Moyer To Be Removed?

(Continued From Page One) ago when Deon Stuthman said he felt the Council "should reprimand the member (Moyer) for discussing the contents of our meeting on the outside."

Released Information Epp then asked Moyer if he knew that he was violating the executive session by releasing information. He answered his own question by saying that Moyer did know what he was doing.

Before yielding the floor Epp asked Judiciary Committee Chairman John Hoerner if there was any way a member could be removed for violating the secrecy of an executive session. Hoerner said the only way he knew was "by due reason as stated in our constitution."

Moyer said, "Last week we had a secret session and this week we are attempting to re-

move a member by an ex post facto law. We become more like a Star Chamber every week. We had better move on to other business."

He halted in the middle of his talk to quiet heckling by Epp by asking Epp if he were "president of Student Council?"

After a brief speech from Steve Gage who talked against any action of reprimanding or removing Moyer, Moyer again asked the council to go on to more important matters.

Epp banged his fist on the table and said that he had a motion in his hand to remove Moyer from office as he felt Moyer, a past editor of the Daily Nebraskan and presently enrolled in Law Collete, knew he was in the wrong. However, Epp did not move for Moyer's removal.
