

# 'Annie' Takes Aim Tonite In Pershing Auditorium

## Nearly Sixty To Take Part In Kosmet Klub Spectacular

"Annie Get Your Gun," Kosmet Klub's annual Spring show, will be presented at 8:30 p.m. tonight and Saturday at Pershing Municipal Auditorium.

A cast of nearly 60 will take part in the musical comedy which holds one of Broadway's all-time run records.

**Largest Production**

The play, which is the largest stage production to be presented so far in the new auditorium, features Betty Lester Gnuse in the lead role of Annie.

Her target and eventual captor in the show, Frank Butler, will be played by Norman Riggins.

Harry Styer, instructor of speech and dramatics, is the director of the show. David Meisenholder, senior in Teachers, is set designer and technical director.

Musical director is Allan Holbert, University graduate. Wacisa Dancers

A 20-piece orchestra, including several members of the Lincoln Symphony, has been engaged for the performance.

The show is entirely composed of University students, graduates, and instructors with the exception of an Indian dancing scene. The Wacisa Indian Dancers, Lincoln Boy Scouts under the direction of Richard Oehring of Omaha, will participate in one scene.

Special features include the use of two live horses and a motorcycle in the play. A circus tent and a railroad car have been made as settings for other scenes.

Technical expense for the show has been estimated at nearly \$6,000.

**Too Skillful**

The theme of the comedy is in the title of one of its songs, "You Can't Get a Man with a Gun."

Backwoods Annie fouls up her chances with the male sharpshooter of Buffalo Bill's Wild West Show every time she resorts to her skill with a rifle.

Other songs included in the musical are, "The Girl That I Marry," "Doin' What Comes Naturally," "I Can Do Anything Better Than You"

and "They Say That Falling In Love Is Wonderful."

**Gnuse, Riggins**

The music and lyrics are written by Irving Berlin with the story based on a book by Herbert and Dorothy Fields.

Betty Gnuse and Norman Riggins, as the leads, have had considerable experience in the field of dramatics.

Mrs. Gnuse, a graduate assistant in speech, has appeared in two previous Kosmet Klub shows, "Good News" and "Girl Crazy." She also had the lead in the University Theatre's "Idiot's Delight."

In the East, she played the part of Meg in "Brigadoon" and the part of Stella in "Streetcar Named Desire."

Mrs. Gnuse holds a Master of Fine Arts degree from Columbia University.

Riggins, a senior in Teachers, played the lead in last year's Kosmet Klub production, "South Pacific."

## Youth Employment Job Pool Benefits Lincolnites

If you need your lawn mowed, a babysitter or part time help of any kind, call 7-5500.

This is the phone number of the Lincoln Youth Employment Service, located in the YMCA Building at 13th and P Street.

### Mutual Benefit

The service, which mutually benefits Lincoln residents and youth, enables young people between the ages of 14 and 18 to find part time employment and gain valuable job experience.

Sponsored by the Lincoln Sertoma Club, the Y.E.S. is operated by two young Lincolnites—Karen Peterson, a sophomore at the University, and her assistant, Mary Ann DeBoer, a junior at Northeast High School.

"The service," said Miss Peterson, "is based upon the principle that practical job experience is one of the best educational opportunities a young person can have."

"It also provides a codified method by which Lincoln residents may secure competent, well-screened help," she added.

**File Card**

A teenager, applying for prospective employment through the Y.E.S., is first interviewed. A detailed file card is kept of each youth commenting on his interview, personal characteristics, work record, job preference and the general area in which he lives.

When the Y.E.S. office receives a request, these files are checked. The youth chosen for the job is then called. It is his responsibility to call the employer and make arrangements.

The Y.E.S. has been operating in Lincoln for one year. During this year 1526 teenagers have applied, 1154 requests for part time help have reached the office, and 952 youths have been placed.

He has also held lead roles in three operas presented by the departments of speech and music, "Old Maid and the Thief," "The Marriage of Figaro" and "La Boheme."

He has sung solos in "Lord Nelson Mass" and "The Messiah."

## Hot Weather Agenda Crammed

### Union Bills Parties, Films For Summer Session

Hot weather students at the University will be greeted with a bustling schedule of activities sponsored by the Union this summer.

Everything from symphonies to bridge lessons and an ice skating party is on the agenda for Summer Session students, according to Bob Handy, Union Activities director.

### Summer Artists

The Summer Artist Series, which kicks off June 11 with "My Mr. Lincoln," has six presentations billed.

International film classics will be shown on Tuesday nights except for the first movie, which will be Thursday, June 26. Films from Russia, England, Germany and Japan are billed.

The News Highlights Series will feature events of current interest and will be presented in the Union on Thursdays at 4:00 p.m. First in this series is "Wonders of the Stars", June 19, which will be a demonstration and discussion of the Mueller Planetarium.

Old and new bridgsters may exercise their Goren on Tuesday afternoons.

