Psychology Department Silent:

Dunninger 'Needs Transmitter, Receiver To Read Thoughts'

"I really read thoughts", is the statement of Dunninger in his explanation of his ability to read minds.

"In reading thoughts", Dunninger further explains, "two things

are required. The transmitter, you; and the receiver—myself."

"I claim only 90 per cent ac-

Gimmick Readied For Mind-Reader

Three students from Selleck Quadrangle, Ken Ash, Doug Watkins, and Sanford McConnell, will present a test for the telepathic abilities of Dunninger, according to McConnell.

A sealed container of envelopes, each of which contains a thought, will be presented to Dunninger.

The thoughts contained in the envelope are all related and form one complete message.

Dunninger will be asked to determine the number of envelopes and the message of the combined thoughts.

NROTC Dance Features Guest Diane Peterson

The NROTC dance will be held at 7:30 p.m. on March 16 at Cotner Terrace, according to Lieutenant Commander Donald Edge.

Staff Member To Challenge Telepathist

The Daily Nebraskan will challenge Dunninger during his Friday night show in the Coliseum in an effort to determine the authenticity of his alleged mind-reading powers.

According to Dick Schugrue, editorial page editor, the challenge will be made at the 7 p.m. show by a member of the Nebraskan staff.

Schugrue stated that a member of the staff, who will not be disclosed until the Dunninger show, has memorized a four digit number from a news story of the Oct. 22, 1937 Daily Nebraskan.

Dance Scheduled

BABW and University Residence Halls for Men will sponsor a dance to be held in the Men's Dormitory Saturday, Feb. 23 from 9 to 12 p.m. A combo will provide the music. The dance will be a date or stag affair.

Red Cross Meeting

Red Cross will hold a mass meeting of all old and new workers in Room 316 of the Union Wednesday at 7 p.m., according to Larry Epstein president.

New Students:

University To Welcome Three More Hungarians

Lajos Molnar, Gyula Szabo and Steven Takacs, Hungarian students sponsored by the University, will arrive Tuesday night. The three boys are the third, fourth and fifth of a possible ten students who will study at the University.

Molnar and Szabo are planning to attend the College of Agriculture.

Molnar of Szekesfehervar, Hungary, attended Agriculture High School and later the University of Agronomy in Gadoello, where he studied Marxism, Russian, meteorology, organic and biochemistry, plant pathology, physiology, micro-

Summer Degree Applications Open

Students who expect to receive bachelors, advanced degrees or teaching certificates at the close of this semester should apply by March 1, according to Shirley Thomsen, assistant registrar.

Applications should be made at the Senior checking office, Room 101 Administration Building, between the hours of 8 a.m. and 5 p.m. Monday through Friday or from 8 a.m. to 12 noon on Saturday.

Committees Named:

Annual E-Week Starts April 25

The 45th annual Engineering Week, scheduled for April 25 and 26, will have 13 committees to organize and coordinate the various phases of the activities, according to Jim Souders and Jerry Sinor, co-chairmen.

Committees and their chairman are: Treasurer, Ray Valasek; Banquet, Roger Berger; Contest, Stan Bloemendaal; Convocation, Harry Dingman; Field Day, John Boning; Program, Jay Schnoor; Ribbon Sales, Roger Schutte; Sledge, Melvin Earnest; Traffic, George Fisk; Window Display, Robert Gallawa; Tours, Doug Thorpe; Publicity, Stan Hargle-road; chairmen, Mal Seagren, Bob Jameson, Jim Weaver, and Robert Smidt.

Faculty Advisors for E-Week are Herbert Bates, professor of chemical engineering, and Donald Pierce, professor of engineering mechanics.

E-Week is conducted by the College of Engineering and Architecture. It is designed to show University students and the general public what the field of engineering involves and the educational opportunities it offers, according to Bob Jameson, publicity chairman.

The highlight of the week is the open house, which features displays showing the work of each department, says Jameson.

Each department's engineering society names a committee to supervise its activities during the week. Chairmen of these committees are Norvin Pearce and Vaughn Nelson, agricultural engineers; Larry Westerbeek and Don Wees, architectural engineers and architects; Douglas Mansfield and Gordon Warner, civil engineers; Rowan Belknap and Don Weitzel, chemical engineers; Vic Musil and Robert Terry, electrical engineers; W. G.

biology, history, and animal husbandry. He has never studied English. Molnar wishes to continue his studies in the field of agronomy with special emphasis on problems of plant cultivation.

Szabo of Moso, Hungary attended Agriculture High School. Upon graduating he served in the Hungarian army for three years. Szabo was not accepted for the University in Hungary because his family was considered a political risk. During his time in the army he succeeded in enrolling in the School of Farming in Budapest, which he was attending when the revolt began.

Steven Takacs hopes to enter the College of Engineering. He will live at the Sigma Chi house, according to Ken Vosika, president.

All three students received high recommendations from the interviewers who also suggested that they receive scholarships.

