Program For Blind
 Ten Nebraskans have spent 16 weeks in Lincoln learning how to adjust to their recent blindness so they can resume living a normal life, according to Dr. Marshall Hiskey, professor of educational psychology and measurements. The program was originated and administered by the University Educational Psychology Clinic and the Nebraska Service for the Blind, Dr. Hiskey said.

War Films Slated
 World War II Combat films will be shown Thursday from 3-5 p.m. in Room 107 Military and Naval Science Building, according to Dick Gube, public information officer. Titles of the films are "Fight in the Sky" and "Air Siege." The films are sponsored by the Army ROTC Department and are free to the public.

Kuncl Earns ROTC First

Cadet Pat Kuncl, junior in Business Administration, was recently assigned as captain of the Army ROTC Rifle team and has been promoted to the rank of second lieutenant. This is the first time a junior cadet has received a commission rank designation in the history of the Army ROTC at the University. Kuncl is also a member of Delta Sigma Pi, professional business administration fraternity, Pershing Rifles, and is president of the Varsity Rifle team.

 Seniors and graduate students in mechanical, electrical, electronic, and aeronautical engineering and physics will be interviewed on March 4, 1958. For further information see Dean J. P. Colbert, Administration Building.

Burr Hall Named For Instructors

Goodding, Smith, Kiesselbach and Van Es are the new names for the divisions of Burr Hall, previously designated as Temporary Houses A, B, C and D. Each house was named for an outstanding man in the field of agriculture on the University Ag campus. Prof. T. H. Goodding is a world-recognized campus leader, instructor and research scientist. Chauncey Smith, helped in setting up the tractor testing laboratories both here and in Italy. Dr. Tennis Van Es of the Animal Pathology and Hygiene Department is remembered for contributions in perfecting a vaccine for hog cholera. Prof. T. A. Kiesselbach, known by many as "Mr. Corn" was recognized for his work in the development of hybrid corn.

Sigma Eta Chi Elects Snyder

Sandra Snyder was elected president of Sigma Eta Chi, religious service sorority. Other officers chosen recently are: Kathy Hall, recording secretary; Heather Wilhelm, corresponding secretary; Norma Jane Schindler, historian and Shirley Simmons, editor.

Social Column Parties Raise Damp Spirits

Spirits, which have been dampened by the threat that the early rains may bring another snowstorm, may rise with the approach of weekend festivities.

Friday—Selleck Quadrangle, informal dance at the quadrangle.
Saturday—Alpha Xi Delta, formal dinner-dance, Cornhusker Hotel. Phi Delta Theta, "Hi-Fi Bandstand" house party. Theta Xi, "Prohibition" house party. Phi Gamma Delta, Piggie Dinner and Dance, Cotner Terrace.
Sunday—Pi Beta Phi-Sigma Chi, Sunday night supper, 5-7 p.m.

Ag Carnival Planned By Y
 "Comic Cosmos" will be the theme of the annual Estes Carnival scheduled this year for March 7 at 8 p.m. in the Ag College Activities Building, according to Gary Kilday and Coleen Christensen, co-chairman.

Booths carrying out this theme will be set up in the Activities Building by various organizations and a trophy will be awarded for the best booth. A prize for the best costume will also be given. Proceeds from the Carnival will go to the Ag YM and YWCA who sponsor the event. The money will be used to help finance students who attend the annual Regional Conference of the Student Christian Association in early June.

4-H Trip
 Ervina Hutchinson, Ag College freshman, has been selected as one of the four top 4-H club members in Nebraska and will receive an expense paid trip to the National 4-H Club Conference in Washington, D.C., June 14-20. Miss Hutchinson has had outstanding records in her health and clothing projects and was a winner of a trip to the National 4-H Club Congress in Chicago.

Bridge Results Released
 The semi-final results of the Union sponsored bridge tournament were released to the Daily Nebraskan last night. Semi-finalists are: Jim Rasser, Bob Marks, Sally Wilson, Suzie Swingle, Jerry Leenerts, Ken Williams, Clark Carpenter, Jack Justice, Ted Dahl, Fred Sterling, John Bingham, Chuck Thompson. Play-offs will be Saturday, March 1, beginning at 1 p.m.

Juniors To Study In Spain

Plans for junior year studies in Spain under the auspices of New York University and the University of Madrid have been announced by the Washington Square College of Arts and Sciences.

The program will begin with the 1958-59 academic year and will be open to third-year students in all colleges and universities in the United States.

At the request of the University of Madrid, NYU has drawn up a Program of Hispanic Studies for the American Students in Madrid.

The University of Madrid will direct, administer and provide the faculty for the Program of Hispanic Studies. Classes in the program, limited to the American students, will be held in the building of that institution's Faculty of Philosophy and Letters.

The program is designed for students majoring or minoring in Spanish, especially those who are planning careers in teaching, the diplomatic service or international relations.

