

# Ten Spring Days Positions Available

### Open House Requires Help; Interviews Slated Saturday

The Spring Day committee has announced 10 positions open for students desiring to assist with Spring Days this year.

According to Jack Muck, committee chairman, the addition of an all-University open house will require more help.

The open house will be conducted by the separate colleges. Students will not be dismissed for Spring Day events until Friday noon, according to Muck.

Since the open house is directed primarily at high school seniors throughout the state, the publicity for Spring Days will require five assistants.

# Federal Student Loans

(Continued from Page 1)

rate of three per cent a year on unpaid balances, except that no interest shall accrue before the date of the first installment payment.

A co-signer (parent or guardian) will be required for borrowers under 21 years of age.

Repayment schedule interruptions not exceeding three years are granted borrowers during active service in the U.S. Armed Forces.

If after the student finishes college, he becomes an elementary or secondary teacher, 10 per cent of the loan is automatically cancelled every year, up to the time that half the loan has been cancelled.

The liability to repay the loan will be cancelled upon the death of the borrower, or if he becomes permanently and totally disabled.

Under the University's loan program, the demand for student loans in the past 10 years has risen sharply. In 1947, about 23 loans totaling \$3,528 were extended in contrast to last year's 1,007, amounting to \$167,849.50.

Men and Women  
Both men and women, especially those interested in advertising art and newspaper work, are asked to apply for this committee.

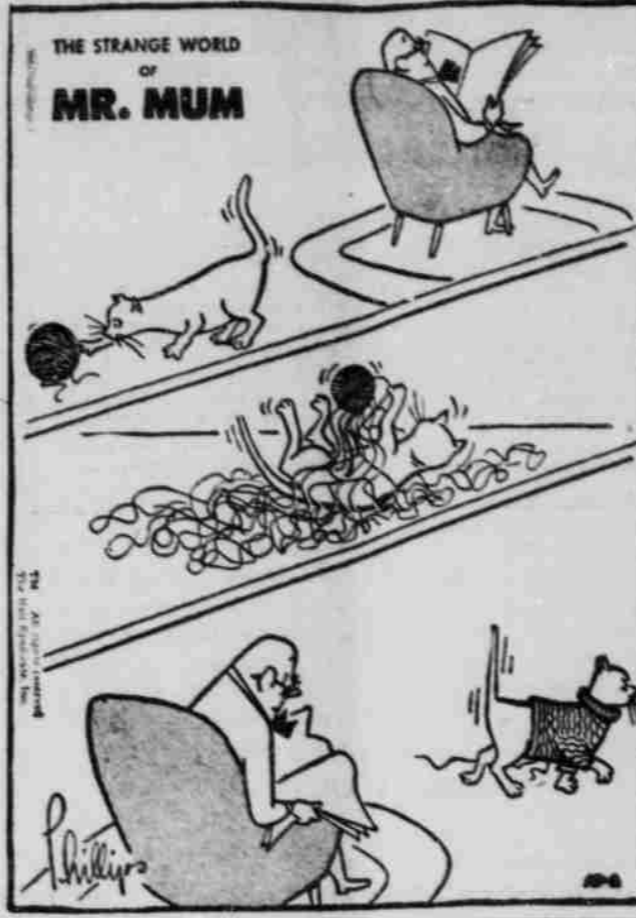

Two men and one woman are needed to help with the traditional Spring Day games.

One assistant is needed to handle the awards for competition and one general secretary is needed to help record and coordinate the detailed work of the central committee. These may be men or women.

Applications  
Applications and a sign up sheet for the interviews which will be held Saturday morning are available outside the Student Council office, room 305 Student Union.

All interested students are asked to apply. Any suggestions for the committee of assistants for which application is being made should be outlined on the application blanks.

Any student having questions concerning positions or interviews should call Jack Muck at the Phi Delt house.

# NY School Offers Fashion Grants

Four Fashion fellowships worth \$1,350 will be awarded by the Tobe-Coburn School for Fashion Fellowships in their 21st nation-wide contest for senior women.

The fellowships cover full tuition for the one-year course for 1959-60 at the school.

Registration blanks may be obtained by writing Fashion Fellowship Secretary, Tobe-Coburn School, 851 Madison Avenue, New York 21, New York.

# Greenberg Named to Regional Directorship

Dr. Ben Greenberg of York University Regent, has been selected to serve as a regional director of the Association of Governing Boards of State Universities and Allied Institutions.

Greenberg will be one of the 18 directors throughout the country who will serve through the Association's annual convention in October 1959. His recent appointment was made by this year's Association president, Mrs. James Blue, a University of Colorado Regent.

Dr. Greenberg will represent the Association at member institutions in his region and at official functions and

will report on the activities in his region for the preceding year at the Association's annual meeting.

Members of the Association represent the governing boards of some 200 colleges and universities recognized as state universities and other allied or tax-supported institutions. The purpose of the organization is to consider general administrative prob-

lems of the member institutions. Dr. Greenberg was re-elected in November to the Board of Regents for a 6-year term.

# NU to Aid Cancer Study With Chemical Research

The University has been asked to aid in the search for chemical compounds that might be of value in the treatment of cancer.

The Board of Regents announced at its recent meeting that the U.S. Public Health Service has granted the University's Institute of Cellular Growth \$28,126 to carry on this work.

