

## Booth Builders

IT'S PENNY CARNIVAL booth building time at the University as these Gamma Phi Beta pledges are finding out. From left to right are: Anne Wilson, Jeanne Roquet, Julie Moran, Sharon Ladenburg, Ginny Hubka, Linda Schelbitzki.

### Preliminary Report—

## Enrollment Up at NU, But Under '56 Figures

Enrollment is up at NU this fall, but it still hasn't regained what it lost last year.

A preliminary report from the office of Registrar Floyd Hoover on University enrollment for first semester shows a total of 8,343 students, an increase of 203 over last year, but under the 8,425 of 1956.

Dr. Hoover said these figures do not include an additional 1,035 students enrolled at Nebraska Agricultural High School at Curtis (222), at University High School (272), and in the University

Extension Division (540). The addition of these figures would bring the total to 9,378.

Last year registration showed a 261-student drop, thought to be due to two main factors — tightening of scholastic standards and increased tuition.

Attrition Drops However, University officials point out that enrollment is nearly equal to that of two years ago, and that the records of last year's freshman class show less attrition and

better classroom records.

Chancellor Clifford Hardin said the figures of general higher enrollment do not indicate, however, a larger number of individuals of college age. The number in that age bracket has varied little since the 1930's, he said.

He emphasized that the increased number of students in college today is due in a large respect to the interest in furthering education and the fact that more young people are interested in college education.

### Birth Rate

Dr. Hardin forecast another increase in enrollment for next year, but said that "the effect of the rising birth rate does not really strike us until the fall of 1960."

"We are going to make a new study during the winter months of enrollment potential," the Chancellor said.

Later this week figures will be assembled on the number of students in each class, and a further analysis of the figures will be made.

Figures from the Graduate College show that enrollment there is up considerably, with the other colleges staying substantially the same.

### Elgin Plant

Dr. Hardin stated that the present physical plant the University possesses would be adequate to take care of the students for the next 6 or 7 years, although it would not have been if the Elgin plant had not been purchased.

The Chancellor said the University is in the "best shape for several years" as far as the faculty is concerned.

Dr. Hardin said "there is no question" but what the trend toward higher education will continue.

## Summer Memories — Madness!

Winter winds may hit the University campus for good anytime now. Better let summer be just a memory and heed the words of the University of Detroit Varsity News.

"It's been a long hot summer and here are some statements that have helped make summer vacation make summer vacation from U-D exactly what it is: Madness! Madness!

1. "There's an owl in my sleeping bag!"
2. "I thought you brought the bottle-opener."
3. "You set up the tent and make a fire and I'll catch some fish for dinner."
4. "Of course you can pass summer school Metaphysics — it's a snap."
5. "If we drive 500 miles tonight, we can register on time tomorrow."
6. "Sorry Senor, you were going over the speed limit; that will be 100 pesos please."
7. "Whaddaya mean 50 miles to Dallas? According to the map, we're just south of Toledo."
8. "You mean to say you took Metaphysics in summer school? You must be out of your mind."

## Defendant May Request Open Tribunal Hearing

### Rules of Procedure Adopted by Judges

The University Student Tribunal has voted to open hearings to the public upon the written request of the defending student.

This provision was made in rules of procedure adopted at a special meeting Tuesday afternoon.

The Tribunal's rules for hearings specify that charges against a student must be filed by the Dean of the Division of Student Affairs or his representative. The Tribunal chairman then will specify a hearing date and notify the charged student at least five days prior to the date scheduled.

The defending student has the right to be represented by counsel at the hearing if he desires. The Tribunal's ruling must be made within 30 days of the closing of the hearing.

Expulsion from the University, suspension from school for a fixed time, conduct probation, conduct warning or dismissal of the charges are among the powers which may be used by the student judges.

The rules of procedure require that at least five student members and one faculty member be present at all hearings.

