KK 1957 Royalty Candidates Announced

The six finalists in the Nebraska Sweetheart Contest and in the Prince Kosmet contest, were revealed Thursday night by the Innocents and Mortar Boards.

Finalists in the Sweetheart contest are Joyce Evans, Alpha Xi Delta; Nan Carlson, Kappa Kappa Gamma; Ruthie Gilbert, Alpha Chi Omega; Jan Shrader, Phi Beta Phi; Cynthia Barber, Kappa Alpha Theta; and Margot Franke, Love Memorial Hall.

The six Prince Kosmet candidates are Bruce Russell, Kappa Sigma; John Glynn, Beta Theta Pi; Art Weaver, Phi Delta Theta; Al Kitzelman, Phi Kappa Psi; Bill McQuistian, Theta Xi; and Rip Van Winkle, Sigma Chi.

The Sweetheart and Prince will be elected by the paid attendance at the Kosmet Klub Fall Revue and will be presented during the program, the evening of November 22.

Prizes for the top two acts will be awarded following the program. Last year three prizes were awarded which went to Theta Xi, first; Delta Upsilon, second, and Phi Kappa Psi, third.

Five fraternities' acts have been chosen for the review—Phi Kappa Psi, Phi Delta Theta, Sigma Phi Epsilon, Alpha Tau Omega and Sigma Chi.

The Phi Psi skit is entitled "Inside Russia Confidential Hush Hush Shhh Unexpurgated." It deals with the problems involved when fallout from atomic tests starts raining English toadies. When Russian vodka is also affected, the world comes to the realization that atomic tests must be ended for the common good.

"Three Paupers of Paris" is the title of the Phi Delta Theta entry. Three beggars of Paris are arrested for begging without a license. They bemoan their fate but come to realize that Paris is the best possible place for this to happen giving the skit a happy ending.

Alpha Tau Omega entitled their skit "Gunfight at the OK Rice Paddy." After an unproductive conference with a speechless gang leader, a mob of oriental bandits set out on a robbery. The attempt by the mob of oriental robbers is unsuccessful and upon returning the gang finds their leader was dead while they were supposedly receiving his instructions.

KK Rehearsal

The Tuesday night rehearsal for the skits in the KK fall review will be in Pershing Memorial Auditorium, according to director Keith Smith. The schedule is:

Phi Kappa Psi, 7 p.m.; Phi Delta Theta, 7:45 p.m.; Sigma Phi Epsilon, 8:30 p.m.; Alpha Tau Omega, 9:15 p.m., and Sigma Chi, 10 p.m.

The skit masters and their entire groups are expected to be there, at the designated times, ready to rehearse.

If there are any questions in regard to rehearsals, call Keith Smith at 6-0160.

Dean Frank Hallgren Interviewed On KNUS Weekly Radio Forum

By GEORGE MOYER
Copy Editor

Frank Hallgren, Associate Dean of Student Affairs, said Tuesday that the aim of University social policy is an educational one.

Hallgren spoke at a panel discussion, Student Forum, which was aired by KNUS, University radio station at 8 p.m. Tuesday night.

The program is sponsored by the city campus YM-YWCA groups as a means of informing students on student problems.

"The University's policy is to give students additional educational experience in the realm of social affairs," Hallgren said. "We regard it (social policy) as a very valuable part of the educational background."

Appearing with Hallgren on the show were Sharon McDonald, Managing Editor of the Cornhusker and George Moyer, president of the city campus YMCA. The panel was moderated by Don Russell, director of University radio and television.

Commenting on a recent Daily Nebraskan editorial on the hours which women can be in men's houses and vice-versa, Hallgren said, "AWS sets up the policy on these hours and we are willing to go along with any reasonable proposal. This is a student organization and if the students want to change the hours, they may do so within reason."

"Students should have standards of their own. They should make use of their own convictions," Hallgren stated.

In answer to a question by Moyer asking why the University did not interfere with the pregame function held two weeks ago at East Hills ballroom, Hallgren replied, "The function was a commercial venture arranged by private individuals. It has always been our policy not to interfere with commercial promotions sponsored by individuals, in this case, East Hills. We do expect students attending such functions to observe normal standards of courtesy and property and the laws of the state."

Discussing the supposed breach between independent and Greek organizations on campus Hallgren said he did not know what the situation was but had seen "very little" evidence of a breach.

Pep Rally To Feature 'Likely Girl'

The featured event at the football rally Friday night will be the choosing of the "Girl Most Likely to Stop a Colorado Buffalo."

The rally will start at 6:45 p.m. at Mueller Tower and take the regular route to the Union.

