

Paul, Kreigh Pace Freshman Victory

By Dave Calhoun
Nebraska's freshmen used the winning combination of Chet Paul and Sammy Kreigh to down McCook Junior College 61-52, at the Coliseum Wednesday night.

The yearlings chalked up victory number two, as Paul, an all stater from Lincoln High, paced the winners with 21 points.

The other half of the freshmen's one-two-punch, Kreigh, pumped in 18 points. The Huskers, who trailed only once in the early minutes of the game, took control of the contest when Paul hit four fielders to give Nebraska a seven point lead.

Nebraska tightened up its defense and the Indians were forced to make their last six points in the first half via the free throw line.

After the intermission, three field goals by Dick Muma, Tom Ernst and Mike Stacey in the first minute of play placed the Huskers on top of a 34-25 score.

The three McCook gunners, Vernon Franke, Burdette Malleck and Marv Teel, tried to chop the margin, but the Nebraska defense squelched the rally attempt.

With the exception of baskets by Stacey and Muma in the last minutes, Paul and Kreigh accounted for all of the scoring in the last 14 minutes of play.

High point maker for McCook was Malleck with 14. Muma dumped in 13 to follow Paul and Kreigh in Nebraska's scoring column.

NEBRASKA		MCCOOK	
Player	Points	Player	Points
Reburn	1-5	Muma	6-15
Bussell	1-0	Stacey	2-1
Francke	2-3	Paul	9-27
Schlem	1-1	Kreigh	7-4
Teel	3-15	Ernst	2-0
Tom	2-2	Black	0-1
Malleck	4-2	Lockman	0-0
Conse	0-0	Johnson	0-0
Loehr	0-0		
Phinney	0-0		
Totals	19-31	Totals	28-58

BS CANDIDATES
Choose specialized training program, graduate study or direct assignment

... As an RCA Engineer

Receive your MS in Electrical Engineering, Mechanical Engineering or Physics at RCA's expense, through the RCA Graduate Study Program. At the same time, you're beginning your RCA career as an engineer on a fully professional level, getting a head start in the field you prefer. RCA pays the full cost of your tuition, fees and approved texts while you take graduate study part-time at the University of Pennsylvania or Rutgers University.

Or, you may prefer a different path ahead . . . RCA Design and Development Specialized Training. Here is another of RCA's programs for careers, in which you begin by working full-time on planned technical assignments. Experienced engineers and interested management guide your progress. You may receive assignments in design and development of radar, airborne electronics, computers, missile electronics, television, radio and other equipment fields, as well as in electron tubes, semiconductor materials and devices, and space electronics.

Your experience or advanced education may point your way to direct assignment. Dozens of RCA engineering fields lie open to the man who's thoroughly acquainted with the direction he wants to take and whose qualifications open this path to him.

There's a lot more that's extremely interesting about an RCA engineering career. You should have these facts to make a wise decision about your future. Get them in person very soon when an RCA engineering management representative arrives on campus—

February 26
Mr. Robert Haklisch, Manager
College Relations, Dept.
CR-2 Radio Corporation of
America Camden 2, N. J.

Right now, see your placement officer. Get squared away on a specific time for your interview. And get your copies of the brochures that also help to fill you in on the RCA picture. If you're tied up when RCA's representative is here, send a résumé to the address shown at right.

Tomorrow is here today at RCA

Star Of The Week

NU Track Team Led By Mullins

By Norm Beatty
One of Nebraska's greatest athletes ever to wear the Scarlet and Cream has rightfully earned this week's Star of the Week award. He is trackster Joe Mullins.

The Canadian speedster is finishing his collegiate competition this semester after leading the Husker track team for nearly three years.

Mullins is undefeated this year so far in the 600, 800 and 1,000 yard runs in indoor competition. His performance in the 600, 1:14.4, is good for a new school record.

Joe started competitive running when he was 14 years old when he entered three and six mile road races held near his home at Glace Bay, Nova Scotia, Canada.

"I never won a six mile race but I did win the three mile event three times," Mullins said. His best time in the three mile was 14:32, out-

standing, especially for a 14 year old.

Mullins further distinguished himself at the Canadian National Track and Field Championship Games during his sophomore and junior years at Morrison high school in Glace Bay.

This week's Star feels that beating Charles Jenkins in the 600 yard run at the National AAU meet in February of his senior year was his greatest thrill.

Some of the other outstanding things the fleet six foot, 175 pound senior remembered were: setting a new Big 8 record in the 800 yard run last spring (1:49), competing in the British Empire Games in 1958, establishing a new freshman 440 record (47.3) and winning eight monograms in rugby, hockey, baseball and track at Hontington Prep School in Boston, Mass.