The complete rules of procedure, which will be officially written into the Tribunal minutes on Wednesday, the regular meeting date, are:

### The Hearing

1. **Initiation of the Hearing.** The Dean of the Division of Student Affairs or his representative shall present such case to the Tribunal which presentation shall contain a written statement of the facts prepared and signed by the defending student unless the defending student refuses to prepare and sign such a statement.

2. **Time and Place.** The Chairman of the Tribunal shall fix the time and place for each hearing. The Secretary of the Tribunal shall mail, at least five days prior thereto, notice of such time and place to the defending student and to the Dean of the Division of Student Affairs, unless such notice is waived.

3. **Adjournments.** The Chairman of the Tribunal for good cause shown may adjourn the hearing upon the request of the defending student or the Dean of the Division of Student Affairs or upon his own initiative.

4. **Representation by Counsel.** The defending student may be represented by counsel at the hearing if he so desires.

5. **Order of Proceedings.** The Chairman of the Tribunal shall read the statement of the charges and signed by the defending student. The Dean of the Division of Student Affairs or his representative shall then present any additional facts. He and his witnesses shall submit to questioning or other examination. The defending student or his counsel may then present any additional facts. He and his witnesses shall submit to questioning or other examination. The Chairman may in his discretion vary this procedure but shall afford full opportunity to all for the presentation of any material or relevant proof.

6. **Evidence.** The defending student and the Dean of the Division of Student Affairs may offer such evidence as they desire and shall produce such additional evidence as the Tribunal may find necessary to understand and determine the case. All evidence shall be taken in the presence of the defendant and the student except where he is absent in default or has waived his right to be present.

7. **Absences.** The hearing may proceed in the absence of the defending student if he fails to obtain an adjournment. In the event that the defending student and the Dean of the Division of Student Affairs agree that the statement of facts prepared and signed by the defending student contains all the facts necessary for the disposition of the case, neither the defending student nor the Dean of the Division of Student Affairs need be present unless expressly requested by the Tribunal. No hearing shall proceed unless there are present at least five student members and one faculty member of the Tribunal.

8. **Attendance at Hearings.** Persons having a direct interest in the case are entitled to attend hearings. Upon the written request of the defending student the hearing shall be open to the public. In the absence of such request, it shall be discretionary with the Tribunal to determine the propriety of the attendance of any persons not having a direct interest. The Chairman of the Tribunal shall have the power to require the retirement of any witness during the testimony of other witnesses.

9. **Closing of Hearing.** The Chairman of the Tribunal shall specifically inquire of the defending student and the Dean of the Division of Student Affairs or his representative whether they have any further evidence to offer and witnesses to be heard. Upon receiving negative replies the Chairman shall declare the hearing closed.

10. **Resumption of Hearing.** The hearing may be resumed by the Chairman of the Tribunal on his own motion or upon application of the defending student or the Dean of the Division of Student Affairs for good cause shown at any time before the decision is rendered.

### The Decision

11. **Time.** The decision shall be rendered promptly, not later than thirty days after closing the hearing.

12. **Form.** The decision shall be in the form of a written recommendation addressed to the Dean of the Division of Student Affairs, signed by the Chairman and the Secretary of the Tribunal.

13. **Scope.** The Tribunal may make any decision which it deems just and equitable including, but not limited to, expulsion from the University, suspension from the University for a fixed time, conduct probation for a fixed time, conduct warning, or dismissal of the charges.

14. **Majority Decision.** A decision of the Tribunal shall be by a majority vote except that in the case of a decision recommending expulsion or suspension a two-thirds vote is required.

15. **Delivery of the Decision.** The Secretary of the Tribunal shall deliver the decision to the Dean of the Division of Student Affairs. The Dean of the Division of Student Affairs shall inform the defending student of the decision as well as his own disposition of the case. The Dean of the Division of Student Affairs shall also notify the Tribunal of such disposition.

