Dedication—

Lyman Hall Called Important Addition

Lyman Hall was termed an "important addition to the University's physical plant" by Chancellor Clifford Hardin at the dedication program Thursday.

"Lyman Hall is, in a very large sense, but one of the manifestations of the confidence the University of Nebraska has won within the whole society it seeks to serve," he said.

Lyman Hall has made possible a chain reaction of improvements, the Chancellor explained. Its construction provided the College of Pharmacy and the department of bacteriology with the new quarters as well as providing space in Bessey Hall for the physiology department.

"In the opening of Lyman Hall we have one more example of the effectiveness and the wisdom of the Legislature's inauguration of a long-range state institutional building program more than 10 years ago and of the 1957 decision to continue it," the Chancellor added.

Invocation

The invocation was given by the Reverend Frederick Roblee, pastor of Westminster Presbyterian Church.

Other speakers included Dr. Robert Swain, chairman of the Council, American Pharmaceutical Assn.; Dr. Louis Zopf, president of the American Assn. of College of Pharmacy; Dr. George Beal, president of the American Council on Pharmaceutical Education; Dr. Robert Hardt, '22 graduate, representing the College of Pharmacy and James Hamik, president of the University student chapter of the American Pharmaceutical Assn.

Portrait

A portrait of the late Rufus Lyman was unveiled by Lewis Harris, chairman of the advisory committee of the Lyman Memorial Fund. Lyman, to whom the building is dedicated, was the founder and

first dean of the Pharmacy College.

Charles Thompson, president of the Board of Regents, presented the key to Lyman Hall to Dr. Joseph Burt, dean of the College of Pharmacy, and Dr. Carl Georgi, chairman of the department of bacteriology.

Open house based on the theme, "Relief From Pain," was held immediately following from 3 to 5 p.m. and 7 to 9 p.m.
