

Mitchem Offered Y-Sponsored Summer Trip to Soviet Union

Terry Mitchem has been selected as one of 20 American students to participate in a YWCA-YMCA sponsored visit to the Soviet Union this summer.

Beverly Deepe, a former University coed, participated in a similar exchange last year.

Spending 40 days in Russia, Miss Mitchem will also spend 10 days in either Poland or Czechoslovakia.

University Visits

"We'll spend a week or more in Moscow or Leningrad so that we can see social in-

stitutions and the urban economy of the Soviet Union," Miss Mitchem explained. "We'll also visit one of the universities, and hope to be housed in the dormitories at them."

She added that they would also see the countryside of Russia and spend two or more weeks in sports or health camps where Soviet students spend their vacations.

The National Student Council of the YWCA and YMCA sponsors the tour.

After an orientation session

June 13 to 18 in New York City, the 20 students will leave from Montreal June 19.

Two Groups

They will be divided into groups of 10 upon arrival in Europe. Each group will have two leaders and at least one Russian-speaking member.

"The orientation session will prepare us for the questions that will probably be asked of us," Miss Mitchem said. "It will also provide us with some knowledge of what to expect."

Miss Mitchem explained that the trip was not entirely paid for by the Councils, but would "cost me some money too."

'Open Door'

"It's a wonderful opportunity," she added. "There are very few visas given into Russia and it's extremely difficult to obtain one. You might call this an 'open door' into the country."

"I want to meet and understand as many of the Russian people as I can in the three months time."

After the tour the students may either leave for home August 29 or spend some time in other European countries.

Spanish Visit

"I'd like to visit Spain if at all possible, but don't know if I'll be able to," she said. She is a Spanish major.

Past president of the campus YWCA, Miss Mitchem is also a member of Mortar Board, Phi Sigma Iota, Phi Beta Kappa and vice-president of the Union board. She is a senior in Arts and Sciences.

She reigned as Honorary Commandant at the 1958 Military Ball and is secretary of Gamma Phi Beta.

Medical Students To Give Program

A group of students from the University College of Medicine in Omaha will visit the campus Wednesday to discuss general medical school requirements and information.

The group will present a program in Bessey Hall Auditorium at 7 p.m. Representatives from each medical school class will be there and films will be shown on cancer.

A question and answer period will follow. Pre-med and pre-nursing candidates are urged to attend.

Deems to Help At Nat'l. Contest

Dr. Howard Deems, chairman of the Department of Vocational Education, will participate in a national conference on agricultural education in Chicago Thursday through Saturday.

He will serve on a national committee which is working on "content and standards for day classes in vocational agriculture."

Pierson to Talk At Dental Meet

Dr. Fritz Pierson, professor of dental medicine, is to speak at the 66th Annual Meeting of the Oregon State Dental Association in Portland.

Dr. Pierson, a professor since 1922, will give his report as a member of the Board of Trustees of the American Dental Association. The dental professor will represent the 11th District which encompasses a nine-state area, including Nebraska.

Dr. Pierson has been active in state and national dental groups for many years.

Lit Contest Deadline Is March 13

"Schooner" To Print Previous Winners

March 13 is the deadline for entering the poetry and fiction writing contest sponsored by the English department.

First prize in both contests is \$50. Poems may be of any length and fiction must run from 3,000 to 7,000 words.

Other rules are available in Room 221 Andrews.

Winners of last year's contest will have their articles published in the spring "Prairie Schooner," according to Miss Bernice Sote, associate professor of English.

Two poems, "The Brothers" by Jerry Petsche, and "Space and Branch" by Barbara Millnitz, and a short-story "The Right Hand" by Ervin Krause, will appear in the issue.

Kirsch Heads Engineer Group

Howard Kirsch, junior in mechanical engineering, was installed as president of Sigma Tau.

The national honorary society for engineers also installed chapter officers Alfred Witte, vice president, junior in electrical engineering; Alan Vennix, secretary, junior in chemical engineering; Dean Ruwe, treasurer, senior in ag engineering; Jaroslav Kohl, Pyramid correspondent, senior in electrical engineering; and Steve Pawelski, historian, senior in mechanical engineering.

Well Drillers Hear Schleusener

Paul Schleusener, Associate Professor of Agricultural Engineering, was a speaker at the Nebraska Well Drillers Association in Pershing Auditorium this week.

At the 28th annual conference he spoke of the contribution of minimum standards for irrigation wells that the Drillers Association had approved.

Dr. Carozzi

Geology Talk Is Scheduled

Dr. Albert Carozzi, Swiss professor of geology at the University of Illinois, will lecture at the University Wednesday.

He will speak on "Tectonic Control of Microfacies" at 8 p.m. Rm. 20, Morrill.

Dr. Carozzi has devoted his entire professional career to the study of ancient sediments and sedimentation in Europe and North America and is an internationally recognized authority on many phases of the subject.

Born in Geneva, Switzerland, Dr. Carozzi received his doctorate degree from the University of Geneva and was on the faculty there for a number of years.

He is the author of more than 100 papers of sedimentology and micropaleontology. He joined the University of Illinois faculty in 1957.

His visit at the University is being sponsored by the geology department, the University Research Council and the Distinguished Lecture Committee of the American Association of Petroleum Geologists.

They said it couldn't be done...
They said nobody could do it...
but - **L&M is Low in tar**
with **More taste to it**

Don't settle for one without the other!

"L&M is kindest to your taste," says James Arness. "There are two good reasons why I know you'll like 'em. They're truly low in tar, with more exciting taste than you'll find in any other cigarette."
LOW TAR: L&M's patented filtering process adds extra filter fibers electrostatically, crosswise to the stream of smoke . . . makes L&M truly low in tar.
MORE TASTE: L&M's rich mixture of slow burning tobaccos brings you more exciting taste than any other cigarette.

LIVE MODERN...CHANGE TO MODERN L&M
