Messiah: Students Prepare Christmas Program

Over 600 University students will present the traditional performance of Handel's oratorio "The Messiah" Sunday at 3 p.m. in the Coliseum.

Soloists of the hour and a half program will be Shirley Halligan, Soprano; Phyllis Malony, Alto; Richard Voth, Tenor, and Robert Vitols, Bass.

The soloists were selected after tryouts by Dr. Frank Jordan of Drake University, a recognized authority on "The Messiah".

Professor David Foltz, Chairman of the Music Department, will direct the Messiah. He defines the production as an oratorio, a narrative set to music. The original Messiah was written in 24 days by its composer, George Frederick Handel, at the order of the king of England.

The Choral Union is composed of the Agricultural College Chorus, Altina Tullis, conductor; University Singers, Dr. Foltz, con-

German Club

Authentic German Christmas food, a Christmas playlet, and the reading of "The Night Before Christmas" will comprise, in part, the annual German Club Christmas celebration which will be held in Palladian Hall at 7:30 p.m. Thursday.

Those persons who do not hold membership cards may attend although a fee of 10 cents will be charged to defray food expenses.

Saylor Invited To Contribute To Publication

Dr. Galen Saylor, chairman of the University department of secondary education, has been invited by the American Educational Research Association to contribute to one of its major publications and to serve as special issue editor of another.

He will prepare the article on the secondary education in the Third Edition of the "Encyclopedia of Educational Research" to be published in 1960.

The encyclopedia is a comprehensive summary of educational research used as a primary reference volume in the field of education.

In addition, the editorial board of the "Review of Educational Research" has invited Dr. Saylor to serve as special editor for the issue reviewing research on curriculum planning and development.

Contributors for the issue will be curriculum specialists from Wisconsin, Pennsylvania, Illinois, Columbia, New York and Northwestern Universities.

Harrison To Address NU GOP

Congressman Robert Harrison of the Third Congressional District will address members of the University Young Republicans at 8 p.m. Thursday in room 316 of the Union, according to NU GOP president Louis Schultz.

Harrison will give his "analysis" of the effect of absentee ballots on the November election, said.

The congressman, from Norfolk, was re-elected to his post in the November elections by a margin of approximately 200 absentee votes.

The meeting Thursday will be open to the public.

Water Color Show

The University Art Galleries are now featuring the Sioux Land Water Color Show, an exhibit of 60 paintings from six midwestern states.

The competition was organized by the Sioux City, Ia., Art Center. The paintings chosen include those of Gail Butt, Mrs. Peggy Parris and Mrs. Freda Spaulding, University Department of Art staff members.

The show will be on exhibit in Gallery B, Morrill Hall Art Galleries, through December.

Book Review By Crompton Set Thursday

Louis Crompton will give the book review of Bernard Shaw: His Life, Work, and Friends, by St. John Ervine, at 4 p.m. Thursday in the Union Faculty Lounge.

St. John Ervine, who was a fellow Irishman and playwright and at one time director of the Abbey Theater, was a friend of Shaw's for forty years.

He discusses such famous figures as Wilde, Sydney, Beatrice Webb and H. G. Wells as well as Shaw, in his book. He also tells of Shaw's founding the political club Fabian Society.

Crompton will review the book in an attempt to show what new light it throws on Shaw's character and ideas.

No admission will be charged.

Second Semester Schedules Readied

Dr. Floyd Hoover, University Registrar, announced that he hopes second-semester schedule books were available to students Monday.

Included in the books will be the schedule of classes, final examinations and instructors.

Junior division students will receive their books through the mail; Business Administration students may pick theirs up in Room 210, Social Science Bldg., Agriculture students may obtain theirs in Room 207 Agricultural Hall; and all other students may pick theirs up in Rm. 103 Administration, Dr. Hoover stated.

Builders Schedule Christmas Dinner

The Builders Christmas dinner will be held Wednesday at 6 p.m. in Parlors XYZ of the Union. All persons working in Builders are invited to attend. Tickets may be purchased from committee chairmen or Sara Hubka.

The outstanding worker of each committee will receive an award, and a trophy will be given to the outstanding assistant.

Each person is to bring a 25c gift which Santa Claus will distribute to those present.

Swing Your Partner

Arlene Flessner, J. C. Graver, Mary Jane Phelps and Bob Pegler (left to right) cavort at the first annual Square Dance Jamboree held at the Union Fri-

day. The dance was jointly sponsored by the Ag and City Unions as a replacement for the Mortar Board Ball which will not be held this year.

On The Social Side:

Kosmet Show Friday

The main social function this weekend is the Kosmet Club show Friday night. Friday is also the Mortar Board late-date night. All girls have one-thirty hours if they pay a penny for every minute after twelve thirty.

Many of the sororities are busy planning Christmas parties in honor of their alumni's children.

Several of the sororities and fraternities, in the true Christmas Spirit, are giving parties at the orphanages this weekend.

There seems to be a pre-Christmas lull in the sororities and fraternities on Monday nights because there were only announcements of one marriage, two engagements, and two pinnings last night.

Marriage:
Sue Simmons, Kappa Delta senior in Teachers from Fremont, to Lt. J.G. Glenn Blomendahl from Hooper.

Engagements:
Annabell Blincow, Mu Phi Epsilon senior in Teachers from Loup City, to Don Bartlett, Selleck Quad senior in Engineering from Austin, Tex.

Jean Burdic, senior in Teachers from David City, to Stanley Swartz, senior in Teachers from Ashland.

Grace Farrell, society editor of The Nebraskan and a Kappa Kappa junior from Omaha, to Dave Allen, graduate from Harvard Business School from Omaha.