Speakers at the rally will be head basketball coach, Jerry Bush, and the co-captains for Saturday's game, Art Klein and Bill Hawkins. Also the football team, Bill Jennings and his coaching staff will be present.

The candidates for "Girl Most Likely to Stop a Colorado Buffalo" are: Sandra Eneart, Alpha Chi Omega; Bev Lind, Alpha Omicron Pi; Mary Patrick, Alpha Phi; Beth Schumacher, Alpha Xi Delta; Sharon Airy, Chi Omega; Beth Toomey, Delta Gamma; Susy Condon, Gamma Phi Beta; Susie Moulton, Kappa Alpha Theta; Marilyn Thurman, Kappa Delta; Ann Desmond, Kappa Kappa Gamma; Skip Harris, Pi Beta Phi; Ina Margolen, Sigma Delta Tau; Deanne Dietrich, Sigma Kappa; Betty Lou Park, Zeta Tau Alpha; Donna Bryan, Towne Club; and Sharon Houska, Residence Halls.

Top Geologist To Discuss Oil Discovery

The problems involved in the discovery of oil and gas deposits will be discussed by a topflight authority, Dr. Warren Thompson of the University of Colorado, at 8 p.m. Friday in Morrill Hall Auditorium.

Dr. Thompson, chairman of the department of geology and geography at Colorado, has made an extensive study of the location

Research Activities At NU Increased

A one thousand per cent increase in research activities during the past eight years has been shown at the University, according to Dr. John Weaver, research administrator and dean of the Graduate College.

Outside grants for research projects will surpass the \$1,000,000 mark this school year. This compares with \$131,446 given to the university during the 1949-50 school year.

This year the university has about 200 active research studies in natural, physical, biological, and social sciences in both applied and basic research. Of the total grants, approximately 70 per cent are for basic research.

Dr. Howard Wise, associate dean of the Graduate College, said, "Besides adding to our basic knowledge, they also provide excellent training for graduate students who in many cases are used as assistants."

The Atomic Energy Commission is supporting several projects including: irradiation effects on plant metabolism, conducted by Dr. Haskins of agronomy; psychological effects of radiation on rats, directed by Dr. Arnold of psychology; radiation and quantitative genetics of crops, directed by Dr. Gardner of agronomy; and range-energy relations of slow ions, directed by Dr. Jorgensen of physics.

\$100,000 has been given to the University by the AEC since the end of World War II for the financing of Dr. Jorgensen's project involving the action of protons.

Among the projects are: Cosmic Ray research, Dr. Chasson of physics; cardiogram transmissions, Dr. Dunn, College of Medicine; experimental diabetes in the monkey, Dr. Gibbs, College of Medicine; cancer research, Dr. Hum, College of Medicine; air pollution, Dr. Pace of physiology; Nebraska science teaching improvement study on the use of science counselors, Dr. Rutledge of Extension Division; effects of

Contest Prizes

Stan Widman (left) chairman of today's football rally and Yell King Bill McQuistian admire first and second prizes for the "Girl Most Likely to Stop A Colorado Buffalo" contest. First place winner will receive a large panda bear and second place winner will receive a smaller panda.

Council Asks Committee Study On Expenditures

In Student Council meeting Wednesday, a motion concerning expenditures of student organizations for social functions was returned to the Student Activities Committee for further study.

The motion recommended that "no funds derived from the student body shall be used for the social benefit of the organizations' members."

Dave Keene, senior holdover member, feels the actual question is, "Should they (the organizations) use the money for their own group or should they return it to the students who gave them the privilege of earning it?"

Since widely varied opinions still exist on the subject, the Council felt the Student Activities committee should consider the problem more thoroughly before the motion was voted on.

Bill Spiker, chairman of the Elections Committee, brought up the previous question of Student Council representation from Engineering College.

Representative from Engineering College, Gary Frenzel, had formerly reported that for every five hundred students, one representative is to be sent to Council, but that there are 1500 students in Engineering and only two representatives.

A motion was passed which referred the problem to the Judiciary Committee for consideration.

John Kimmier, chairman of the Judiciary Committee, proposed the following amendment to the by-laws to be voted on at the next meeting: "Any Student Council member who is placed on conduct probation by the University shall automatically be removed from membership on the Student Council."

Chairman of the Student Tribunal Committee, Dave Keene, led a discussion on the proposed Tribunal Charter.

DR. THOMPSON

Union Talent Show Slated For Sunday

The Union sponsored talent show, "Stars of Tomorrow," is scheduled for Sunday at 8 p.m. The show, featuring fourteen top acts, promises to be quite entertaining, according to Barb Weston, chairman of the General Entertainment committee.

