### Campus Beauties Meet Pogo

Shari Lewis, Miss Nebraska for the Miss Universe contest, and Diane Knotek, Miss Nebraska of the Miss America contest, pose with the trophies awarded for The Nebraskan's Pogo Point competition, as the cartoon character Pogo was used to get a straw vote of University student political opinion. Pi Beta Phi and Acacia pledge classes took first prizes in sorority and fraternity divisions, and Alpha Omicron Pi and Sigma Alpha Epsilon were second.

### IFYE Delegate:

## Rathjen Returns From Foreign Stay

Bob Rathjen, junior in the College of Agriculture next fall, has just returned from 3 1/2 months in Pakistan. The IFYE (International Farm Youth Exchange) delegate said that becoming accustomed to the slow, easy going life in that country was the hardest adjustment he had to make. The trip was sponsored by the National 4-H Club Foundation and the Cooperative Extension Service. Nathan Gold, Lincoln businessman and the Nebraska Rural Youth clubs financed the trip.

### Selleck:

## Building Program Underway

This semester the students and faculty of the University of Nebraska have witnessed the beginning of one of the largest building programs in the history of the school, according to John Selleck, University comptroller and business manager. Enlargement of the Union will begin sometime in February calling for an additional \$1,300,000. The whole program will amount to \$6 million when its completed. The University is also building new office buildings and laboratories at the Agriculture Experiment Stations in Scottsbluff and North Platte valued at \$160,000 and \$150,000 respectively. Buildings under construction on the city campus include a \$550,000 Student Health Center located at 15th and U to be completed sometime late in 1957. Approximately \$850,000 is being spent on a new Administration Building under construction at 14th and R, will be used for academic purposes after a complete renovation. A new \$750,000 Pharmacy Building is being erected at 14th and Vine. The Law College is adding a new library costing \$250,000. A wing housing 125 girls is being added to the Woman's Dormitory at 16th and S. This addition will be financed by revenue bonds. Parts of two floors of Andrews Hall are being converted into x-ray and surgical rooms for the Dental College. Building costs for this project total \$65,000. Over \$750,000 is being spent on a new biochemistry building on Ag campus. A married student housing project on Ag is also under way costing approximately \$40,000.

## Exams: 'Relax' Session Planned

The Union has announced a program of events it is sponsoring during semester examinations entitled "Relaxavous" according to Barb Meston, chairman of the Union general entertainment committee.

This program is set up during the two week exam period to give students a break and period relaxation from their study schedule, Miss Meston stated.

On January 22, the films, "Football Highlights of '56" and "Snow Fun," will be shown from 11:45 a.m. to 1:00 p.m. Tuffy Epstein's Combo will play in the crib from 2 p.m. to 5 p.m. and free gum and suckers will be given away.

On January 23, the films, "Our Wife" and "Midget Car Maniacs," will be shown at 11:45 a.m. Free cokes will be given away in the crib at various times during the day to the person standing at the cashier's desk when an alarm goes off. A dance will be held in the ballroom from 4 p.m. to 5:30 p.m.

The films during the noon period on January 24 from 11:45 a.m. to 1 p.m. will be Walt Disney's, "A World Is Born."

On Jan. 25 the films, "Dippy Diplomat" and "For Pete's Sake," will be shown from 11:45 a.m. to 1 p.m. A jam session will be held in the ballroom from 4 p.m. to 5:30 p.m.

The films to be shown in the main lounge on January 28 at 11:45 a.m. are "Sparting Partners," and "Getting Gerties Goat", Charlie Chaplin films.

On Jan. 29, the films to be shown are, "Football Highlights of '56" and "White Magic". Free juke box music will be played all day in the crib. A jam session will be held in the ballroom from 4 p.m. to 5 p.m.

In the main lounge on Jan. 30, the two Charlie Chaplin films, "Stage Struck Susie" and "Love Goes West", will be shown at 11:45 a.m. At various intervals free cokes will be given away in the crib.

On Jan. 31, at 11:45, the film, "Bungled Bungalow", and a Maggo cartoon will be shown. A jam session will be held in the ballroom from 4 p.m. to 5:30 p.m.

In addition to the special programs the regular facilities of the union, the music room, the ping-pong room, card room, and Book Nook will also be open for the students use.

## Coleman Gets Sigma Tau Scholarship

Dennis Coleman, senior in Mechanical Engineering was awarded the \$100 Sigma Tau Senior Scholarship at the fall initiation banquet last week. Melvin Earnest, junior in Civil Engineering, was awarded the \$50 Sigma Tau Junior Scholarship.

