

# Huskers Lead, But Falter For Ninth Loss

## Sooners Romp To 37-7 Victory

By RON SHAHEEN  
Staff Sports Writer

The Cornhuskers closed their poorest football season ever, Saturday, as they fell to mighty Oklahoma, 37-7.

The amazing spirit exhibited by the Huskers made the game much closer than the final score indicated as 31 Cornhuskers fought their hearts out.

Although the Sooners quite convincingly controlled the statistics, several of their touchdowns resulted from a few costly Cornhusker mistakes.

### Huskers Strike First

The Cornhuskers gave the 30,000 fans a lot to cheer about, especially in the earlier stages of the game, as they took a 7-0 lead and then halted two Sooner drives inside of the Husker ten yard line. The Nebraska touchdown was set up by a poor Sooner punt which rolled out of bounds on the Oklahoma 37.

From there it took the fired-up Huskers only four plays to score. Halfback Larry Naviaux circled his own left end for 16 yards and then a Quarterback Harry Tolly to End Max Martz moved the ball to the six-yard line. Two plays later Naviaux dropped back and hit halfback Doug Thomas in the endzone with a short pass. Dick Prusia converted and the Cornhuskers had a 7-0 lead.

Oklahoma then took the kickoff and marched 72 yards to the Husker eight. But the Nebraska forward wall buckled down and held the Sooners to no gain in four plays.

A few minutes later the Sooners had another scoring opportunity as they moved the ball to the enemy one only to be stopped. Halfback Clendon Thomas set up the Sooner opportunity as he sprinted 50 yards down the sideline to the Nebraska 10.

### Odd Play

Thomas was sprung loose by an odd play on which the team lined up some yards to the left of Center Bob Harrison. Thomas took a long underhand pass from Harrison and with the whole Sooner line running interference he galloped to the 10 where Martz finally bumped him out of bounds. Then the Husker forward wall once again held and Nebraska took over the ball on the one.

Two plays later Tolly punted and Thomas returned the ball to the Husker 14. After moving the ball to the 12 the Sooners opened a spacious hole in the Nebraska line and quarterback Dave Baker pranced through the hole for a touchdown.

A few minutes later the Sooners scored their second touchdown as they marched 57 yards in 12 plays. Brewster Hobby, a 5-9, 165-pound sophomore got the touchdown as he faked a pass and ran the final six yards.

With seconds remaining in the first half the Sooners got their third touchdown of the afternoon. The touchdown was set up when Thomas fumbled a pass from Naviaux and Dennis Morris recovered on the Husker 38. Three plays later Little Jackie Sandefer circled his own right end from the 12 to score the six-pointer. For the third straight time the Sooners failed to convert and the half ended with Oklahoma leading 18-7.

### Gift Scene

The fourth touchdown was given to Oklahoma on the kick-off that opened the second half. The ball bounded deep in Nebraska territory and halfback Carroll Zaruba

allowed it to dribble right past him into the endzone. Too late, Zaruba realized it was a free ball and gave it a chase. But End Joe Rector steamed past Zaruba and pounced onto the ball for what was perhaps the easiest Sooner touchdown of the season.

The Sooners tallied their final touchdown midway through the third period as they marched 64 yards. Hobby capped the drive as he bucked over from the one for the tally.

The Huskers threatened to score once more as they moved from their 31 to the Sooner 34. End Clarence Cook accounted for 36 yards in the drive as he made a remarkable catch of a pass thrown by quarterback Roy Stinnett.

Fullback Jerry Brown played his final game for the Huskers and he turned in an average-Brown-performance, as he played a tremendous defensive game. Brown was named as the second team fullback on the INS all-midwest team, Sunday.

### Big Eight Results

Nebraska	.....	7
Oklahoma	.....	32
Kansas	.....	9
Missouri	.....	9
Michigan State	.....	27
Kansas State	.....	9
Colorado	.....	38
Iowa State	.....	21
Oklahoma State	.....	32
Hardin Simmons	.....	7

### Final Standings

	Won	Lost	Pct.
Oklahoma	6	0	1.000
Kansas	4	2	.667
Colorado	3	3	.500
Missouri	3	3	.500
Iowa State	2	4	.333
Kansas State	2	4	.333
Nebraska	1	5	.167

Huskers Score In First Quarter To Lead Sooners 7-0

## Jayhawks Field Goal Defeats MU, 9-7

Sophomore Ray Barnes booted a 14-yard field goal in the final seconds to give Kansas a 9-7 upset victory over Missouri Saturday in the season finale.

