GIRL MEETS CONE—One of the most notable joys of spring at N.U. are the afternoon visits to the Ag campus dairy store. Freshman Sharron Purbaugh is initiated into this joy with a "jumbo" ice cream cone.

Officer Reports Wanted

SC Threatens With Probation

"All campus organizations must have officer and membership lists to the Student Council by 5 p.m. Friday," according to Jack Nielsen, Council president.

All organizations that do not comply to this rule will be placed on probation, he said. This probation will consist of removing the organization from good standing and the forfeiture of all privileges of that organization.

Forfeiting all privileges would not allow the organization to use campus facilities such as meeting rooms and would not allow the organization to use advertising on campus.

Officer forms are available in the Student Council office, 339 Student Union or in the Division of Student Affairs. The Student Council office is open from 9-12 a.m. Monday through Friday.

All three of the copies to be filled out should be returned to the Student Council.

The student council standard activities report forms will be available in the Council office beginning April 18. These are to be returned two weeks prior to the end of semester classes.

Dorm Racial Discrimination Is Not A Specific Practice

By Karen Long

Discrimination according to Negro, foreign or white roommates is not a specific practice in the Residence Halls for Men.

According to Alfred Calvert, director of Men's Residence Halls, "Our purpose is to

make everyone happy in each room situation."

Letters received by the Daily Nebraskan have stated that there has been discrimination in placing men students together.

Calvert said that this spring questionnaires are being sent to men who will return to the university next year asking if the men would like to room with a colored student or a foreign student.

"We have no objection to a colored and white student rooming together and we also have colored and foreign stu-

dents scattered in all parts of Selleck," he said.

Things In Common
A male entering the University for the first time is placed with someone residence officials feel he has much in common with.

For this reason colored students are placed together because in the past they have preferred it in this way.

In the same way men majoring in a similar field are also placed together as room mates.

"Any student who does not find his rooming situation sat-

isfactory may request a change," said Calvert.

Might Be Difficult

He stated that there had been no trouble in the past. "However," he said, "many Nebraskans have not had the opportunity live around Negroes and if they were put into a room with a person of another race there might be some difficulty."

If the students want to room with a foreign student or a Negro he may do so, said Calvert.

"Here at the dorms we have all types of boys. There is no discrimination as I see it. On the other hand the Greeks do not have colored or foreign students living in the organized houses. This exemplifies discrimination," he said.

Calvert emphasized that the University has had no major discrimination problems in the past and that there was no reason to start any now.

Foreign students have been refused privileges in Lincoln recently. Those from South Africa have been refused service at some Lincoln restaurants, he said.

"Some foreign students come from places where there is no discrimination and in many instances black and white inter-marry. When they begin fanning prejudice these people who will be leaders in their countries form a different attitude — that of Anti-America," Calvert concluded.

Classes Called Off For Spring Day

All classes will be dismissed Friday afternoon, April 29, to allow students to participate in Spring Day events.

This was announced by the Spring Day committee and the Student Union. Each organized group will set up teams in competition for men's and women's events in the pre-Ivy Day festivities.

Tug-of-war
Beginning the women's events will be a tug-of-war, with each house entering a team of eight. The obstacle race, requiring that each contestant hold a basketball while running over the course, will feature such props as bales of hay and truck tires.

Each group will enter two members in the egg catching contest. The contestants will stand ten feet apart to begin the competition, and they will move back three more feet each time the egg is caught unbroken.

N Club members will instruct the entrants in the shot put event. One member from each organization will be chosen to heave the eight pound weight. The final women's event is a tricycle race.

Each girl will supply her own tricycle, which can have a wheel base no larger than sixteen inches. The entrants

will be required to wear a costume appropriate for a five-year-old girl.

Push Ball
The men's events will also begin with a tug-of-war. Each eight member team will attempt to pull the opposing team into a bit. Push ball is the next scheduled event.

It is followed by a ten mile bicycle race. Contestants must supply their own twenty-six inch American bicycles.

An unlimited number of contestants will be entered in the greased pole contest. The main entrant must climb a human pyramid built by his fellow contestants, and after reaching a point 10 feet up the pole, he must climb the pole in order to ring the bell at the top.

Bronc Riding
Climaxing the men's events will be the bucking bronc event. Each contestant must be dressed in western apparel.