The two awards were made on the basis of personality, practicality and need. Candidates for the award were in the upper ten percent of their class.

## DG's Win Penny Carnival

Delta Gamma took first place honors in the annual Penny Carnival sponsored by the Coed

Counselors with "Hit the Headlines." Chi Omega was tied for second with "Chi O Construction Co." with Delta Delta Delta

and "Rope Your Gal in the Delta Corral." Kappa Kappa Gamma and Alpha Xi Delta won honorable mention.

## Professors Rank Highest As Editors

College professors are better amateur magazine editors than college students, according to the Reader's Digest college contest.

Dr. Phillip G. Horton, professor of chemistry at Henderson State Teachers College, Arkadelphia, Arkansas, won first prize of \$5,000 in cash and \$5,000 for that college's scholarship fund, in the Reader's Digest College Contest.

Dr. Horton was the first to mail the nearest correct list of the six best articles in the October issue of the magazine which a later readership survey found the most interesting.

Second prize went to Herbert Prescott, associate professor of English and journalism at Grinnell College, Grinnell, Iowa. He received \$1,000 in cash and \$1,000 for the college scholarship fund.

Student Italian-born Dr. Michael J. Zappitelli, a first year resident in radiology at the Philadelphia College of Osteopathy, won third prize of \$1,000 cash and \$1,000 for scholarships.

Five hundred dollars cash prizes and the same amount for scholarship funds went to nine students and one teacher.

## Photomicrographic Study To Continue

Dr. R. M. Sandstedt, Professor of Biochemistry at the University, will continue motion photomicrographic studies during 1957 under a fellowship granted for the Corn Industries Research Foundation of Washington.

The fellowship, in the amount of \$8,000, is one of 20 allocated to science centers for the coming year. The 1957 Fellowship will carry forward research efforts which industry members have sponsored collectively since 1935.

William Brady of New York, president of the Foundation's board of trustees, said the research program aims to increase fundamental knowledge of carbohydrate chemistry, to discover new facts about component parts of corn, to promote broader corn research by science centers and to foster scientific training.

## HC Queen: Tassels New Procedure Approved

The Student Council Judicial Committee Wednesday approved an amendment to the constitution of Tassels, womens pep organization, calling for the selection of the five final candidates for Homecoming Queen to be made by a special committee.

The committee will consist of three senior officers from Tassels, the Yell King, president of Corn Cobs, the president of the "N" Club and one faculty member. Any house having a junior member in Tassels will be allowed to substitute for her in the interviews if they desire.

The Judiciary Committee settled, by their decision, a controversy that has raged on campus for the past three months. On October 24, Mick Neff, vice-president of the Student Council, touched off the discussion in an editorial in which he stated it was undemocratic for such a small group as Tassels to be able to select the candidates for the leading beauty queen office on campus.

In an open meeting of the Tassels last Nov. 11, Neff suggested that the selection of the Queen candidates be made by a committee composed of the heads of Tassels, Cobs and Lincoln businessmen.

After holding several meetings, both open and closed, on the issue, Tassels submitted an amendment to the Judiciary Committee on Dec.

Shirley McPeck, president of Tassels, said at the time of the Judiciary Committee action that "Tassels would revise the amendment to include more girls and a different method of nomination."

## LATE DATE WITH A BIRTH RATE

JUNIOR'S driving the combine tonight. He's got a date with the 10,753 new Americans who'll be born by next sundown. A birth rate that has upped our population 30 million since 1940—while 2 million farmers have left the farm for other jobs.

How can 2 million fewer farmers feed 30 million more people? Machines—millions of them—are the answer. Today's farmer still has to work late when his crops are ready. But "hired hands" of steel enable him to produce more. Tractors do the work of 40 men. Grain combines reduce labor 85%.

Today's farm production depends on the trouble-free operation of these machines. That's why every make of farm tractor uses Timken® tapered roller bearings; why more and more implements are using them, too.

Timken bearings reduce breakdowns because they roll the load. They practically eliminate friction, require less maintenance, minimize wear to keep farm machinery on the go.

Keeping farm equipment rolling smoothly is just one example of how the Timken Company keeps America on the go. We work hand-in-hand—drawing-board-to-draw-

ing-board—with all industry to increase speed and precision. Decrease wear and maintenance. Improve the machines that are improving your way of life.

This spirit of cooperation and progress has helped make "Timken" the best-known bearing in America. It's helped make us the world's largest manufacturer of tapered roller bearings.

And it's kept us moving up. If you want to keep moving up, you might be interested in what we can offer you. Write for our booklet, "Career Opportunities at the Timken Company". The Timken Roller Bearing Company, Canton 6, Ohio.
