Monday: SC Vote Request Up For Hearing

The Faculty Senate Committee on Committees will discuss a Student Council resolution asking that the Faculty Senate restore voting privileges to student representatives on faculty committees at their meeting next Monday, according to Donald Dyingser, chairman.

Dean of Student Affairs, J. P. Colbert in a formal letter to faculty committees with student representation dated Jan. 17 pointed out that a Senate resolution of Dec. 13, 1955, removed the right for students to vote on faculty committees.

Colbert said in an interview last January that he thought support could be found on the Faculty Senate to return voting privileges to student representatives.

"The action taken was no reflection on the help given by the student representatives. We have welcomed their opinions and suggestions and hope they keep giving them," Colbert said.

Marvin Breslow, member of the Publications Board, one of the committees affected by the Senate directive, and Vice President of the Student Council, said, "I hope the vote is restored especially on the Publications Board which controls student publications that are supported by student sales and student fees."

Student YM Plans 'Chats' With NU Profs

The student YMCA is planning a series of "fireside chats" with University professors, according to Bob Martel, cabinet member.

The "chats would probably entail students visiting professors at their homes for an evening and discussing not only school subjects, but any topics of general interest," Martel said.

"The purpose of the sessions would be to bring the students closer to the faculty and let them realize that professors are not there just to give them downslaps but are actually interested in them and their problems," Martel explained.

He went on to say that such "chats" had proven successful on other campuses and the YMCA was interested in trying them out at the University.

Anyone interested may attend the YMCA meeting Wednesday at 4:30 p.m. in the Union, he said.

Hot Blanket Causes Fire In Quad Room

A fire caused by a home-made electric blanket resulted in a burned-out bed for one of the residents of Selleck Quadrangle Saturday night, according to Lowell Vestal, Quad publicity chairman.

The owner of the blanket had gone home Friday, Vestal explained, and had left the blanket on his bed. His roommate opened all the windows before going to bed and the blanket "turned itself on" at about midnight he continued.

His roommate woke up in the middle of the night to find the bed on fire, the headboard and the mattress partly burned through and the room filled with smoke.

Unable to extinguish the blaze, the roommate carried the burning bed outside and went back to sleep. The burning continued until about Sunday noon, according to Vestal.

Allan Holbert: KK Names 'South Pacific' Music Head

Allan Holbert, graduate of the University School of Music, has been chosen Music Director for "South Pacific," to be presented by the Kosmet Klub, May 24 and 25 in the new Pershing Memorial Auditorium.

Holbert, who is now taking graduate work at the University, has taken part in a number of music school activities, had his own dance band and directed a church choir. "Kosmet Klub feels that Al will do a superb job with the musical part of South Pacific, and we are sure that it will be a pleasure for the cast to work with him," says Jerry Brownfield, Publicity Director of the Klub.

Some of the parts in South Pacific include: Emile, the male

romantic lead. He is a middle-aged plantation owner; Nellie, vivacious, wholesome, spirited and fun-loving U.S. Navy nurse who sings and dances with delight and abandon but has the depth to be thoroughly believable in her love for Emile.

Cable, who gets romantically involved with Liat, a young Tonkinese beauty; Bloody Mary, a middle-aged native woman; Billie, the comic relief; Captain Brackett, the commanding officer; Commander Harbison, member of the efficient military brass; Professor and Stewport, typical roustabouts who abet Billie in his devious activities.

In addition there is a number of minor speaking and singing roles, including sailors, marines, seaboys, Navy nurses and natives.

Persons wishing to tryout for a lead in the Kosmet Klub presentation of South Pacific, may purchase a copy of South Pacific music at Walt's Music Store, or Dietze Music Store by presenting to them a "Permission-to-buy-slip" that can be obtained in the Kosmet Klub booth from 1:00 to 5:00 p.m. each afternoon this week. The price of the music is 60c per copy.

Baritones should purchase "Some Enchanted Evening"; Tenors, "Younger than Springtime"; Altos, "Bali Hai"; and Sopranos, "I'm in Love with a Wonderful Guy" or "A Cockeyed Optimist."

Leads will audition by singing one of the above mentioned songs and reading lines of Kosmet Klub's choosing. Chorus members will audition by interview and possibly singing if the director so desires. Dancers will audition mainly by interview.

Chorus members need not familiarize themselves with specific music.

Tryout schedule for "South Pacific" will be held Saturday afternoon, and Sunday afternoon.

University Health Service: Freshman Dorm Under Proposed Code

Under a Housing Code proposed by the University Health Service and submitted to organized houses for suggestions Monday night, all freshmen men would be compelled to live in University dormitories for their first academic year.

Section 1, paragraph 2 of the proposed code states, "Undergraduate men who are freshmen will be required to live in university residence halls for an academic year."

The code, based on a code recommended by the United States Public Health Service, is more strict than the building code recently approved for the city of Lincoln.

"The code eliminates some of the weaknesses of that (the city housing code) code," Dr. Samuel Fuenning, Director of the University Health Service and Student Health said.

Some other requirements of the code are "every dwelling unit shall contain at least 150 square feet of floor space for the first occupant thereof and at least 100 additional square feet of floor space for every additional occupant thereof."

"Every room occupied for sleeping purposes by one occupant shall contain at least 70 square feet of floor space, and every room occupied for sleeping purposes by more than one occupant shall contain at least 50 square feet of floor space for each occupant thereof."

Fuenning emphasized that the housing code was merely a proposed one. "We hope houses will seriously consider this code and offer us any suggestions they have to make about it," Fuenning said.
