Dean Joins Staff Of Army ROTC

Decorated Colonel Holds Long Military Experience

Among the new University personnel is Lt. Col. Arthur Dean, assistant professor of military science and tactics, who is working as an executive officer of the detachment.

A native of Rhode Island, Col. Dean graduated from the University of that state in 1940. As an undergraduate he was president of his class and of the student body.

Joining the army after graduation, he was stationed in Scotland and England, training for invasion. In November, 1942, the 16th Infantry Regiment of the First Infantry Division landed at Oran in North Africa—with Col. Dean among the men.

On the third day of fighting he was one of the first officers to be wounded. Since American hospital units had not yet arrived, Col. Dean had to stay in a French hospital.

Returning to the states, the colonel was stationed in Training Division G-3 in the Pentagon. His experiences in North Africa earned him a Purple Heart, a Silver Star,

a Bronze Star and the Combat Infantry Badge.

Assigned to the Far East Command, Col. Dean spent his next three years in Tokyo, Japan.

Intelligence work in the Pentagon occupied his time after returning from Tokyo. His work was concerned with determining the size, organization and power of the Soviet Army.

At Ft. Leavenworth, Kansas, he graduated in 1953 from the Command and General Staff College.

From Kansas, he went to Korea where he worked in a group that included not only two U. S. Army Divisions, but troops from the British Commonwealth, the Republic of Korea, Turkey and the Philippines.

For the last three years, the Colonel has been in Fort Benning. His family, which accompanied him to Lincoln, includes a wife and three daughters.

Three Join Geography Staff Here

An Englishman, a Californian and a Nebraska graduate have been added to the University's geography faculty, Dr. Robert Bowman, acting chairman, announced.

They are: Edward Simpson of the University of Liverpool in England, Dr. Ruth Baugh, former professor at the University of California, and Dr. Charles McIntosh, former professor at Eastern Illinois State University.

Dr. McIntosh received his Ph. D. from the University. He has also been a visiting lecturer at the University of New Zealand and assistant professor at the University of Texas.

Do You Think for Yourself? (TAKE THIS TEST AND FIND OUT!*)

A personality test with five questions and 'YES'/'NO' checkboxes, each accompanied by a cartoon illustration.

The Man Who Thinks for Himself

Knows...

ONLY VICEROY HAS A THINKING MAN'S FILTER... A SMOKING MAN'S TASTE!

One more question: Do you think about the filter cigarette you choose or just smoke any brand? If you're the kind of person who thinks for himself... you use judgment in your choice of cigarettes, as in everything else.

Men and women who think for themselves usually smoke VICEROY. Their reasons? Best in the world. They know the difference between fact and fancy. They know that only VICEROY has a thinking man's filter and a smoking man's taste.

*IF YOU HAVE ANSWERED YES TO 6 OF THESE QUESTIONS, YOU ARE A PERSON WHO THINKS FOR HIMSELF!

Familiar pack or crush-proof box.
