YMCA Plans Special Group For Chaplains

The University YMCA is sponsoring the foundation of a discussion group of the chaplains of campus organizations, according to Stan Hargleroad, chairman.

The purpose of the organization will be to bring the religious leaders of the various organized houses into a group so that their religious problems can be shared and solved, and to coordinate and facilitate the religious programs in the houses, Hargleroad said.

The tentative program calls for weekly meetings throughout the remainder of the school year. Hargleroad said the student pastors of the University had endorsed the program and will attend the meetings to act as resource leaders.

The group will begin by discussing the problems "How not to offend a member's faith in our dealing with religion in the house," "How to get members to think in terms of religion in their everyday life," "How to maintain and promote a truly Christian environment in your house," and many others that will be formulated later.

The first meeting of the organization will be held Thursday night in Parlor A of the Union at 8 p.m.

Navy Releases Cruise Plans For Middies

Naval ROTC midshipmen at the University will participate in two training cruises this summer, the U.S. Navy Department announced today.

Regular midshipmen—freshmen and juniors at the University—will take part in the cruise consisting of the battleship USS Wisconsin, cruisers USS Boston and USS Albany and eight destroyers.

Leaving June 10 from Norfolk, Va., the Nebraskans will visit Chile, Canal Zone, Cuba and Puerto Rico, returning home Aug. 5. This cruise also will participate in the Jamestown Festival International Naval Review with 80 ships from 27 foreign countries.

The second cruise will involve University juniors who will leave Norfolk, Va., July 8 aboard the cruiser USS Des Moines, 12 destroyers and destroyer escorts. Liberty ports will be Quebec, Canada and Boston. The cruise ends Aug. 7.

"Modern Trends in Literature and Humor", "Changing Styles in American Humor", "What Are the Movies and Television Doing to Literature Today", "Authors I Have Known" and "The Publishing Business Today".

As president of Random House Publishing Company, Cerf has been responsible for the publishing of such books as "Guadacanal Diary", "Thirty Seconds Over Tokyo", "The Snake Pit" and "Don't Go Near the Water". His 27 years in the literary field have given him a comprehensive view of the literature of the times.

In addition Cerf is the author of seven best selling collections of humorous stories including "An Encyclopedia of Modern American Humor", "Try and Stop Me", "Shake Well Before Using" and "Good For a Laugh".

Cerf's start in the publishing field came after his purchase of the Modern Library Series in 1925. Immediately he began to transform the series into a set of modestly-priced classics available to the public.

Cerf appears weekly on the television panel show "What's My Line". His visit to the University campus is sponsored by the University convocations committee.

Convocation: Camper Selected Speaker

University graduate George Campen has been selected as speaker for the annual All-Engineering College Convocation during E-Week, according to Bob Jameson, E-Week publicity chairman.

Campen, manager of the Ceco Steel Products Co. branch division at Denver, will address an 11 a.m. convocation April 26. All engineering classes will be dismissed.

A 1944 graduate of the University with a degree in Civil Engineering, Campen was editor of the engineering magazine Blueprint, a member of Student Council and active in the American Society of Civil Engineers.

After graduation, Campen entered the Navy and his tour of duty included a teaching job at Harvard. In 1947 he began work with the Ceco Steel Products Co. and was promoted to sales engineer in 1949. In 1952 he was promoted to his present position as branch division manager.

Each year a prominent engineer is invited to speak at the All-Engineering convocation on subjects which might be of interest to students seeking engineering jobs.

Budget:

Governor Sees Legislative Attempt To Raise Increase

By SAM HALL Staff Reporter

Governor Victor Anderson expressed confidence Tuesday that the legislature "will make an effort" to bring the University budget increase up to his 3.2 million dollar budget recommendation.

This was Governor Anderson's belief when contacted by the Daily Nebraskan in regard to the Legislative Budget Committee's report of cut of one million dollars from his 3.2 million dollar recommendation.

Originally the University had requested a 5.5 million dollar increase over the amount appropriated for the 1955-57 biennium.

Governor Anderson stated that the Budget Committee had reported to him a cut that would not exceed the necessary amount to cover salary increases for the present staff, which would be 2.2 million dollars.

