

More Than a Hundred Take College Bowl Test

More than 100 University students participated in the exams given to determine the University's College Bowl team, according to Dean Walter Wright.

UCLA Prof To Conduct Lectures

Prof. Magnus Hestenes of UCLA, one of the country's outstanding mathematicians, will deliver a series of four mathematics lectures at the University Wednesday through Friday.

Considered an authority on the calculus of variations, Prof. Hestenes will present two popular addresses designed for the general public in addition to two other talks to undergraduate and graduate mathematics students.

The popular lectures will deal with the general subject of "Mathematics and Computers" and will be presented Wednesday and Thursday at 7:30 p.m. in Bessey Hall auditorium.

His two other presentations—"Paths of Least Time and Surfaces of Least Areas" and "Calculus of Variations and Hilbert Spaces" will be presented Thursday in 108 Burnett Hall and Friday in 209 Burnett, both at 3 p.m.

Prof. Hestenes, who taught at the University from 1928 to 1930 has been a professor of mathematics at UCLA since 1947. Prior to that he taught at the University of Chicago from 1937 to 1942.

He is a member of several organizations including the National Research Council and the Mathematical Assn. of America which is sponsoring his visit. He holds degrees from St. Olaf College and the Universities of Wisconsin and Chicago.

Purdue Chemist To Talk Monday

Prof. Walter F. Edgell, chemist from Purdue University, will be a guest lecturer at 7:30 p.m. Monday in Avery Lab.

His discussion of the theory of bonding will be presented for the University department of chemistry and the Nebraska section of the American Chemical Society.

The visit is made possible through a grant from the University Research Council.

ken, Director of Counseling, Junior Division and Counseling Service.

Questions were submitted by members of the faculty.

From this group of students, a group of 12-16 will be selected for additional guidance and practice in conjunction with College Bowl competition, Dean Wright said.

The University team is scheduled to begin rehearsals on KUON-TV to simulate the atmosphere and the game of the actual competition on the General Electric College Bowl.

Ferris Norris, chairman of the department of electrical engineering, is presently in the process of constructing a system of lights and buzzers to help in the simulated rehearsals of the team.

Dean Wright said, "It was my impression and others' that certain persons did quite well on the exam, although we had no norms on this test to use for comparison since it was a test made up by people here at the University and used for the first time."

Theta Sigma Phi Holds Workshop

A workshop for women in journalism will be held April 2 from 9 a.m. to 12:30 p.m. at the School of Journalism in Burnett Hall.

The workshop is being held in conjunction with the annual Theta Sigma Phi women's journalism fraternity Matrix banquet.

There will be three sections to the workshop, each led by faculty or students of the J-School.

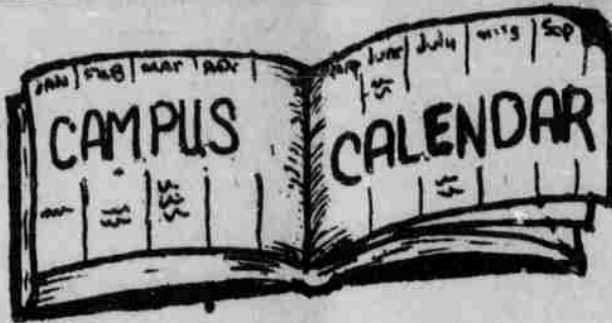

Prof. Neale Copple will lead the news writing section, Dr. Robert Cranford, the feature writing section and three Theta Sig members will be in charge of the society writing phase.

Pace, Shannon Go to Chicago

The University will be represented at the American Association for Cancer Research in Chicago on April 5 by physiology professors Dr. Donald Pace and Dr. John Shannon, Jr.

Dr. Pace, chairman of the University physiology department and Dr. Shannon, assistant professor, are both studying tissue culture at the University.

In addition to the cancer research program, the professors will attend meetings of the Tissue Culture Association.

 AG BREAKFAST, pre-Easter, 7 a.m., Ag Campus.

Prof. Ravnan To Present Piano Recital

This week's faculty recital will feature Audun Ravnan, assistant professor of music, in a piano concert Thursday at 7:30 p.m. in the Student Union Ballroom.

Among the concert numbers will be Humoresque-Bagatelles, by the Danish composer Carl Nielsen, who, along with Finland's Jean Sibelius, is one of the most important names in modern Scandinavian music.

The concert will also include: Three Sonatas by Scarlatti; Sonata in D major by Beethoven; Excursions by Barber; Toccata by Prokofiev; and Nocture in C minor, Berceuse in D flat major and Etude in A minor, all by Chopin.

During the present season, Prof. Ravnan has performed concerts in Omaha and on the Lincoln campus, completed a six-week television series and made record albums. He also has assisted in numerous University concerts as an accompanist.

The public is invited to attend and there is no admission charge.

Air Rifle Team Shoots In Match

The Rifle Team from the University Air Force ROTC department shot for the record on March 24 in the Secretary of the Air Force Match.

The match is nationwide and is open to all Air Force ROTC detachments. A large permanent trophy is awarded to the winning detachment each year.

Ten of the best shooters out of the 20 on the team are chosen to fire and their scores are sent to the National Rifle Association to be scored and validated. The winning detachment is announced by the office of the Secretary of the Air Force and presented the award.

Two teams from this University detachment recently tied for fourth and ninth place in the William Randolph Hearst competition for regional rifle teams. The Air Force ROTC team has a 7-3 record for the year.

LITTLE MAN ON CAMPUS

"KEPUNZEL WON'T TELL HOW SHE DOES IT, BUT SHE MANAGES TO SNEAK SOME BOY UP INTO HER ROOM ALMOST EVERY NITE."

Summer Research Program Set For Nebraska Youth

Some 20 Nebraska youths will be given the opportunity to observe and participate in research studies this summer under the guidance of University experts.

Some 20 Nebraska youths will be given the opportunity to observe and participate in research studies this summer under the guidance of University experts.

The 60-day summer training program for high school juniors is the only one of its kind in the state. Purpose of the event is to stimulate early interest in research careers.

Applications have been sent to all Nebraska high schools. Winners will study at the University this summer at the expense of the National Science Foundation.

According to Dr. D. G. Hanway, chairman of the department of agronomy, it is the hope of the University that these young people go back to their respective high schools with a new outlook on the world around them.

University specialists who will guide the specific training areas to be studied are: Dr. H. J. Gorz, geneticist, sweet clover research procedures, Dr. W. R. Kehr, agronomist, aspects of alfalfa research; Dr. L. C. Newell, agronomist, genetics, breeding and forage grasses research.