Compounds  
The Cancer Chemotherapy National Service Center will furnish the Institute with 200 compounds that have previously been screened from about 50,000, said Dr. Donald Pace, Institute director.

These remaining 200 are believed to show some possibility that they may inhibit cell growth, Dr. Pace explained.

With these compounds, tissue culture studies will be conducted to determine the effects of the compounds on several established strains of cells. In the study, a pure strain of practically normal cells and a pure strain of very malignant cells, both strains from the same mother cell, will be used.

Only Two  
The University and National Cancer Institute are the only two institutions in the nation to have these types of strains, Dr. Pace said.

The Institute also received an \$8,000 grant from the Tobacco Industry Research Committee to continue its work in determining the effect of certain constituents of tobacco smoke on tissue cells.

In all, the Board of Regents accepted \$300,414 in outside grants, including \$64,400 from the National Science Foundation for the support of the Summer Science Institute, directed by the College of Arts and Sciences.

# Hardin Dedicated Conservation Program Tree

One of 256 trees planted in a major land conservation program has been dedicated to Chancellor Clifford Hardin.

William Stratton, governor of Illinois, spaded ground for planting the first tree at the Thor Research Center for Better Farm Living near Marenco, Ill.

During the ceremonies trees were dedicated to Stratton, President Dwight Eisenhower, Secretary of Agriculture Ezra Taft Benson, and governors and U.S. Senators of all states.

Trees also were dedicated to other leading figures who have made outstanding contributions to American agricultural progress, said Neil Hurley Jr., who founded the non-profit hor research farm two years ago.

Planting of 256 trees is the closing phase of a conservation development program which resulted in earlier construction of an 8-2-acre artificial lake at the research farm. The trees provide soil-conserving landscaping for areas surrounding the huge artificial body of water.

# Rodeo Club

The Rodeo Club will meet Wednesday at 7:30 in the Animal Husbandry Building.

A short film will be presented and club jackets will be distributed.

# A program of supreme importance to anybody who ever buys classical records

## The RCA Victor Society of Great Music of Great Music

UNDER THE DIRECTION OF THE Book-of-the-Month Club

... its common-sense purpose is to help serious lovers of music build a fine record library systematically instead of haphazardly... under reliable guidance... and at an IMMENSE SAVING over what they would otherwise pay for the very same RCA VICTOR Red Seal Records

MOST MUSIC LOVERS, in the back of their minds, certainly intend to build up for themselves a representative record library of the World's Great Music. Unfortunately, almost always they are haphazard in carrying out this aspiration. The new Society is designed to meet this common situation, sensibly, by making collection more systematic than it now is in most cases.

\* Because of more systematic collection, operating costs can be greatly reduced. The remarkable Introductory Offer at the right is a dramatic demonstration. It can represent a saving of up to more than 40% the first year.

\* Thereafter, continuing members can build their record libraries at almost a ONE-THIRD SAVING. For every two records purchased (from a group of at least fifty made available annually by the Society) members will receive a third RCA Victor Red Seal Record free.

### HOW THE SOCIETY OPERATES

EACH month, three or more 12-inch 33 1/2 R.P.M. RCA Victor Red Seal Records are announced to members. One is singled out as the record-of-the-month, and unless the Society is otherwise instructed (on a simple form always provided), this record is sent to the member. If the member does not want the work he may specify an alternate, or instruct the Society to send him nothing at all in that month. For every record purchased, members pay only \$4.98, the nationally advertised price. (For every shipment a small charge for postage and handling is added.)

BEGINNING MEMBERS WILL RECEIVE... IF THEY AGREE TO BUY SIX ADDITIONAL RECORDS FROM THE SOCIETY IN THE NEXT YEAR

**The Nine Symphonies of Beethoven**  
CONDUCTED BY Arturo Toscanini  
WITH THE NBC SYMPHONY ORCHESTRA  
SEVEN 12-INCH 33 1/2 R.P.M. RECORDS FOR \$3.98 (Nationally advertised price: \$34.98)

OR

**"The Mighty Forty-Eight"**  
JOHANN SEBASTIAN BACH'S The Well-Tempered Clavier  
PLAYED ON THE HARPSICORD  
Wanda Landowska  
SIX 12-INCH 33 1/2 R.P.M. RECORDS FOR \$3.98 (Nationally advertised price: \$29.98)

**Van Cliburn**  
PLAYING TCHAIKOVSKY'S FIRST PIANO CONCERTO

RCA VICTOR Society of Great Music, c/o Book-of-the-Month Club, Inc.  
365 Hudson Street, New York 14, N. Y.

Please register me as a member of The RCA Victor Society of Great Music and send me immediately the RCA Victor album checked below, billing me \$3.98 plus a small charge for postage and handling. I agree to buy six additional records within twelve months from those made available by the Society, for each of which I will be billed \$4.98, the price nationally advertised (plus a small charge for postage and handling). Thereafter, I send only four such records in any twelve-month period to maintain membership. I may cancel my membership any time after buying six records from the Society. After my sixth purchase, if I continue, for every two records I buy from the Society I will receive a third RCA Victor Red Seal Record free.

THE WELL-TEMPERED CLAVIER (12 RECORDS)  
 THE NINE BEETHOVEN SYMPHONIES (7 RECORDS)

Check here if you wish to receive the first piano concerto played by VAN CLIBURN. (This, of course, requires payment of full price of the subscription agreement.)
