Prize-winner William L. Lawrence tells why, in the awesome light of an exploding H-bomb, one thing stands clear: thermonuclear war means certain suicide to the aggressor.
