### Functions Can Spell Trouble for Pledges

By Pat Dean  
Probably the most bewildering experience for the young dewy eyed boy or girl freshman is the function.

With only a few moments notice, the expectant girl pledge watches as 50 boys swarm through the door of her sorority house. Some of the boys are self confident, some are indifferent and some are shy, holding back at the front door.

They shy boys are generally male pledges. "What do we do, now?" buzzes through their circle as they all try to grip the door-knob at once.

This type of function is commonly known as the football function. Everyone is usually paired off in a matter of about 15 minutes, however, shy or not and the whole group troops to the football stadium.

Aside from the football functions pizza parties are

### Dr. Rosenlof Accepts Job In Missouri

Dr. George W. Rosenlof, dean emeritus of admissions and inter-institutional relationships, has been named a regional representative for the U.S. Office of Education.

He will serve as a liaison officer between the U.S. Office of Education and 164 universities and colleges located in four states. Dr. Rosenlof will have an office in Kansas City.

**Half Century in Teaching**  
In accepting the new appointment, Dr. Rosenlof is departing for the first time in 50 years from direct participation in Nebraska's educational system.

He began as a rural school teacher, later graduated from Hastings College and served as a high school superintendent before coming to the University to complete his masters degree.

**At NU Since 1922**  
Dr. Rosenlof has been a staff member of the University continually since 1922 with an exception of four years spent in the Nebraska Department of Public Instruction.

### Front Desk Is 'Nerve Center' Services Offered—Cigaretts to Banquets

Service and convenience, long a by-word of the American way of life, has been utilized fully in the organization of the new Nebraska Union.

Sensing a possible feeling of Pentagon-bewilderment plaguing wandering strangers entering the new Union, the designers installed a "nerve center," designed to give service with little wasted motion.

**Front Location**  
This center of activity is located at the front desk area of the S St. lobby entrance, enabling a student to perform deeds ranging from purchasing a pack of cigarettes to arranging a banquet without climbing stairs or searching hallways.

Services offered include:  
—A paging system at the main desk for students, faculty or guests.

—Sound and music programming for all meeting rooms. The program service, available through contract, makes it possible to have classical music, pop dinner music and three radio channels, plus one or two open channels for internal programming. Special tapes and records are available through

### Band File Is New Service

An up to date dance band file will be maintained at the Union this fall.

The file will include both small and large big name bands that will be available to the campus organizations. It is hoped that all the organizations on campus will take advantage of this service.

the Union's music library. This service may be requested for each room.

—Stamps, cigarettes, candy, magazines, newspapers, post cards and the like may be obtained at the sales desk.

Organizations also may check out small-change banks from the main desk, and blank tickets are available so that tickets may be sold at the door of the great dance, dinner, or what have you.

**Schedules Handy**  
General information on bus schedules, train schedules, calendars and schedules of campus events, or even the time of day, is available.

The night manager's office is located in this area, where arrangements, equipment, or services needed for organizational evening meetings will be handled.

Students burdened with excess books, bags, parcels, and coats may temporarily dispose of them in the check room while in the Union.

All business regarding reservations and facilities for a program or event may be conducted in the reception office in this area.

**Central Location**  
Each department head with the exception of Activities will be located in the area so customers can make the least amount of exertion in requesting Union facilities and services, ranging from bulletin boards to movies and accompanying equipment.