### Special Provisions

16. **Record.** The Secretary of the Tribunal shall keep a record of each case brought before the Tribunal. The record shall show the place, time, and date of the hearing, the presence of the defending student and counsel, if any, the statement of the Dean of the Division of Student Affairs, the statement of the facts of the case prepared and signed by the defending student, a list of the names and addresses of all witnesses, any exhibits offered in evidence during the course of the hearing, a copy of the decision made by the Tribunal, and a statement of the disposition of the case by the Dean of the Division of Student Affairs. The file containing such record shall be kept in an appropriate place, not open to public inspection.

17. **Amendments.** These rules of procedure may be amended by a two-thirds vote of the Tribunal.

Sarpkaya

## Engineering Professor Wins Prize

Turgut Sarpkaya, assistant engineering mechanics professor at the University, has been named winner of the Collingwood Prize for junior members of the American Society of Civil Engineers.

Sarpkaya was awarded the prize for his paper on "Oscillatory Gravity Waves in Flowing Water", which appeared in Volume 122 of the Society's "Transactions."

The prize, which consists of a cash award and engraved certificate, will probably be given at the annual convention of the Society in New York City on Oct. 15.

Sarpkaya received his master's degree in civil engineering from the Technical University of Istanbul in 1951, and his doctor's degree in engineering mechanics and hydraulics from the State University of Iowa in 1954. He was then employed as a research engineer at the hydraulics laboratory at M.I.T., and later gave lectures L'Institut Henri Poincare of the University of Paris.

Returning to Turkey, he became the chief research engineer at the State Hydraulics Works, and then assistant professor at Robert College, teaching fluid mechanics. He has written several papers on fluid mechanics and structures which have been published in English, French and Turkish.

## Wildlife Displays Underway

Work has begun on three more natural displays in the Nebraska Hall of Wildlife in Morrill Hall.

Nearing completion is a re-created sunset scene north of Lincoln of a mother skunk and her family and the view as seen from the Fort Robinson Museum field headquarters featuring muledeer.

Wade Cox, who is painting the background for the two displays, used natural scenes for his subjects. Artist Lee Jacques will begin soon on a North Platte waterfowl scene for the eleventh display.

Eight of the sixteen planned displays have been completed so far, representing the work of several artists, and the others should be finished by spring, according to Dr. C. B. Schultz, director of the museum.

Nathan Mohler, who painted the background for the first display—a bobcat scene, processes natural plants and makes artificial props and plants from the originals in some cases. The foreground is constructed by Henry Reider, chief preparator, with the help of his assistant, Don Martin. Awaited now are the mounts which are being prepared in Denver.

The displays are sponsored by private donations given through the University Foundation. Some \$12,000 will go into the construction of the three displays.

## Interviews Set For Union Posts

Interviews for assistant chairmanship on two Union committees, recreation and music, will be held today in Union 211 beginning at 8 p.m.

A sign-up sheet is posted in the Union Activities Office. Requirements for the positions are an accumulative average of 5 or above, at least one semester's work experience in Union activities and sophomore standing or above.

## 'Enthusiastic' Describes Mimi, New Sigma Chi Housemother

Enthusiastic about everything from Con, the Sigma Chi dog, to Derby Day describes Mrs. Ruth Howard, new Sigma Chi housemother.

"I'm enjoying every minute of it," said Mimi, who is experiencing her first year at housemothering anywhere. "It's so much fun, and just wonderful!"

"Mimi!" Her nickname, Mimi, came from her grandson, she explained.

"And now that's what everyone calls me. Maybe he's the reason I like boys so well."

Born in Des Moines, Ia., Mimi lived for 30 years in Birmingham, Mich. Since then she has traveled extensively and has visited California, New York, most of the South and Alaska. Europe is next summer's destination.

Art is another enthusi-

asm, as well as gardening. Studied Art "I studied art at the Cummings School in Des Moines," she said, "and also in Detroit. Next semester I'd love to take a course

in sculpturing here at the University."

She was president of the National Farm and Gardening Club in Birmingham.

