

Cold Huskers Nicked In Try for 13th at Home

By George Moyer
Editor
You can't stay a magician forever. That's what coach Jerry Bush and his fighting Cornhuskers discovered Monday Kansas State, with All-American Bob Boozer pumping in 22 points, took a 50-43 decision from Nebraska on the Coliseum boards. The Huskers were still the

scrapping, dazzling team that had rolled to 12 straight home wins, but they could never quite crack the tremendous Wildcat defense for the safe lead they needed to go into their famous stall. Forced to shoot from out front, Nebraska could manage only a 28 per cent shooting average while K-State hit from everywhere. The Cats made 21 of 52 shots from

the field for a 40.4 average. Good shooting was a must for Tex Winter's boys because the smaller Huskers took a 48-32 margin in rebounds. Wally Frank, who spent most of the contest on ice with four early fouls, pumped a short jump shot and Boozer followed with another before Bob Harry broke the ice via a free throw with 3:04 gone.

Close Half

It was as close as the tightly packed Coliseum from there until halftime. Al Maxey hit a layin with 11:21 to play to hand Nebraska its first lead 12-11. After Boozer's free toss and long jump, Hirsch Turner got it back with a pair of charity throws.

That was the last time the Huskers saw daylight. Don Matuzak, a pepper pot guard, and Boozer gunned the Cats to a 24-19 halftime margin.

Nebraska challenged briefly in the second half as Turner and George Swank hit a pair of nifty jump shots to narrow things to 24-23.

After that it was all K-State. The Wintermen rolled a 42-30 advantage with seven minutes on the clock. Bush turned his cautious Huskers loose and with 36 seconds to play, K-State was slipping at 48-43.

It was too late, however, and the nations number three team walked off the court with their sixth straight conference victory and their 18th of the year.

Husker Teams On Road

Nebraska's varsity teams will be on the road this coming weekend.

The basketball team will invade the Sooner state for a Saturday night game with Oklahoma State, who they have beaten twice this year. They will travel on to Norman, Oklahoma to meet the Oklahoma Sooners in rematch for the two teams. Nebraska beat the Sooners out of third place in the Big Eight Tourney this year.

The swimming team will travel to Omaha to meet Creighton in a dual match on Saturday. The Huskers will be seeking to get back on the winning trail after having a five meet win streak snapped at Colorado last Saturday.

Jake Geier's gymnasts will head for the Rockies for two engagements. They will meet Colorado State U. at Fort Collins, Colorado on Friday and will move on to Denver where they will take on a tough Air Force Academy crew on Saturday.

Bill Smith and his wrestling team will be after their first win of the season as they also visit the Rockies. Colorado University will be the foe on Friday and the Air Force Academy will furnish the opposition on Saturday.

Ag Scholars Honored Tonight

Gamma Sigma Delta, agriculture honor society, will hold its annual scholarship recognition dinner tonight in the Student Union.

The event is held each year to recognize high scholarship among students enrolled in the College of Agriculture. Forty-seven sophomore and junior students who have outstanding scholastic records will be honored guests.

Dr. George Young, chairman of the animal pathology and hygiene department at the College, will speak on "An Unmeasurable Toward Success."

Corn Industries Renew Grant

An \$8,000 grant to the University in support of carbohydrate research studies has been renewed.

The Corn Industries Research Foundation, Inc. makes the grants as part of a long-range research program sponsored by corn refining companies collectively. Professor R. M. Sandstedt, professor of chemistry, supervises the studies.

Under the grant he and his colleagues will continue motion photomicrographic observation of the starch granule.

Prairie Schooner: Faulkner Appointed To Staff

Virginia Faulkner, has been named associate editor of the Prairie Schooner, University literary quarterly, by editor Karl Shapiro. Miss Faulkner will help edit the quarterly along with her present duties as assistant editor of the University of Nebraska Press. Among her recent works is "Round-up: A Nebraska Reader," published in 1957. She has also written scripts for KUON-TV and contributed articles to various magazines including Vogue, Harper's Bazaar, Cosmopolitan, Saturday Evening Post, the American, Liberty and Mademoiselle. A former newspaper columnist, Miss Faulkner has been an associate editor of Town and Country and helped write a 1947 comedy, "It Takes Two." The Schooner is published by the University department of English and the University Press. Other associate editors are Miss Bernice Slot and Fred Christensen.

Five Faculty To Participate In Ag Meetings

Five University faculty members will speak at Western Nebraska Organized Agriculture meetings. Cliff Ashburn, farm management specialist in the University Extension service will speak at Gordon meeting, and Emiel Christensen, professor of architecture, will speak at Chappell meeting. The speaker at the Gering meeting will be Donald Hudman, assistant professor of animal husbandry. Paul Fischbach, University Extension engineer, and Paul Guyer, Extension animal husbandman, will speak at a series of five irrigation clinics in southern Nebraska this week.

Dr. Gooding Travels Again

Dr. T. H. Gooding, University agronomist, will leave March 1 for four months at Colorado State University in Ft. Collins, Colo. Dr. Gooding, professor emeritus of agronomy at the College of Agriculture, will return to Nebraska later in the spring after concluding his duties. Dr. Gooding instructed at the University from 1919 to 1955. From 1955-57 he specialized in plant ecology at the University of Ankara College of Agriculture in Turkey. He also taught plant ecology at Ege University in Izmir, Turkey.

'Masters' Art Exhibited

Works of famous masters are included in the exhibition from the J. Lessing Rosenwald Collection now on display at the University Art Galleries in Morrill Hall. Prints, engravings, etchings and woodcuts are in the show. Works by Duer, Holbein, Schongauer, Mantegna, Rembrandt, Callot and Piranesi are featured. The exhibition will be at the galleries through Feb. 15 in Gallery A, second floor, Morrill Hall.

WILLIAM F. BLOOMFIELD, B.S.I.E., LEHIGH, '53, SAYS:

"Join me for a day at work?"

Bill is Plant Service Supervisor for New Jersey Bell Telephone Company at Dover. He joined the telephone company after graduation, has held many jobs to gain valuable experience. Now he has three foremen and 32 craft people working for him. "It's a challenging job and keeps me hopping," says Bill. "See for yourself."

"8:30 a.m. With my test bureau foreman, I plan work schedules for the coming week. Maintaining equitable schedules and being ready for emergencies is imperative for good morale and service."

"9:10 a.m. The State Police at Andover have reported trouble with a mobile radio telephone. I discuss it with the test deskman. Naturally, we send a repairman out pronto to take care of it."

"11:00 a.m. As soon as things are lined up at the office, I drive out to check on the mobile radio repair job. The repairman has found the trouble—and together we run a test on the equipment."

"1:30 p.m. After lunch, I look in on a PBX and room-phone installation at an out-of-town motel. The installation supervisor, foreman and I discuss plans for running cable in from the highway."

"2:45 p.m. Next, I drive over to the central office at Denville, which is cutting over 7000 local telephones to dial service tomorrow night. I go over final arrangements with the supervisor."

"4:00 p.m. When I get back to my office, I find there are several phone messages to answer. As soon as I get them out of the way, I'll check over tomorrow's work schedule—then call it a day."

"Well, that's my job. You can see there's nothing monotonous about it. I'm responsible for keeping 50,000 subscriber lines over a 260-square-mile area in A.1 operating order. It's a big responsibility—but I love it."

Bill Bloomfield is moving ahead, like many young engineers in supervisory positions in the Bell Telephone Companies. There may be opportunities for you, too. Talk with the Bell interviewer when he visits your campus and get the whole story.