Following the planned Spring Day events, the Student Union will host its twenty-second birthday party. A carnival theme of "Dizzyland" will be carried out by game booths set up in the Pan-American Room.

Awards will be given to the Spring Day winners at the Union party, followed by birthday cake and a street dance for all University students.

Song Meet

All Ivy Day song leaders are asked to meet at 5 p.m. today in the Student Union. The meeting room will be posted on the Union bulletin board.

AWS Tells House Rules For Vacation

Rules to be observed by women living in organized houses and residence halls for the spring vacation have been announced by Associated Women Students.

They are:
1. Organized houses and residence halls will be closed by 12 noon, Saturday, April 9.

2. If it is necessary for women students to leave before Friday, April 8, they must obtain a special permission slip from the housemother. That slip is not an excuse from classes. It is the responsibility of the student to arrange absences with the instructors.

3. Before leaving, arrangements for the time of return must be made with the housemother. Those going home may return Monday in time for classes.

4. If there is any change in returning time, the housemother must be notified by phone.

5. Each girl must sign out.
6. All houses will open by 3 p.m., April 17, unless other arrangements are made by the individual residences.

Legacy Plans Take Shape

Plans for this year's legacy weekend are beginning to take shape, according to Pat Johnson, Panhellenic publicity chairman for the event.

Sorority houses may hold Legacy Weekend Friday and Saturday, April 22-23; or Saturday and Sunday, April 23-24.

A style show will be held April 23 at 2 p.m. in the Student Union Little Auditorium, according to Miss Johnson.

Each house will select a girl to model clothes that are worn during Rush Week. Sharon Rogers is chairman of the style show.

Teachers Convocation Is Thursday

Dr. Clifford Erickson To Address College

All Teachers College classes will be dismissed tomorrow at 11 a.m. for the Teachers College convocation. Dr. Walter K. Beggs, dean of Teachers College, urged that all Teachers College students come to the convocation which will be held in the Union ballroom and said that students should get permission from their instructors if the class is not associated with Teachers College.

Addressing the convocation will be Dr. Clifford Erickson, educator and guidance authority from Michigan State University. His topic will be "Education for What?"

Dr. Erickson has co-authored many books and is the present director of the Institute of Counseling, Testing and Guidance.

While visiting the University for two days Dr. Erickson is interested in meeting many of the Teachers College students individually.

Dr. Erickson is presently a active in Michigan State's program for sending students abroad and is one of the chief coordinators in spreading this program throughout the U.S.

Deadline Is Friday Noon For Tribunal

The deadline for signing up for Student Tribunal interviews is Friday noon, according to Chuck Wilson, Student Council nominating committee chairman.

Students interested in applying must sign the interview schedule which is in the Council office in the Student Union.

Interviews will be held Monday, April 18.

Art Entries Are Due On Friday

The opportunity to enter the first Student Union art contest and sale ends Friday. Approximately \$100 will be spent to purchase items from the entries for the picture lending library.

Students may also price their paintings for public sale. All applications must be in the Activities office by 5 p.m. Friday.

The show will be held in the Student Union Art Gallery from April 18 to May 15.

Qualifications are that it must be an original work of a regularly enrolled student of the University. They may be paintings, sketches, drawings, prints, jewelry, pottery, sculpture, etc.

Entries must be mounted or framed suitable for show purposes.

Marty Sophir Is SAM President

Sigma Alpha Mu fraternity held their spring elections Monday night. They were omitted from the Daily Nebraskan's previous list of house elections.

New officers are Marty Sophir, president; Allan Forman, vice president; Arnold Joffe, secretary; and Mike Blott, treasurer.

ROTC Units To Drill In Nebraska Hall Lot

Beginning April 18, the paved parking lot directly south of Nebraska Hall (former Elgin building) will be used as a drill area for all ROTC units.

After spring vacation male students who have been parking their cars on the paved Elgin lot will be asked to park their cars in the parking lots, designated as Area 2, directly east of the building.

In addition, the lot on the southwest corner of 17th Street and Northside Avenue will be designated as Area 2.

"The move was necessitated by the rapid thaw of the heavy snowfall," explained James Pittenger, administrative assistant to the chancellor.

"The ROTC units usually drill on the mall south of the Military and Naval Armory. Because of the excessive moisture in the ground the grass covered area would become a sea of mud from continuous use," added Mr. Pittenger.