The victory over Missouri was the fourth in a row for Kansas since head coach Chuck Mather announced his resignation.

Barnes went from a goat to a hero by kicking the three-pointer as he had missed the extra point after Kansas' first touchdown which allowed Missouri to keep a 7-6 lead. Homer Floyd, a 165-pound fullback, delighted the Kansas back-

Barnes

ers as he sprinted 72 yards for a touchdown in the first few minutes of the game.

But it took the angry Tigers only two minutes to overtake the Kansas lead as halfback George Cramer returned a punt 49 yards to the Kansas 20. Seconds later fullback Hank Kuhlman bulled his way over from the one-foot line to tie the game.

Then guard Charley Rash kicked his twenty-sixth consecutive extra point, twentieth of the season, to put Missouri ahead until Barnes clinched it with his field goal.

The Golden Buffaloes of Colorado rolled over Iowa State 38-21, Saturday, as they racked up 576 yards, 427 of them on the ground,

to Iowa State's 350 yards.

The Buffs ran up a 12-0 lead the first two times they got the ball. Fullback Gene Worden's eighty-yard smash over right guard capped the first touchdown drive which covered 62 yards in eight plays.

Tailback Howard Cook tallied the second Buff touchdown on a 26-yard dash through right tackle.

Tailback Bob Stransky, who Sunday was named to the INS All-America first team, scored one Buff touchdown and passed to End Gary Nady for another as he played his final game for Colorado.

Colorado rolled up a 38-7 lead before substituting freely in the

final period. Iowa State then scored two more touchdowns against the Buff reserves to make the final score 38-21.

Kansas State held 35,989 fans spell-bound for nearly 3 1/2 quarters by leading powerful Michigan State throughout most of the game before the Spartans broke loose to score 21 points in the final eight minutes to make the score 27-9.

Halfback Keith Wilson rambled over from 5 yards out and end Don Zadnik tackled MSU halfback Walt Kowalczyk in the end-zone to give the Wildcats a 9-6 lead until the Spartans broke loose in the final minutes of the game.

**JOB FACTS FROM DU PONT**

**DU PONT**  
BETTER THINGS FOR BETTER LIVING  
THROUGH CHEMISTRY

## DU PONT PERSONALIZED TRAINING STARTS SAME DAY YOU DO: PREPARES YOU FASTER FOR ADVANCEMENT

### ALL KINDS OF ENGINEERS NEEDED

At Du Pont, the opportunity for chemists and chemical engineers is only part of the story. There are equal opportunities for many other kinds of engineers. Of course, we can't cover all of the types of jobs available at Du Pont, but I've listed here some of the possibilities.

Civil engineers, for example, design and supervise construction of our new plants. Mechanical engineers design, lay out and plan the purchase of production equipment, and they supervise production and work in research.

Electrical engineers lay out and maintain power systems for our plants. They also design production equipment. Sales engineers in every field apply their skills to customers' problems and help find new applications and markets for our products.

Metallurgical engineers develop new metal and semi-metallic products and work on corrosion problems and the selection of materials suitable for industrial processes.

We are also interested in engineers who have specialized in petroleum, plastics, ceramics, safety, sanitation and many other fields of study.

Opportunities in most branches of engineering continue to grow at Du Pont. If you have questions on your own specialty, please see me when I visit your campus. I'll be happy to try to answer them.

## Your Classroom Learning Is Applied Immediately to Industrial Problems

Training at Du Pont is tailored to the individual. It begins the day you join the Company and continues throughout your career. Its purpose is to give you as much responsibility as you can handle at the outset, and to prepare you for future advancement.

### Personalized Development

When you join Du Pont you are generally given a specific assignment at once. You learn informally in consultation with your supervisor and others assigned to the same project. This headstart on responsibility permits a new man to move ahead according to his abilities. He gets to know Du Pont and his job quickly.

### Job Evaluation

This approach at Du Pont is supplemented by frequent meetings and seminars and by formal job evaluation

reports. Your supervisor, for example, will evaluate your progress on the job at least once a year. The two of you will analyze your performance and outline a program for improvement. From these evaluations often come recommendations for promotion and salary increases.

### On occasion, a man may decide that he is better fitted for sales or research than production work, for example. In these cases a transfer to another job may be effected without any loss in Company benefits or without a change in employer. Redirected, a man often will find himself and the work for which he is best suited.

If you have any questions about personnel development at Du Pont, stop in to see the Du Pont representative when he visits your campus.