Explaining her decision to be a housemother, Mimi said,

"I feel everyone should get up in the morning with a purpose in life, and I just didn't have one. It was really my daughter and son-in-law's idea. Too, I had a friend in the East who was one."

She marveled at the organization of Derby Day and declared the boys "really worked."

"It's really wonderful the way the youth of today do something when they make up their mind to it."

Mimi likes the size and cleanliness of Lincoln, and has "no desire to go back to Detroit."

Even Con rated praise. "I love dogs," she said, "and Con is wonderful!"

Mrs. Howard

## College Jazz Now On KFMQ

West. Wetter MC Kaleidoscope

Two University students, John West, junior, and Walt Wetter, freshman, have begun broadcasting a new program over radio KFMQ.

The program, which will be called "Kaleidoscope," is beamed towards a college audience. It will be on the air from 11 p.m. to 1 a.m. every evening.

Modern jazz will be featured, with inserts of popular standards, light classical, folk music and Dixieland. Like a kaleidoscope, the program will strive for "colorful music," said Paul Scheele, station manager.

KFMQ will also feature a series of stereophonic broadcasts, beginning next Sunday. The four broadcasts will be presented for four consecutive Sundays in conjunction with Channel 10 TV.

"This will be the first time such a high fidelity broadcast has been presented in this area," Scheele said.

He instructed students wishing to hear the broadcast to tune in KFMQ over FM radio and Channel 10 at the same time. The radio should be placed at one end of the room, the TV set in the middle, and the student should sit between the two, forming a triangle.

"By this arrangement, a person will hear the full effect of the high fidelity sound," Scheele explained.

The program will be heard from 11 to 11:30 p.m. Sunday.

## NU Gals: Man Supply Looks Good

Menless women, see your sights.

There are 2,784 boys for every coed on the NU campuses, according to figures from the Registrar's office.

But Nebraska coeds have lost a little ground from the position they held last year and NU men have gained—2,944 men were to be found for every woman at the start of last fall's classes.

The enrollment breakdown shows 6,127 men, an increase of 51 over last year, and 2,216 women, an increase of 152.

## Foreign Film Series Expanded

Shows Feature Laughs, Tears; Student Memberships Cost \$3

An expanded series of Union-sponsored foreign films is scheduled for the Nebraska Theatre this season, ranging from British comedies to films as serious as Dostoevsky's "Crime and Punishment."

Prize-Winners

And the films already selected include international prize winners and star-studded casts, according to John West, Union film committee chairman.

Chosen so far are "The Blue Murder at St. Trinians," a British comedy; the Italian "The Bigamist," starring Vittorio De Sica; a new French version of "Crime and Punishment"; "The Golden Age of Comedy"; and "The Man in the Raincoat" with Fernandel.

Maria Schell, whom West described as the "brilliant star of 'The Brothers Karamazov,'" will be featured in two international prize winners, "The Last Bridge" and "Gervaise."

Best Picture "Gervaise" was selected as the Best Foreign Picture of the Year by the New York Film Critics.

Three other movies remain to be selected.

Memberships for this year's Film Society will be on sale on or about Oct. 30, West said.

Prices will be \$3 for students, \$3.50 for students and \$4.50 for patrons in town.

Student memberships offer the 10 pictures for the price of thirty cents each, West pointed out.

Presentation will begin in November, with the last film shown in April.

Shows are scheduled for 8 p.m. Wednesday evenings at the Nebraska Theatre.

## Psych Clinic Gets Board Endorsement

The University's psychological clinic has received notification of approval by the American Board of Psychological Services, Dr. Marshall Jones, professor of psychology announced.

The Board, set up two years ago as an accrediting agency by the American Psychological Assn., inspects clinics to consider the quality of staff and adequacy of professional services.

The psychological clinic, under the direction of Dr. Jones, trains graduate students in clinical psychology and offers psychological services to the public.

It is one of the two approved clinics in the state. Earlier the University's educational-psychological clinic, operated by the department of educational psychology and measurements, received Board approval.