A candidate for admission must have had at least two years of college Spanish or the equivalent and must be recommended by the chairman of his major department in his home college.

Applications for admission are to be made on forms obtained through Dr. J. Richard Tovey, Foreign Student Center, 15 Washington Mews, New York University, New York 3, N.Y.

Grad Offerings Now Listed

Bulletins from universities throughout the country offering fellowships and assistantships to qualified students interested in taking graduate work during the 1958-59 school year are on display on the bulletin board in the Division of Student Affairs office.

Assistantships are being offered in several fields and the stipends range from \$750 to \$2,300 a year.

Kalico Klickers
 The Kalico Klickers Square Dance Club is holding a dance tonight at 130 South 11 on the second floor at 8 p.m.

Faculty Opinions Contrast AUF Drive Reactions Vary

Faculty members seem split in their opinions of the faculty AUF drive, March 10-22.

Many say they are already asked to contribute to enough outside charities without adding another, but an almost equal number consider AUF a worthwhile contribution.

"I would just as soon contribute through AUF as through any other organization," said Walter Bagley, assistant professor of horticulture.

He added that since faculty members may vote on the charities included in the drive, it is "just as good" a way to contribute as any other.

Taking the opposite viewpoint is Charles Colman, associate professor of Romance languages. He said he does not believe that the majority of faculty members support the AUF idea.

Kenneth Forward, associate professor of English shares the opinion of those who feel they are "hit heavily enough" elsewhere and should not be asked to contribute to the University drive.

"I have never found it too objectionable a practice," commented Julius Samuels, associate professor of Social work.

Another faculty member who favors the AUF canvass is Mrs. Bonnie Roder, instructor in vocational education.

On the other hand, Frank Dudek, professor of psychology said he prefers to make his contributions to charity at his own convenience, not at the time of a drive.

One faculty wit asked if a favorable reply to the question of faculty contributions to the fund meant that someone would be right over to pick up his contribution.

Poet's Preview
 Karl Shapiro, professor of English at the University has written the introduction to the anthology, "Modern British and American Poetry," published in Polish recently by Criterion Books of New York.

National Charities Receive 1957 AUF Money

Heart, Multiple Sclerosis Get 40 Percent Each From Drive

This is the second article in the series, "Where Your Money Went," concerning contributions collected by the All University Fund. The articles will explain each charity to which AUF donated this year and the various purposes the organization serves.

Forty percent of the money, or \$1,920, collected during the AUF drive was given to two national charities, the American Heart Association and the National Multiple Sclerosis Society.

Twenty percent went to each of these organizations. The American Heart Association attacks heart disease through four major programs: Research, Professional Education, Public Education and Community Service. Emphasis is placed on research to try to find the causes and cures of heart disease.

Heart and circulatory diseases are the leading cause of death in the United States. They cause half of all the deaths, more than 800,000 in the United States each year. The Heart Association relies entirely on voluntary contributions of funds and activity to carry forward its work in all corners of the U.S.

Multiple Sclerosis is a crippling disease of young adults for which there is no cure as yet. It has been termed the "most serious disease of young adults," striking mainly between the ages of 20 and 40.

The disease causes impairment or breakdown of the body's communication system which controls walking, speaking, seeing and other activities.

Multiple Sclerosis chapters support out-patient clinics throughout the nation for diagnosis and alleviation of symptoms. Funds are used for research into the causes and reliefs of the disease, as well as for clinics and patient aid.

Research projects totaling more than half a hundred have been financed by the National Multiple Sclerosis Society.

Money given to Heart and Multiple Sclerosis went to the Nebraska divisions of these national charities to be used for research and cure within the state.

AUF also gave to World University Service, Mental Health and LARC School.

Driving Course
 A training course for motor vehicle fleet supervisors will be given at the University next week (March 3-7).

The five-day course will take up such topics as driver training, motor fleet supervision, accident record systems and the creation and maintenance of driver interest in safety. The course is sponsored by the University's Extension Division in co-operation with the Nebraska Motor Carriers Association and the National Committee for Motor Fleet Supervisor Training.

START STICKLING! MAKE \$25
 We'll pay \$25 for every Stickler we print—and for hundreds more that never get used! So start Stickling—they're so easy you can think of dozens in seconds! Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send 'em all with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

MOVIE STARS can have the best of everything. The one above (Miss Va Va Voom) drives a limousine so swanky it carries a sports car instead of a spare. Her swimming pool's so large it has tides. When it comes to cigarettes, Miss Voom picks (Surprise! Surprise!) Lucky Strike. Says she, "A Lucky is just as light as they come, dahlings. Its divine taste comes from fine tobacco... and simply everyone knows it's toasted to taste even better!" All of which makes her a *Quotable Notable*. Light up a Lucky yourself. You'll say, "It's the best tasting cigarette I ever smoked!" End quote.
