NEBRASKA BOOK STORE 1135 R Street • Lincoln, Nebraska

...Union Statement Continued

(Continued From Page 1) assess a direct labor cost charge of \$10 for the Pan-Am room and \$15 or \$25 for the ballroom. In answer to the statement on the coffee charge, it is true that if a group wants coffee served them in a room other than a food service area, we charge 15 cents per cup with no allowances. The extra five cents per person is a direct service labor charge and levied to recover our direct labor costs. The group has the option of patronizing the established food areas, or paying for the service. We do not give allowances when the number in attendance falls below the expectation of the group. We have not found a way, yet, of using cold, day-old coffee. Most pointedly, however, is the problem of the Union presuming that we know

more about your group than you do. If you do not know how many members are to attend, how can we possibly know and provide an exact number of cups of coffee and other products? A primary point in regard to the financial affairs of any group in its dealing with the Union is that we must maintain the position of the seller, and the group, the buyer. In no way can we formally advise a group as to how to spend their money. This function is quite adequately performed by the Student Affairs division as well as the faculty advisers of your group, and your officers. Our primary goal is to let you know what we have the ability to do in regard to any given service at any given price. The statement in regard to the Union changing rules monthly is quite untrue. The Union could more nearly be criticized on the point that the rules have not been changed often enough. Currently the Union board and management is engaged in rewriting the house rules and business policy for the first time in several years. My concluding statement is in the form of a request to all students as individuals or groups. My office as director was created to serve a specific function. That function is to administer the facilities and staff provided by you, the student body, in such a manner as to insure that you are served efficiently and effectively. You can help us by translating to me any shortcomings you find in our organization. It is our mutual desire as the staff to expand our services and to upgrade our standards, but we must rely on an expression of satisfaction from our users. My office is always open to you, our customers. Allen H. Bennett, Managing Director, Student Union

Lucky Strike's Dr. Froot to the rescue:

Foolproof Formula Simplifies Chemistry

Dear Dr. Froot: I am having a difficult time in chemistry. We are studying the chemical properties of acids, and I have become utterly confused. Can you help me understand acids? J. Bunsen Burner

Dear Bunsen: Take two parts of hydrochloric acid and three parts nitric acid. Pour into saucer. Stir mixture with finger. Note how much shorter the finger becomes. That is due to the chemical action of the acid.

Dear Dr. Froot: I was amazed at the recent survey which proved that the poorest students were students with cars. Would you comment, please? Dean

Dear Dean: I was amazed, too. In my day only the rich students had cars.

Dear Dr. Froot: On the level, do you smoke Luckies? Dabbling Tom

Dear Tom: On the level, I do smoke Luckies. I also smoke Luckies on inclines. And once enjoyed one while scaling the vertical face of Mt. Everest.

Dear Dr. Froot: Exactly what is the difference between adult westerns and what I suppose you would call juvenile westerns? Chanel Selector

Dear Chanel: It's the horses. The hero on juvenile westerns rides a pure white horse or a palomino. In adult westerns, the hero's horse is brown, sincere, mature-looking.

Dear Dr. Froot: I am going out for the college play and have become interested in the "Method" school of acting. Could you tell me how this differs from ordinary acting? Thespia

Dear Thesp: It is all a matter of how you throw yourself into your part. For instance, when playing "Peter Pan" the ordinary actor flies through the air on guide wires. When the "Method" actor plays the role, wires are unnecessary.

Dear Dr. Froot: I am friendly, outgoing, tolerant, athletic, well to do and a good conversationalist. Why does everybody hate me? Hurt

Dear Hurt: I don't know why—we just do.

COLLEGE STUDENTS SMOKE MORE LUCKIES THAN ANY OTHER REGULAR!

When it comes to choosing their regular smoke, college students head right for fine tobacco. Result: Lucky Strike tops every other regular sold. Lucky's taste beats all the rest because L.S./M.F.T.—Lucky Strike means fine tobacco.

TOBACCO AND TASTE TOO FINE TO FILTER!

Product of The American Tobacco Company - Tobacco is our middle name