The paved lot will be used exclusively for ROTC drilling purposes and parking for personnel working in Nebraska Hall. However, the alternate lots east and south of the building will provide more than sufficient space to handle the cars usually parked there.

Delta Sigma Pi Pledges Twelve

Twelve men recently have been pledged to Delta Sigma Pi, business fraternity.

They are Harlie Calvin, Joe Donahew, Lowell Grummert, Ken Hardin, Ralph Holmstrom, Larry Gergens, Roland Leavitt, Richard Leigh, James McGlasson, Stanley Navrude, Theodore Pfeifer and James Strobl.

Pansing To Speak To AUF

Faculty Drive Said Success

President of the Lincoln Community Chest, Thomas R. Pansing, will speak at the weekly AUF meeting this Thursday at 7 p.m. in the Student Union.

Mr. Pansing, who is a Lincoln attorney, will address AUF members on the principles and success of a charity campaign drive. Active in community service work for several years, Pansing was elected president of the Community Chest in the fall of 1959.

The AUF faculty drive, which ended Sunday, was very successful, according to drive chairman Nancy Raun. At the end of the drive 137 contributions totaling \$622.50 had been received.

Donations are still being received, Miss Raun reported.

Last week Dr. John Wiley, director of the University speech and hearing clinic, spoke to the organization about the possibility of financing part of the clinic's activities in the future. AUF is considering supporting such a project on campus as one of their recipients for next year.

Cancer Society Organizes

Students To Be 'Guinea Pigs'

The American Cancer Society has designated University students as "guinea pigs" in its drive to educate the public about cancer.

The campus is the first in the country to establish a college cancer educational society. If successful, the ACS plans to extend the program to other universities next year.

Temporary chairman and organizer Terry Higgins said that the goal of the University society is "to help save lives by bringing to the students the right information concerning cancer."

He mentioned three specific objectives of the group:

- 1) Making persons aware of their position "in time" in regard to the seven danger signals of the deadly disease.
- 2) Organizing similar activities on every campus in Nebraska.
- 3) Eventually setting up an organization on every campus in the United States.

Recently recognized by the University, Higgins emphasized that the society is not a "fund raising organization."

All contributions to the society handled by the regional office in Omaha.

Methods to be incorporated in the society's public education program include film about actual cancer patients and others dealing with such subjects as smoking; speakers, including doctors and patients; and pamphlets and other literature.

The University group plans to work through organized houses, graduate houses and science classrooms in its campaign.

Officers for the new group are Bill Connell, president; Judy Lang, vice president; Jeri Johnson, treasurer; and John Powell, secretary.

Union Chairmen To Be Feted

Present Student Union committee chairmen and assistants will be given a "farewell appreciation dinner" tonight at 5:30 in the Union cafeteria.

Both the dinner and bowling afterwards will be free. The annual awards dinner scheduled for April 19 will honor outstanding committee members and new chairmen and assistants will be announced.

-Two Week Tabulation-

Council Member's Contributions Recorded

The following chart is a Daily Nebraskan tabulation of oral contributions of the individual members of the 1959-60 Student Council during the March 23rd and March 30th meetings.

The charts also show the total contributions of the members. Debate in these meetings was concerned primarily with Council Constitution revisions. Other important items considered were final exams and paving Selleck parking lot.

Members absent from the March 23rd meeting were: Dave Myers and Roy Neil, Teachers College; Sandie Johnson, Arts and Sciences and Dennis Nelson, Engineering; Ken Tempero, Arts and Sciences, Don Epp, Agriculture, and Dave Godbey and Chuck Wilson, senior holdovers, were late for that meeting.

Absent from the March 30th meeting were: Gil Grady, Corn Cobs; Sandie Johnson, Arts and Sciences; Larry Kilstrup, Business Administration; Janet Hanson, YWCA; Dennis Nelson, Engineering; and Roy Neil, Teachers.

Absences are indicated on the chart by: "A", one absence; "B", two absences.

Jack Nielson, Council president, presided during both meetings. Comments by him and by Kitz Lee, secretary, were not tabulated.

This survey is of a quantitative nature only and is by no means a measurement of the importance of the individual comments.

The names are listed in alphabetical order and are followed by the college or organization represented.
