

On The Social Side: Hectic Fortnight Ahead

By JAN FARRELL, Society Editor

It seems as if the campus is trying to crowd a whole year's social functions into the last two weeks of school. The seniors, in many sorority houses, are being honored at annual "Senior Breakfasts" this week-end.

dinners. Each turtle has a trainer, who is in charge of grooming her sorority's entry for the grueling speed-classic.

The Alpha Phi's are holding their annual "Lawn Party" Friday; so for a change, if they've remembered to talk to the weatherman, we might have a sunny week-end. The rain may be fine for the farmers, but it doesn't do much good when your planning picnics for Linoma or South Bend.

The Pi Phi's are holding their annual "Spring Formal" this Saturday.

Mrs. Fee:

Housemom Schedules Retirement

Mrs. W. A. Robertson is retiring after 11 years as housemother of Delta Delta Delta sorority.

Mrs. Robertson became housemother in September, 1946 and served in that capacity for 11 years.

She graduated from the University in 1909. She was president of the Tri-Delta chapter and a member of Phi Beta Kappa.

Speaking of the memories which 11 years as being housemother have left with her in an interview with the Daily Nebraskan, Mrs. Robertson noted the many wonderful memories she has of working with Tri-Delta girls, watching their progress in college and in the world.

One memory in particular remains with her; but unfortunately that memory is not a happy one. As she puts it, the memory is one of "pure indignation."

Mrs. Robertson spoke of the many things for which Nebraska students have to be grateful. Among them, she listed the thoughtful and efficient administration which is building a magnificent institution and the Panhellenic Board which, in her estimation, is one of the best in the country.

Florence Atwood: State Home Extension Leader Retires June 30

Florence Atwood, state Home Extension leader at the University since 1945, will retire June 30.

A native Nebraskan, she received her Bachelor of Science degree from Michigan State University.

She began her career in Extension work as Dakota County home agent in 1912. The next year she became state food and nutrition specialist. During the summer of 1935 she supervised the nutrition program of the Federal Emergency Relief Administration (FERA).

She says her future plans include doing all the things I've been too busy to do in the past. She may travel some day, but for the present she plans to learn to live "not out of a suitcase" as she has done in Extension work.