Letters commending the action taken by students in the Hungarian Student project have been many, including letters from Roman L. Hruska and Carl T. Curtis, Senators from Nebraska, and Vice President Richard Nixon.

May Queen Filings Open To Seniors

Filings for May Queen are open through Friday in the main lobby at Ellen Smith Hall, according to Shirley McPeck, Ivy Day chairman.

All senior women who have an overall scholastic average of 5.5 and who are carrying twelve semester hours are eligible for filing.

Scholarships: Saturday Deadline For Filing

The deadline for filing scholarship applications for the 1957-58 school year is Saturday, according to the General Scholarship Awards Committee.

Applications are available at the office of the Division of Student Affairs, Room 104, Ellen Smith Hall. A grade average of 6.0 or above is usually necessary before an applicant is considered by the committee.

All applicants with the exception of seniors-to-be or students in the College of Dentistry, Law or Medicine, who have not previously taken the General Comprehensive Scholarship Examination must take this test March 2, from 8:30 a.m. to noon.

In addition to the undergraduate Scholarship committee will also award the Delta Kappa Gamma scholarship to a senior in education, the Delta Delta Delta scholarship to any deserv-ing student, the American Association of University Women scholarship to a junior or senior woman student and the Faculty Women's scholarship to a deserving senior woman.

Ayres, Swanson and Associates, Inc. are also offering a \$250 grant to a senior who is interested in making advertising a career.

During the conference luncheons and dinners have been scheduled in addition to the rounds of debate and discussion, according to Olson.

There will be five rounds of debate. Teams and individuals receiving superior ratings in 3 of the 5 rounds will be announced as recipients of "Superior" awards.

During the conference no championships will be awarded, and each school will be given its own rating.

Each of the 90 teams will be composed of two speakers. Constructive speeches will be 10 minutes in length; rebuttals, 5 minutes. Coaches may change personnel at will from round to round.

The subject for the discussions at the conference shall be: "What

AUF Student Poll Scheduled For This Week

The All University Fund student preference poll of charities to be supported by the 1957 fall drive is being conducted this week, according to Art Weaver, AUF president.

Each spring a poll of the students is taken to determine which five charities will receive the money collected during the AUF drive the following fall.

Charities supported by the 1956 drive were World University Service, American Cancer Society, United Cerebral Palsy, Lincoln Community Chest and the Lancaster Association for Retarded Children.

Preference blanks were distributed at the campus religious houses Sunday night and at the fraternity and sorority houses Monday night.

Students who have not yet registered their preference of charities are asked to do so at the AUF booth in the Union lobby Tuesday, Wednesday and Thursday.

The Inside World

Alpha Epsilon Rho Initiates; Pledges

Alpha Epsilon Rho, honorary radio and television fraternity, announced the initiation of five students and the pledging of seven.

Tom Gensler, Bill Raecke, Don Montgomery and Charles Weatherford are the new initiates.

Sharon Fangman, Phyllis Bonner, George Rayer, Phillip Laughlin, Bob Martel, Dixie Helms and Bob Furman make up the new pledge list.

Church Lecture

Dr. Harrison Anderson, pastor of the Fourth Presbyterian Church of Chicago, will be the speaker at a college night lecture and coffee hour Wednesday at 7:30 p.m. at Westminster Presbyterian church.

Students desiring transportation to the church should contact the Presbyterian-Congregational Student House, according to Verlyn Barker, associate pastor.

Intercollegiate Tournament:

Debaters Invade For Annual Tests

More than 250 students and instructors from 46 colleges and universities in a nine state area will take part in the 17th annual University Intercollegiate Debate and Discussion Conference Friday and Saturday.

The program will include debate, discussion, original oratory, extemporaneous speaking and interpretative reading. Judges will be University faculty members and representatives from the schools taking part in the conference.

The conference will be conducted under the direction of Mr. Donald Olson, Director of Debate, and Mr. Bruce Kendall, Director of Forensics, Department of Speech and Dramatic Art at the University.

According to Olson, the purpose of the forensic conference this year is to give all interested schools the opportunity to participate in a well rounded forensic program.

A sweepstakes trophy has been added this year to heighten the competition according to Olson. "Because we would like to encourage Quality work in many phases of forensic activity, we are going to award a sweepstakes trophy to the school with the best overall record in all activities, based on quality ratings received," he said.

"Although a school may enter more than two students in discussion, only the record of the two highest discussants will be considered for the sweepstakes trophy. The University will be declared ineligible in competition for the sweepstakes trophy."

The 90 debate teams from Wisconsin, Minnesota, South Dakota, Colorado, Kansas, Missouri, Iowa, Illinois and Nebraska will begin the conference at 8 a.m. Friday by registering at the Temple Building.

During the conference luncheons and dinners have been scheduled in addition to the rounds of debate and discussion, according to Olson.

There will be five rounds of debate. Teams and individuals receiving superior ratings in 3 of the 5 rounds will be announced as recipients of "Superior" awards.

During the conference no championships will be awarded, and each school will be given its own rating.

