Inmates Revolt

Inmates of the maximum security building at Eastern State Medical Hospital in Washington took over the violent ward of the asylum Tuesday. The inmates, some of them insane, held about 30 guards hostage. No one was said to be hurt. One of the guards was released by inmates because his wife was ill and they were afraid "she might worry." Just last week, State Senator Karl Hermann had called attention to what he said might be "shocking conditions" at the asylum when he demanded an investigation of the institution. The superintendent of Eastern State is Dr. Lee Sandritter, who was formerly superintendent at the Hastings and assistant superintendent at the Norfolk, Nebraska, mental hospitals.

Zhukov To Have New Job

Georgi Zhukov, deposed chief of Soviet defense establishments, will get a new job according to Nikita Kruschev. He declined to say what it will be. "We have not decided on a new job for him yet, but he will have one according to his experience and qualifications," Kruschev said. "I saw Marshal Zhukov today. He was in good health."

Both Kruschev and Soviet Premier Nikolai Bulganin minimized the departure of Zhukov. They pointed to the recent resignation of U.S. Defense Chief, Charles Wilson, and said, "It is all the same. There is no difference."

Crash Claims Eight

At least eight persons died when the American Southwest claimed another plane crash Tuesday. The plane, which unconfirmed reports say it will be, "We have not decided on a new job for him yet, but he will have one according to his experience and qualifications," Kruschev said. "I saw Marshal Zhukov today. He was in good health."

Both Kruschev and Soviet Premier Nikolai Bulganin minimized the departure of Zhukov. They pointed to the recent resignation of U.S. Defense Chief, Charles Wilson, and said, "It is all the same. There is no difference."

Riots Follow Election

Post election rioting was reported in at least five cities in Turkey Tuesday. Independent press reports said backers of the People's Republican party, which lost to Premier Adnan Menderes and the Democratic party in last Sunday's election, were rioting in Samsun, Kayseri, Mersin, Islaifiye and Gaziantep. The reason for the riots is alleged illegal procedures used by the government in the election.

Two Added

Two separate accidents have claimed two more lives on Nebraska's highways Tuesday to boost the death total to 239 as compared to 232 last year.

Dentist To Meet On Campus Friday

Nearly 200 dentists will meet at the University Friday and Saturday for the annual convention of the University's College of Dentistry Alumni Association, according to Dr. James Weesner, association secretary.

Friday morning the slums will hear a lecture by Dr. David Weisberger, one of the foremost authorities on dental medicine in the U.S. Dr. Weisberger is professor of dental medicine at Harvard University.

Dr. John Barmore, a 1946 graduate from the University College of Medicine, will also address the meeting.

Models

All models for the Coed Council for the Friendship Dessert will meet Thursday at 6:45 p.m. in the Union, according to Joann Bauman, president.

Girls are asked to bring their complete ensembles for a final check.

Fashion As I See It

by Wendy Peacemaker

Exciting News!

Red and Camel are always popular colors in winter coats and even more so this year. This 90% wool, 10% cashmere coat fits in with the fashion scheme for not only this year but for many more years to come. The straight back with a kick pleat and two front patch pockets give it a real collegiate look. Four buttons down the front will keep the coat closed for more warmth.

Wait until you see the pile-leopard lining. It keeps you so warm and yet is so light and easy to wear.

Capri Juniors have designed this coat especially for campus wear for only \$39.95. Gold's also have many other styles in coats in their second floor Coat Department all styled for the typical co-eds needs in winter fashion!

Agronomy Club

Sixteen new members were initiated into the Agronomy Club at a meeting last Thursday, according to Bob Weimer, club president. New initiates include: Eileen Gerloff, Roland Meyer, Charles Homalka, Ronald Holmberg, Larry Wulf, Fred Bliss, Keith Coffey, Dave Ferris, James Loegren, Charles Carlson, James McDonald, Anthony Brenneis, Warren Clary, Larry Witt, Charles Mumma, and Paul Severs.

Danforth Graduate Fellowship Applications Deadline Fixed

Applications for Danforth Graduate Fellowships must be completed with full recommendations by Jan. 31, 1958. Dr. Walter Wright, University Liaison officer announced.

Application blanks may be obtained from Dr. Wright.

Every accredited college in the nation is allowed to nominate two or three men under 30 years of age for the fellowships, according to a Danforth Institute bulletin.

Selections are made on the basis

of outstanding academic ability, personality congenial to the classroom, integrity and character, including serious inquiry within Christian tradition.

Applicants may be preparing to teach in any academic field, but particular attention will be given to those in natural and biological sciences as well as social sciences.

Fellowships may be used at any accredited university in the United States and the applicant may already hold any other national fel-

lows. The appointment is for one year but may be renewed through the graduate training.

The foundation offers financial assistance according to individual need. Maximum aid for single students is \$1,400 plus tuition and fees. Aid up to \$1,900 in addition to tuition and fees plus \$350 for each child of a married student is available, according to the bulletin.

Those awarded fellowships are expected to attend the annual Danforth Fellow Conference on Teaching in September of 1958 at the expense of the institution.

Sears Scholarship Winners To Be Honored At Banquet

University students who received scholarships this year from the Sears Roebuck Foundation in cooperation with the local store will be honored at a dinner Wednesday.

SUSPENSION STORY—Chuck Steger, M.E. '52, probing dynamic properties of new Air Spring developed by Von Polhemus (I.). A nationally recognized authority on suspension systems, Mr. Polhemus directs Structure and Suspension Development Group of GM's Engineering Staff, helps guide Chuck in his professional career.

Because engineering is a profession at GM
—we offer you a career—not a job

ONE REASON engineering standards at General Motors are so high is that GM recognizes engineering as a profession. And the men who engineer the many different products made by General Motors are respected for the profession they practice.

That is why, when you are invited to join General Motors as an engineer, you don't simply take a job—you start a career.

It is a career that is rewarding both professionally and financially—starting on your first day of association with General Motors at any one of its 35 divisions and 126 plants in 70 cities and 19 states.

During your early days at GM, for example, you work with a senior engineer who guides your career along professional lines.

You are also actively encouraged to pursue your education towards an advanced degree. For we at General Motors recognize that, in doing so, you will become more valuable to us and the engineering profession.

You are given the opportunity to obtain professional recognition through participation in engineering society forums, presentation of technical papers, winning of patents and other recognition of your accomplishments.

And you are also encouraged to take an active role in your community's affairs—because a truly professional man is a good citizen as well as a good engineer.

All this is for a reason—and a good one.

Many of the men who will fill the key positions at GM in the future are the young engineers joining GM today. This is not theory; it is fact. For 14 of our 33 Vice-Presidents are engineers, 23 of our 42 Division General Managers are engineers, too.

Today we are looking for young engineers such as you—who may fill these positions tomorrow. The rewards—both professional and financial—are substantial. If you feel you have the ability, write us. It could be the most important letter of your life.

June graduates!

A General Motors Representative will be on hand to answer questions about job opportunities with GM.

Oct. 31, Nov. 1

GM positions now available in these fields:
MECHANICAL ENGINEERING • ELECTRICAL ENGINEERING
INDUSTRIAL ENGINEERING • METALLURGICAL ENGINEERING
AERONAUTICAL ENGINEERING • CHEMICAL ENGINEERING

CERAMIC ENGINEERING • MATHEMATICS
INDUSTRIAL DESIGN • PHYSICS • CHEMISTRY