Beyond that it is not definitely known how much the committee has cut. "Since the staff is the backbone of any university, it was my primary interest to see that the present staff receive a salary increase," stated the governor.

He went on to say that he does not know the feeling of the legislature on this subject. "They have not taken any position and probably will not until they have the facts."

Wiley, Sherdemang:

Theater Reveals 'Harvey' Roles

Roy Wiley and Stephaney Sherdemang have been chosen as the leads in the play "Harvey" to be presented at Howell Memorial Theater, according to Dr. Margaret Servine, director.

Wiley and Miss Sherdemang will play the parts of Elwood Dowd and Veta Louise Simmons respectively in the Howell Theater production.

Wiley is a transfer student majoring in speech in the College of Arts and Sciences. He has appeared in several other theater productions this year including "Dark of the Moon" and "Corn is Green."

Miss Sherdemang is a junior in the College of Arts and Sciences majoring in speech. Her experience has been mostly with the Community Playhouse in plays such as, "Time Out For Ginger" and "Picnic." She also had a bit part in a University play last year entitled, "Mary of Scotland."

The other members of the cast and their parts include, Dixie Lee Helms as Myrtle Mae, Claire Cooper as Mrs. Chauvenet, Pat Patterson as Ruth Kelly, John Crowell as Wilson, Keith Williams as Ly-

Lily Parade To Feature Girl 'Bunnies'

No, you won't be seeing advance publicity people for the University Theater's play "Harvey." Those girls who will be swarming (like rabbits do) around the downtown Thursday are participants in the Lily Parade to help support the Lancaster County Crippled Children's Society.

Dr. Lucille Cypreansen of the Department of Speech and Dramatic Art said that girls from the Kappa Kappa Gamma and Chi Omega sororities plus student clinicians in speech therapy will be the "bunnies" for the fund drive.

She added that the girls will canvass the downtown area Thursday from 11 a.m. to 9 p.m.

Funds from the Crippled Children's Society help maintain the Speech Therapy and Pre-School Clinics of the Speech Department, Dr. Cypreansen concluded.

British Offer 12 Grad Scholarships

The British Information Service has announced the availability of twelve scholarships for graduate study at British Universities.

The awards will be made to students of either sex who must be a United States citizen and who are under 28 years of age.

These scholarships will be made for two years and may be extended for a third year. They carry a stipend of 550 pounds a year or 750 pounds for a married man. They are not subject to the United Kingdom income tax.

Application forms may be obtained by writing directly to the British Consulate-General, 720 N. Michigan Ave., Chicago 11, Ill.

When asked if he intended to fight the measure when it reached the legislative floor, he said, "It is not my responsibility to fight it. The law provides that I make recommendations only. My measure is simply a framework not the final word. It is entirely up to the legislature to determine how much is to be appropriated."

Budget Committee stated, "The University is not being cut; they're being raised. They always talk about being cut. Every session since 1947, they've had an increase."

"Progress is being made at the University," said the governor, "they've received an increase each year." "This years proposed increase is one of the largest in the school's history."

According to the Lincoln Journal the committee said it had reasons for cutting the school's request and had used a formula to

guide it in trimming the governor's recommendation. He added that the Budget Committee had more time than he to review budget requests and he had no idea of what the formula consisted.

Early in the year, the University had indicated that it might go to the floor in its fight for more funds if the Budget Committee action was unsatisfactory.

Should the tentative committee report prove final, a stiff floor fight for at least the 3.2 million dollar figure recommended by the governor will develop, the Lincoln

Committee Report:

Faculty Senate Tables Motion

The Faculty Senate tabled a motion by Donald Dyingier, chairman of the Committee on Committees which was presented to the Senate at their meeting on Tuesday.

The recommendations included: (1) The Committee on Student Affairs be dropped as a Senate Committee and be reconstituted as a University Committee on Student Affairs, in accordance with the By-Laws and Rules of the Board of Regents.

(2) The present committees on Commencement and Honors Convocation be dropped as Senate Committees and be reorganized as a University Committee.

(3) The Senate Committee on Committees be required to define to the Chancellor, on his request, the areas of responsibility of these University committees as well as the membership of each; and make nominations of faculty members to fill vacancies on such committees in the same manner as Senate committees.