Trophies will be presented to the top three acts. The trophies are now on display in the Union lounge.

The top top acts will be Nebraska's representatives in the Big Eight Talent Show which will be presented at Iowa State, Kansas State, Kansas University and the University.

The following acts will compete: Tom Gensler, dramatic reading; Noel Schoenrock, modern dance; Cliff Souber, vocal and guitar; The Coed Trio, Shirley Chab, Sharon Houska, and Sandra Sobolik; Jerry Brown, baritone solo; Barb and Duke Conrad, trombone, piano and vocal combination; Rod Walker, vocal solo; Judith Gardner, ballet dance; Bill Breiner, vocal and guitar; The Silhouettes (male quartet); Frank Murray, Dick Lenington, Clay White, and Mike Adams.

Med Applications

All students desiring to be admitted to the University College of Medicine in Sept. 1958 must submit their applications before Dec. 1, 1957, according to Eugene Powell, pre-medical advisor.

Application forms are available at 306 Bessey Hall, and students should obtain them as soon as possible, Powell said.

Many Entries Necessitate Extension Of KNUS Contest

The flood of entries for the contest to find an official emblem for KNUS, student operated radio station, has necessitated extending the deadline for the contest to Friday.

The call letters of the station, KNUS, are to be the basis of the emblem which will be used on stationery, advertisements and station equipment.

Any regularly enrolled University student is eligible to compete. Entries should be drawn on an 8 1/2 x 11 sheet of paper. Contestant's name and address must be included. They may be color or black and white. Mail entries to KNUS, Temple Building, University of Nebraska. Entries will be judged on originality, simplicity and effectiveness of design, and application to the radio medium.

Winners will be announced early next week. Included in the \$50.00 worth of prizes is a first prize of \$10 and a trophy for the individual, fraternity, or sorority to which they belong.

and identification of ancient beach deposits which are sometimes found deeply buried beneath rock formations.

Numerous oil fields in Colorado, Kansas, Oklahoma and Texas are now drawing upon petroleum deposits trapped in beach formations. Locating these beaches thousands of feet below younger sediments presents a difficult problem for geologists.

Dr. Thompson's appearance here will be sponsored by the University's Research Council and the Lecture Committee of the American Assn. of Petroleum Geologists. The lecture is open to the public.

Revue Tickets

Tickets for the 1957 Kosmet Klub Fall Revue which will be held in Pershing Memorial Auditorium, Nov. 22, may be obtained from any KK worker or from the Union booth, according to Jerry Brownfield, vice president.

Days Gone By: Debate Squad Existence Once One Of Honors

By BOBBIE BUTTERFIELD
Staff Writer

Back in the days of "golden tongued orators" on campus, enthusiastic torch light rallies were held in honor of the all-important debate squad. Times have changed somewhat, though, for bonfires, team signs, and beauty contest, just don't exist for the debate squad. But then again, they aren't "knocked" or subject to criticism either.

The University squad represents Nebraska in tournament competition with other colleges and universities, winning last year, 70 per cent of their presentations.

Bob Olson, debate coach, said that all interested and capable students may join the team. This organization can be an activity or a one hour credit class if one registers for Speech 195 or 196. Olson indicated that because of the large number of students in the organization, more debaters will have a chance to participate in competition.

Friday and Saturday, the following students will take part in the

Bombing Clue

University police are currently running down a new clue which they uncovered in their investigation of the Sigma Alpha Epsilon bombing.

Sergeant Furrow, campus police head, declined to state the nature of the lead or what effect it might have on the solution of the case.

This is the first incident of its kind on campus since last fall when a small bomb device was detonated in the S-leek Quadrangle court, Sergeant Furrow said.

Besides the University police, an insurance company is also investigating the case.

Sigma Chi KK Skit

Sigma Chi Fraternity rehearsed their Kosmet Klub Fall Revue skit, "Ala Booob and The Asian Phi," which will be presented Nov. 22 in Pershing Auditorium. Members of the cast are (left to right) Tom Soan, Rip Van Winkle, Don Walde-

Rag Business Staff Needs Many Workers

Students interested in working for the business staff of the Daily Nebraskan may apply in the Nebraskan office, Room 20 of the Union from 4-5 p.m. Thursday, according to Jerry Sellentin, business manager.

The workers must be free to work in the newspaper office one afternoon a week and Sellentin said they will eventually sell ads to small businesses.

Sellentin said that those interested in being workers might, at a later date, be interested in applying for business manager or assistant business manager.

NUCWA Meeting

The NUCWA meeting, scheduled for Tuesday, has been canceled so the members will be able to attend the CERC International Friendship Dinner. The next meeting will be on Dec. 10.