Each of the 90 teams will be composed of two speakers. Constructive speeches will be 10 minutes in length; rebuttals, 5 minutes. Coaches may change personnel at will from round to round.

'Film Without A Name'

German War Picture Next Series Show

"Film Without A Name," the second movie of the 1957 Film Series, will be shown Wednesday night at the Capitol Theater at 8 p.m.

The production is a German film, made just after World War II. The film frequently leaves the action to investigate its own creation, and provides an insight into the motion picture industry.

Hildegard Neff plays Christine, Willie Fritsch, a famed German silent star, plays the actor and Hans Shonker is Martin.

The picture begins with an actor and a director trying to create a movie script. They are joined by a refined looking man and an attractive young girl. The girl is Christine Fleming, whose parents own a farm nearby, and the man is Martin Delius, her fiance. The film proceeds to tell their story,

should be the policy of the United States toward the countries under Soviet domination?"

A special feature of the Debate Conference Banquet, scheduled for Friday night in the Union Ballroom will be the presentation of three

8180 Students:

Second Semester Enrollment Increases

The second semester enrollment at the University jumped seven per cent, compared with last year's second semester totals, Dr. Floyd W. Hoover, registrar, announced Monday.

This semester's total is 8180 students, compared with 7639 last year, or an increase of 541, he reported.

The comparison with last year's figures at this date follows: undergraduates, 6834, and 6356; graduates, 665, and 650; Teachers College advanced professional candidates, 216, and 172, and Medical College, 465, and 452.

Last semester, the University had 8387 regular students registered, or an increase of 535 over

Johannsen Named Ag Rag Editor

Chris Johannsen, sophomore in Agriculture, has been named Ag Rag editor for the second semester.

Tom Kraeger, freshman in Agriculture, will be assistant editor. Mary Lynn Stafford and Mary Anderson are art editors and reporters are Merrill Mason, Don Herman and Claudia Keys.

Typists for the second semester are Roger Wehrbein, Judy Seiler, Nola Obermire, Dean Glock and Ruth Albin.

Soil-Water Committee Names Hurlbut

L. W. Hurlbut, chairman of the University Agricultural engineering department, has been named to a newly organized national committee on soil-crop-water relationships.

The committee was organized by the agricultural board of the National Academy of Sciences National Research Council.

The purpose of the committee is to help plan research to predict drought hazards and evaluate risks associated with agricultural enterprises under natural rainfall conditions. They will also be concerned with the value of irrigation and the use of water by crops.

Others on the committee include instructors from Duke, Purdue, and Georgia.

Junior Y-Teens Assist Hungarians

Nine member clubs of the junior high Y-Teen Interclub Council have sponsored projects to raise money to contribute to the University Hungarian Student Project.

So far more than \$50 has been raised through such projects as sock hops, box suppers, bake sales and concession stands.

Other projects are being planned, including parties and the making up of a clothing box for refugees.

Ad Correction

An advertisement in the Friday issue of the Daily Nebraskan which listed men's sports coats at \$21.00 should have been listed as \$21.

Co-ed Follies acts by the Pi Beta Phi sorority.

The acts will include the regular Co-ed Follies skit, presented by the sorority, the Pi Phi traveler act, presented by the junior girls, and songs by Diane Knotek.

This is the fourth successive year that the University had shown a substantial gain in regular students.

Dr. Hardin said the increase was remarkable because the number of high school graduates in the state has remained approximately at the same level during the past four years.

The increase in the University's enrollment has been the result of youth who are interested in furthering their education and not by increased birth rates, he said.

Mercury Dip, Partly Cloudy Skies Forecast

Dig out your overcoats folks, the mercury's heading for the bottom! The U.S. Weather Bureau forecasts colder temperatures Tuesday with clear to partly cloudy skies.

Polar air from the Yukon is expected to bring crisp weather but no precipitation, except for possible snow in the northwest portion of the state.

Temperatures Tuesday are expected to range from 28-32 in the extreme north and may reach 35-40 in the south, according to the Weather Bureau.

Scottsbluff recorded the state's high Monday with 50 degrees while the mercury barely passed the freezing mark at Norfolk, which recorded a high of 33. Sidney's 11 was the state low. Lincoln's high was 41.

Precipitation in the state continued behind normal. This month to date, Lincoln has recorded .02 of an inch; normal to date is .40 of an inch.

The total precipitation this year is only .46 of an inch, compared with the normal to date of 1.30 inches.

Overall weather for the next few days is cooler, with clear to partly cloudy skies. No precipitation is expected.

Second Free Dance Lesson Set Tonight

The Second Free Dance Lesson, sponsored by the Union Dance committee, will be held Tuesday at 7:30 p.m. in the Union Ballroom, according to Terry Mitchem, chairman.

Mary Mong, senior in Teachers College, will instruct the "Jitterbug."

Many students have expressed a desire to learn the dance typical of university students, according to Gail Sunderman, official hostess. "Since we feel that the Hop and Jitterbug are favorites, we have decided to concentrate on them," she said.

Lessons will continue next week with the Hop under the direction of Jon Appleget.