(4) These University Committees shall be directly responsible to the Chancellor, but shall make an annual report to the University Senate for informational purposes.

(5) On those University Committees which deal with Student matters, the students should be allowed to vote.

Miller said, 'More is involved

than is apparent and more time should be devoted to discussion and exchange of ideas."

After the motion was tabled, several professors commented in the discussion that the students should be allowed to vote on the Committees.

Herbert Davis Professor of Dairy Husbandry, "It has been noted in the past that general relations between the Faculty and students has not been what one would desire. This is due, in my estimation, in part, to the vote situation on the Committees. Students on committees right now have the same status as second class citizens. This should be remedied."

Robert Knoll, Ass. Professor of English commented, "The last few years the students have been invaluable on the Subcommittee on Student Publications of which I am Chairman. They definitely should be allowed to vote."

Ruth Levinson, Asst. Professor of Physical Education, while commenting that students should be given the vote, added this recommendation, that the Student Council designate just one person for the Committee and have the Council responsible for that person. "The Chancellor shouldn't be shouldered with the responsibility of choosing alone," she added.

Also presented to the Senate was the report of Marjorie Johnston, chairman of the Committee on General Scholarship Awards.

She reported that in the academic year of 1956-57, 492 scholarships had been granted, totaling \$55,673, which was \$11,980 more than last years scholarships.

Three hundred Regents scholarships to Freshmen were granted. Seventy-eight Donors Scholarships to upperclassmen and seventy-one Donors scholarships to freshmen were also granted.

The Chancellor closed the session by commenting on the Budget situation.

He said "The situation will improve. All is not lost as yet. However, it will probably be a month before the Legislature discusses the budget on the floor." "I would like to add that the Board of Regents and myself emphasize that first priority will be given faculty salaries and the teaching work load. I can't at this time make a guarantee, but I will say that these matters will be our first consideration."

Annual NU Premed Day Set April 27

The annual Premed Day, will be held April 27 on the Medical College campus in Omaha, according to Eugene Powell, premed advisor.

Junior and senior premedics, prenrurses, students interested in X-ray and medical technology and interested faculty are invited, Powell stated.

Registration for Premed Day begins at 8:30 a.m. in the Main entrance of the University Hospital in Omaha. Tours of the campus and discussions will highlight the event, Powell said. Lunch will be available at the Medical College Cafeteria.

"All students who expect to attend should sign the list on the bulletin board at 306 Bessy Hall, before April 13," Powell announced.

Singers To Appear In Own Creations

The female members of the University Singers will be sporting a new look at their spring concert Sunday. The girls will be wearing new dresses of their own design.

The dresses were selected for the group by a committee of three of their members. They were made specially for the singers by Tailor Crafters of Lincoln.

The dresses are of black velvet and their motive is dignity through simplicity.

Julius Stone: Soviet Aggression Test Unacceptable To World

An Australian professor of international law sees the Soviet Union's insistence on a rule-of-thumb test for aggression as a political campaign to further interests that are by no means those of mankind as a whole.

Dr. Julius Stone of University of Sydney, delivered Tuesday evening the second of a series of three Roscoe Pound lectures at the University.

"The zealous promotion of definitions may not always mean any great love of these ideals," he asserted, "just as opposition to the definition does not mean any lack of love."

The United States, he pointed out, is opposed to the enterprise of definition.

He particularly questions the clause of the Soviet's proposed definition, which declares that nation an aggressor which commits the act of:

"Landing or leading of its land, sea or air force inside the boundaries of another State without the permission of the government of the latter, or the violation of the conditions of such permission, particularly as regards the length of their stay or the extent of the area in which they may stay."

Dr. Stone said:

"As between movement of NATO Forces in NATO countries, and those of Warsaw Pact countries, this category of aggressions seems fair and sensible on its face."

But, he said, it is in the satellites, so important for Soviet defensive and offensive powers, where struggles are most likely to arise between two governments, one puppet and one not.

Dr. Stone explained that when the Soviet's definition was drafted Soviet troops were present with the permission of the government concerned, "that government being acceptable to, if not dominated by, the Soviet Union."

"By swallowing this part of the Soviet definition, therefore, the Powers would give their blessing to Soviet military domination of these countries, "They also would brand in ad-