## THERE'S A BIG FUTURE IN DU PONT RESEARCH

In 1956, Du Pont spent \$77 million on research. And over the past 25 years, \$1 has been spent on research for every \$3 invested in new production facilities. This activity promises plenty of room for the young research man to grow.

Right now, Du Pont engineers and scientists are working on hundreds of new research projects. Many work in the Experimental Station near Wilmington, Del.; others are busy in laboratories in nine more states.

### SEND FOR INFORMATION BOOKLET ON JOB OPPORTUNITIES AT DU PONT

Booklets on jobs at Du Pont are yours for the asking. The subjects of particular interest to young graduates include: mechanical, civil, metallurgical, chemical, electrical, instrumentation and industrial engineers; atomic energy, technical sales, business administration, research and development. Write, mentioning the subject that interests you. The address: Du Pont, Room 2494-C Nemours Building, Wilmington 98, Delaware.

THE DU PONT REPRESENTATIVE WILL VISIT THE CAMPUS DECEMBER 9-11  
SIGN UP TODAY AT YOUR PLACEMENT OFFICE FOR AN INTERVIEW

## Skirts In Sports

### Emmie Limpo

Congratulations this week go to the Alpha Xi Deltas, who won the championship game of Nebraska ball, by defeating the AOPis. In the semi-finals of this tournament on Wednesday, the AOPis defeated the Delta Gammias and the Alpha Xi Deltas beat the Thetas.

The duckpin tournament is moving along rapidly, with all teams having the highest scores now competing against each other.

Results of last week's games went as follows: the Tri Deltas, team 2, trounced the Alpha Xis; the Thetas, team 4, beat the Independents; the Alpha Chis were defeated by the Gamma Phis, team 1; the Pi Phis beat the Gamma Phis, team 2; the Alpha Phis downed the Chi Omegas, team 1; the Kappa Deltas were defeated by the Alpha Chi Omegas, team 2; and the Thetas, team 1, defeated the Tri Deltas, team 1.

Duckpins will continue the Tuesday after vacation. At that time, the Tri Deltas, team 2, will play the Thetas, 4; the Gamma Phis compete against the winner of a game between the AOPis and the Thetas, team 2; the Pi Phis will meet the Alpha Phis; and the Alpha Chi Omegas, team 2, will play the Theta, team 1.

Also beginning the Tuesday after vacation will be the volley ball tournament, for which twenty-two girls' teams have signed up. In the evening from 7:30-9:30, the co-rec volley ball contests will start and so far sixteen men's and women's teams are scheduled to play.

Individual bowling is still progressing and the top scorers will soon be known.

Our speedy group in bowling class is also progressing, but not too rapidly. We had been practicing just rolling the ball down the alley, but we're actually using three pins. They are numbers 1, 3 and 5, and are we ever proud to aim at those three pins and knock them down! The thing is that some people really feel badly when they can't even hit three little pins, all of which are practically in a row. I feel badly most of the time.

The only things people don't seem to like about the bowling alley (besides setting pins, which I'm too tired to go into because of getting them yesterday) are the heavy bowling balls and the darling bowling shoes. We always have a contest to see who has the prettiest bowling shoes. Now mine last time were really a prize; they were tan with white laces and red heels. It was the red heel attraction that made them so unusual. After class, when changing my shoes, I noticed something else unusual—my brand new white socks (with the triple roll-over cuff and extra strong woven cotton and wool fibers) also had red heels.

I actually wasn't too impressed with the quality of the management's bowling shoes...

## Garretson Big Help To Frosh

By LYMAN CASS  
Special Writer

Coach Tony Sharpe's freshman basketball team is being graced this year by the merits of Bob Garretson, a 6'5", fast-thinking center from Peoria, Ill.

Garretson, a freshman in Pre-dentistry, is here at Nebraska on a basketball scholarship.

He is a dead shot with both right and left hands and a top ball handler. This coupled with his talent for smart ball playing makes him a leading candidate for next year's Cornhusker pivot position.

Bob, who played center and forward for Woodruff high school in Peoria, comes to Nebraska with a long list of hardcourt honors and records.

In high school he was chosen for the first team All-State honors in both the Chicago Daily News and the Chicago Daily America and was voted one of the top 15 eagles in Illinois by the Champaign News Gazette. The biggest honor he received during his prep days was his being voted one of 40 high school All-American basketball players.

George first saw action with the freshmen last Wednesday when they met the Varsity on the Coliseum court. His next appearance will be in the Huskers' first home game on December 2.