Pinnings
Sharon Reimers, Kappa Alpha Theta sophomore in Arts and Sciences from Grand Island, to Glenn Johnson, Phi Kappa Psi junior in Arts and Sciences from Grand Island.

Jean Huestle, Mu Phi Epsilon senior in Teachers from Eustis, Richard Orring, Phi Mu Alpha senior in Teachers from Omaha.

Friday
Kosmet Club
Mortar Board Late-date night

Saturday
Sigma Kappa Slumber Party
Kappa Alpha Theta-Delta Upsilon Christmas Party at the Orphanage

Sunday
Gamma Phi Beta Pledge Christmas Party
Alpha Phi-Sigma Phi Epsilon Christmas Party at the Orphanage
Chi Omega Slumber Party

Monday
Kappa Kappa Gamma Alumni's childrens' Christmas Party
Sigma Kappa Alumni's childrens' Christmas Party
Gamma Phi Beta-Sigma Chi Caroling
Alpha Xi Delta Alumni's childrens' Christmas Party
Alpha Phi-Alpha Tau Omega Caroling
Chi Omega Alumni's childrens' Christmas Party
Alpha Chi Omega-Delta Upsilon Caroling

Tuesday
Delta Gamma Alumni's childrens' Christmas Party.

Tracy Receives Law College Scholarship

Howard Tracy has received the first \$350 Rocky Mountain Mineral Law Foundation Research Scholarship to be awarded by the University College of Law.

Tracy is a senior law student. He will use the award for research on problems in the field of oil, gas and mining law.

The Foundation, which includes seven Rocky Mountain area law schools, was organized two years ago to conduct special institutes on mineral law. The scholarship program was set up this year.

Scholarship winners are selected by the individual institutions on the basis of their scholastic standing and time available for research.

IBM Spokesman To Speak At NU

A special representative of International Business Machines will discuss "Data Processing" in a series of lectures at the University Wednesday and Thursday.

He is C. W. Connell. His speaking schedule will be:

"The Need for Office Automation," 10 a.m., Wednesday, Love Library Auditorium; "Giant Brains or Giant Idiots," 1 p.m., Wednesday, Love Library Auditorium; "The Computer Helps the Manufacturing Plant," 3 p.m., Wednesday, Room 302, Social Science Building; "Why Send a Man to do a Boy's Work," 10 a.m., Thursday, Room 302, Social Science Building; "Quo Vadis Electronics," 3 p.m., Thursday, Social Science Building.

The lecture series is being sponsored by the University Department of Business Organization and Management.

Group To Hear Of Chances In Agriculture

Ag College students may attend a meeting on job opportunities to be held in Ag Hall 306 at 7:30 p.m. Thursday.

Representatives of several companies, U.S.D.A. and Extension Service will be present to discuss job opportunities.

The discussion will be open to all classes but the representatives have specifically requested that juniors, sophomores and freshmen attend since they would like to acquaint them with the opportunities that will be available when they graduate.

NU-Med Meeting

The monthly NU-Meds meeting will be held in Beasy Hall Auditorium, Wednesday at 7:30 p.m. The speaker will be Dr. J. F. Tollman, the dean of the University Medical School, who will talk and answer questions about the Medical College.

IT'S FOR REAL! by Chester Field

SANTA CLAUS ANALYZED

Why oh why does Santa go,
"Ho-Ho, Ho-Ho, Ho-Ho, Ho!"
Is it just because he's jolly?
I believe he's off his trolley.
... Gifts for everyone on earth
Breed hysteria—not mirth
If you had his job to do
Bet you'd shake like jelly too!

MORAL: End your gift problems before they start. Give Chesterfield in the carton that glows for real—to all the happy folk who smoke for real! Buy lots—to do lots for your Christmas list.

Smoke for real... smoke Chesterfield!

Yale Students Publish History Of Insurance

A group of Yale students have published 300,000 copies of a two-volume slick-paper magazine, "Insurance World 1957," which contains more than \$115,000 worth of advertising.

The magazine was published in an attempt to present a complete and objective analysis of the American insurance industry. One volume covers life, accident and sickness insurance, while the other covers property and liability insurance. The two-volume magazine, with a total of 224 pages is published by the Yale Daily News, the undergraduate newspaper.

The magazine is being distributed free to 300,000 undergraduates of more than 100 colleges and universities throughout the United States and Canada. One-thousand five-hundred copies are being distributed on the University campus.

What's doing... at Pratt & Whitney Aircraft

THE HOUSE THAT JET ENGINES BUILT

Engineers and scientists at Pratt & Whitney Aircraft developed the piston engines that wrote aviation history for three decades. Then came the jet age, and again it was the P & W A team that came up with the mighty J-57, most powerful production aircraft engine in the world today. Behind such accomplishments, of course, stand many development tools...tools like the house that jet engines built: the Andrew Willgoos Laboratory.

Located on the eastern bank of the Connecticut River in East Hartford, this windowless, thick concrete-walled laboratory has been growing almost continuously since its initial "completion" in 1950. As more powerful, far more advanced turbojet engines are conceived, the means for testing them in development stages must itself undergo carefully calculated alteration. Hence, authorship of today's specifications for Willgoos Laboratory properly belongs to the experimental engines it is testing today. Similarly, tomorrow's proportions, capacities and equipment will depend upon the requirements of tomorrow's power plants.

Behind the ponderous walls of this multi-million-dollar structure lies the wherewithal to simulate many of the rigorous flight conditions to be encountered by military and commercial aircraft. The range of these conditions must vary from ambient pressures and temperatures in a static condition at sea level all the way to the pressures, temperatures and high speeds involved in high-altitude flight.

This, then, is the house that jet engines built; at the same time, it is the house that tomorrow's engines will change and re-build.

World's foremost designer and builder of aircraft engines