"I got third in my heat in the 800 yard run in the British Empire Games which didn't place me," Mullins said. Mullins was competing with an injury and finished in a heat that was won by Brian Huston, English four-minute miler.

Mullins feels the Nebraska track team has a good chance of winning the Big 8 conference championship this year if "the sophomores come through."

"We are a lot stronger overall this year. If we can beat Kansas and Oklahoma, we should win the works," Mullins said.

Mullins decided to attend the University of Nebraska after turning down offers from 15 other schools.

"I chose Nebraska because of the good coaching staff and the school itself," Joe explained.

How about the future?
"The four minute mile," Mullins answered.

"I have always wanted to concentrate on one event and I actually feel I can run a mile under four minutes. My best time is 4:11.4 and that was when I was a freshman," Mullins said.

Joe added that he will start to run the mile next semester when he returns to N.U. to graduate.

"But," he continued, "I plan to represent Canada in the Rome Olympics next summer and do some traveling in Europe before I finish school."

The 22 year old Mullins will graduate from the college of Business Administration next year at mid-term.

Nebraskan Want Ads

No. Words	1 da.	2 da.	3 da.	4 da.

Husker Cagers Clash With K-State Saturday

By Dave Wohlfarth
Nebraska's cagers, hoping at last they have found the victory path, clash with Kansas State, Saturday. Tipoff time will be 8 p.m. in the Coliseum.

The Huskers, who are now playing the spoiler's role in the red-hot Big Eight cage race, came to life in a 69-49 smashing of Iowa State last Saturday.

The Huskers hit 20 points in the first eight minutes of the second half to break the game wide open. Coach Jerry Bush made this comment after the game, "Our lads found the hole in that ring during the second half against Iowa State. Now if they just remember where it is we could give Kansas State a hard run

for a victory Saturday night." K-State is currently tied with Colorado for the Big Eight lead with a 7-2 conference record. In their last game the Wildcats bumped off Iowa State, 72-70, Monday night.

The Wildcats are not overconfident about the NU game. Five of the current K-State club can remember the 1958, 55-48 trimming the Huskers handed Kansas State. At that time, K-State was top-ranked nationally and had won 10 straight conference games.

Wildcat coach Tex Winter said, "There's no question but that Nebraska has found itself. And they were never lost very far. They had more than their share of tough luck in those close games—they have lost seven games by five points or less."

"We have no lack of respect for Nebraska, of that you can be sure," he added.

Leading the K-State attack this year is Wally Frank with a 16.4 average. Frank is also the top rebounder with 147 in 20 games.

Center Ced Price has threaded the nets for 209 points a 10.5 average and is a tough board man.

Other probable K-State starters are Sonny Ballard, Larry Comley and Steve Douglas.

NU mentor Bush may use the same quintet which opened the game against Iowa State; Jim Kowalke, Hershell Turner, Al Maxey, Bob Harry and Al Roots.

Turner will need 14 points to crack the 1,000 point barrier. The NU captain has 312 points this year for a 16.4 average.

Cindermen To Face Oklahoma

Nebraska Prepares For Conference Run

Nebraska and Oklahoma will engage in a dual track meet Saturday at the NU indoor track at 2 p.m. The meet will be highlighted by top individuals from both teams.

The meet will be a warm-up for both squads for the Big Eight Indoor Track Meet at Kansas City, Feb. 26-27.

Coach Frank Sevine's Huskers, who are 3-1 for the year, may have their work cut out for them when they tangle with the Sooners.

This year OU has tied the defending national collegiate champions, Kansas, 61-61, and placed well in the Michigan State Relays last week.

But soft! What taste from yonder **FILTER-BLEND** . . .

IT'S WHAT'S UP FRONT THAT COUNTS

This filter, be it e'er so pure and white
Must needs give flavor too, full clear and bright
Else would the trusting smoker, filled with hope
Again be dashed, dejected be . . . and mope.

And thus we come to Winston's obvious truth
It's what's up front that counts—and 'tis, forsooth
In that the fine tobaccos, in the end
Are by exclusive process—Filter-Blend—
Become the tastiest taste that e'er hath played
Across your dancing taste-buds, man or maid!

Be ye not slow, therefore, to test the wit
Of what we say: that Winston, friend, is it;
For that with ev'ry smoke ye do delay
Ye are not gath'ring rosebuds while ye may!

"We are advertised by our looviny friends..."
