

Huntington Featured At NU Stag

Huntington the Magician will be the Master of Ceremonies for the All University Stag October 17.

Mr. Huntington is a Hungarian born magician who has performed at lycées throughout the country. Besides being a magician, he is also well known as a comedian.

Another attraction will be \$500 worth of prizes which, according to Bob Krumme, will be given away. The prizes will include one suit, one sports coat, one trench coat, one topcoat and numerous sports outfits, shirts, ties, and shoes.

Tickets will sell for \$9.00. The Junior IFC will be in charge of ticket sales, and each house will have a representative in charge of sales for that house. Tickets may also be purchased in the Union Activities Office. Those wishing to sell tickets should pick them up in the office.

"The person selling the most tickets will win a free 'MacGregor sports jacket', Krumme said.

Outside World

Ike Confers Over USSR Satellite

President Eisenhower conferred for an hour with ranking government scientists and defense officials on the Russian satellite and this country's rocket and satellite program.

White House Press Secretary Hagerty declined to give any details.

The conferees included Dr. Allan Waterman, director of the National Science Foundation, which is in charge of the U.S. satellite program; Deputy Defense Secretary Donald A. Quarles and two other government scientists whose names were not immediately available.

The meeting came amid congressional demands for a complete reappraisal of U.S. defense policies.

Nehru Blasted

A remark made by Indian Prime Minister Nehru was branded by State Department officials as "totally unwarranted." Nehru was quoted as telling a news conference during his current visit in Japan that the only difference between Russian troops in eastern Europe and American soldiers in Japan is that the U.S. forces "are in the process of being withdrawn."

Revocation

The State Board of Education Tuesday revoked the teaching certificate of Richard Kemp, now residing in Longview, Washington. Kemp had signed a contract with the Alliance school system to become vice-principal of its high school but later notified Supt. L. E. Morrison by phone Aug. 12 he had taken a job in Longview because of an increase in salary of \$1,700.

FACTS YOU SHOULD KNOW ABOUT IBM

IBM is the consistent leader in perhaps the one "unlimited" field in electronics—digital computer development, manufacture and sales. This leadership is based on a 43-year record of steady achievement and growth.

A variety of challenging career opportunities exist and open up continually at IBM. Company policy and company growth assure that individual merit is quickly recognized, and then translated into positions of increased responsibility. Financial rewards are excellent.

Your progress is under constant review. The IBM "small-team" work system is one reason

why individual contributions to a project become known... and are rewarded.

Company-sponsored educational programs are among the most advanced in American business today. IBM needs well-qualified seniors and graduate students who will find their future practically "unlimited" in the development, manufacture and sales of electronic computers.

IBM laboratories and manufacturing facilities are located in Endicott, Kingston, Owego, Poughkeepsie, Yorktown, N. Y.; San Jose, Calif.; Lexington, Ky.; and Rochester, Minn. Sales and service offices in 198 cities throughout the U. S.