Both beginning and advanced lessons in bridge are planned in 315 Union. Beginners will play at 4 p.m. followed by the old hands at 5 p.m. The summer will be climaxed for these students by an Intra-Campus Bridge Tournament for all students by an Intra-Campus

pus Bridge Tournament for all students and faculty.

### Old Stand-by

An old stand-by of both the regular and summer session will be held again this summer—the Sunday Nite-movies. The series opens June 15 with "An American in Paris" in the Ballroom at 7:30.

Students with a yen for the country music and dancing in squares will

have a square dance featuring a professional band and caller July 17 at 7:30 p.m.

Coming in the midst of the summer session will be the ice skating party to be held at the Municipal Auditorium June 30 from 7 to 9 p.m. Professional instruction will be offered.

Film shorts will also be shown in the main lounge each Thursday noon.

## Human Resources Group Will Meet Here Saturday

### NU Students To Head Projects; Educational Leaders Plan Talks

Approximately 300 persons associated with Nebraska Human Resources Foundation, Inc. are expected to attend its third annual meeting Saturday at the Union.

The Foundation is a non-profit organization devoted to improving society through discovering, studying and expanding the "good" that already exists by means of a "positive approach."

It is sponsored by various business and professional men in the community.

Main speaker for the Saturday meeting is Don Harding, president of Giant Manufacturing Co. of Council Bluffs and a past district governor of Rotary International.

He will speak on the subject, "Operation Understanding," at a noon luncheon in the Union Ballroom.

Eighty University students who conducted the projects during the year, their parents, the parents of the children with whom the students worked and various Lincoln business and professional men who support the Foundation will attend the annual meeting.

In the morning, the University students will conduct a series of meetings to explain the various projects of the year.

Chairmen of these sessions and the projects are: Jack Muck, sophomore in Business Administration, the children's

project concerning 9 and 10-year-olds; Paul Schorr, senior in Engineering and Architecture, the teenage project dealing with junior high school students.

Charlene Ferguson, senior in Teachers, the orthopedic project concerning hospitalized children; Virginia Marx, senior in Arts and Sciences, the project dealing with an entire family; Lyle Hansen, senior in Business Administration, the communications project; Dick Youngs-cap, sophomore in Engineering and Architecture, special functions.

At 11:15 a.m., Dr. Ralph Ojemann, professor of educational psychology, parent education and child welfare at Iowa State College, will present his evaluation of the Foundation's activities.

During the breakfast meeting, Dr. William E. Hall, project director, will discuss "The Positive Approach".

## Students Had Parking Riot At University 10 Years Ago

### 'No Parking' Orders Protested As Students Stormed Capitol

Tear gas and the Lincoln fire department weren't enough to disperse a crowd of students rioting in protest against "No Parking" regulations on the University campus ten years ago.

At that time campus streets were open for parking of any vehicles, not only those of University students but also those of the general public. Regulations on the streets were set by the city. Only two parking lots were available for students' cars. The problem of adequate parking facilities had become serious.

On the morning of May 7, 1948, two tow trucks attempted to move double parked cars from 12th and R Streets where "No Parking" signs were posted. Protesting students deflated the tires of the trucks so that the cars could not be impounded.

### Cops Arrive

Police were sent, and a mob of students gathered around the police cars. When the student mob failed to disperse, the police used tear gas bombs. When this did not work, the fire department was called.

As the fire department arrived, the group of now nearly 2,000 began a march to the police station, chanting "We Want Parking!" as they went.

At the station, the mob turned to City Hall and then towards the State Capitol stopping traffic as they went. The chant had changed to, "We want Val!"

Val Peterson, governor, came to the steps of the capitol and listened to the pro-

tests. Peterson told the group that the state did not have authority in the matter, and he would have to turn the matter over to the Chancellor. The students returned to the campus.

That afternoon classroom decorum was disrupted. Many students cut their classes. One enthusiastic fellow drove his small motorcycle into the Social Science building and broke up a class in the auditorium. For no particular reason, the students paraded through town that afternoon on what they later called the "Nothing March."

### Special Committee

Several days after the riot, a special faculty-student committee was set up to investigate the parking problem. The following fall, the committee announced its solution. 1400 parking stalls would be available in official student parking lots and on the campus streets for use by students with parking permits and stickers.

The students had received a solution to their problem, a solution which remedied the problem—for ten years!

## Pete Laughlin Named KNUS General Manager

Pete Laughlin has been named general manager of KNUS, campus radio station, for the first semester, 1958-59, according to Pro Sherman, promotion director.

For the first time KNUS will have a paid staff, including the general manager and the following new directors:

Steve Brown, program director; Beth Toomey, continuity director; Bib Wirz, traffic director; Jim Seacrest, news director; Pro Sherman, promotion director; Dixie Helms, sports director; Chuck Piper, sales manager and Steve Hansen, business manager.

The station will continue to be survey oriented, geared to the college taste and of professional quality, utilizing the basic format of music and news, stated Steve Brown, program director.
