

Hardin's Greetings . . .

It is a pleasure for the University to extend a sincere welcome to you who are attending your first summer session and to greet again those of you who have returned to resume your work.

Our summer program is planned, of course, to offer you a maximum opportunity for advancement in academic fields and also to provide a number of extras which contribute to your general educational experience and to your personal enjoyment.

The Summer Sessions again this year include a number of lectures and forums on timely international and national affairs topics. Each is presented with the benefit of participation by recognized authorities and it is our hope that you will find them highly interesting as well as helpful.

Our Student Union has arranged a fine Summer Artist Series, programs in music and drama, climaxed by the University's Summer Symphony concert on July 15. Of special interest, too, are the many programs of the All State Fine Arts high school students: concerts, plays, speech recitals, and a musical comedy. You are cordially invited to attend any or all of the All State programs during June. You will also want to visit the Mueller Planetarium Theater in Morrill Hall.

Before many days have passed you will have an opportunity to be among the first to use the new food service facilities of the Student Union addition. Great care is being taken to make the Student Union one of the finest installations of its kind in this part of the country.

The University is pleased to have this opportunity to be of service to you. We find understandable pride in the fact that this is one of the great educational institutions of the Middle West. We are proud to offer you instruction of quality which is widely recognized and accepted.

The welcome we extend is a sincere one. We are confident that you will find the next few weeks rewarding in terms of your educational advancement and we wish you every success.

Sincerely,
Clifford M. Hardin, Chancellor

Sorenson Predicts . . .

"The forecast for the 1959 summer session should be of interest to all students," predicts Frank E. Sorenson, Director of the summer sessions.

1. The total University enrollment will be about 3,400 students, slightly larger than that of previous summer sessions.

2. Of the total number approximately 2,200 students will be taking undergraduate courses; the remaining 1,200 will be enrolled in graduate courses.

3. The largest enrollment, about 1,400 students will be identified with the Teachers College. As many as 750 students may enroll in the Graduate College.

4. The summer academic

staff of 268 persons includes 53 highly qualified instructors from across the nation. This staff will be assisted by 87 graduate students.

Director Sorenson also predicts that the 1959 summer sessions calendar of activities will be enthusiastically received by students and their families. This program includes the carefully planned national and world affairs previews and forums, the clinics on creative teaching and patterns of rural education, also the Union weekly series and high-quality film programs.

Students will want to share in the many activities scheduled on the Summer Sessions Activities Calendar and in this way become fully informed about the issues and leaders of the day.

Summer Nebraskan

The Summer Nebraskan is the official publication of the University of Nebraska Summer Sessions and is published under the sponsorship of the School of Journalism. The newspaper is published every Thursday during the Summer Sessions except on holidays and exam periods.

Barbara Bible, Editor
Jerry Sellentin, Business Manager
Information for publication may be turned in to 309 Burnett or called in on extensions 3106 or 3127.

All State Opens

Approximately 270 high school students are attending the All State High School Fine Arts course in art, music and speech being held on the campus until June 27.

The students are being housed in University sorority houses and residence halls.

News Briefs

Register by noon today in the Union Activities Office for the tour "A Visit to the Past and Into the Future," featuring a visit to the University Museum and Planetarium. The tour begins at 3:30 p.m.

Of interest to students is a change of offices. The summer session office has moved to Adm. 412, Teacher placement has moved to Adm. 414, T.C. 7 is the new office of the Educational Psychology Department, Secondary Education has moved to Adm. 412 and the Dean's office will be Adm. 413.

Two hundred forty-one Nebraska towns and 84 of Nebraska's 93 counties were represented in this year's graduating class. In addition 11 foreign countries and Puerto Rico were among nations receiving degrees. Countries represented were the British West Indies, Panama, Canada, Iraq, Colombia, Bolivia, Syria, Turkey, England, Ko-
