Talent Shows Will Be Old Stuff To Sunday Night Performers

By Nancy Whitford

Performers for the Sunday night All-University Talent Show can brag an imposing backlog of entertainment experience.

Included on the program this year at 8 p.m. in the Student Union are a modern jazz dance, a piano solo, tap dance numbers vocal solos and a triple trio, two combos and three traveler acts.

Trombone Quartet

A new trombone quartet including drum, bass, and piano rhythms has been patterned after the Kai Winding sextet by Jim Herbert and his "Rhythm and Bones" group.

"The entire group in-

cludes what would normally be the trombone section of a dance band. The trombone is a very versatile instrument which is capable of setting almost any mood-from mellow to jazzy-that may be desired," Herbert said.

> Nancy Ash will present a piano solo, "Impromptu in C Sharp Minor" by Reinhold.

Miss Ash has taken piano lessons 11 years and received two superiors in state-wide piano contests in Iowa.

Novelty jazz, hillbilly

style, will be featured in Judy Howard's "Hollywood Square Dance." Miss Howard has taken dancing lessons since she was six and has given lessons since she was 11

Modern Jazz

Veteran team performers Anne Sowles and Karen Costin have added freshmen Lucy Madden and Jeanne Thorough to their group for the modern jazz presentation of "Fever."

Gail Gallaway, accom-panied by Mary Knolle, will sing "Bali High" and

Lincoln, Nebraska

"Temptation." Miss Gallaway starred as Aunt Eller in the summer presentation of "Oklahoma.

The "Top Hat and Cane" dance to be performed by Steve Friedman will include a rhythm n u m b e r, rhythm taps and "fast buck and wing." Friedman appeared in last year's variety show and in the Central High School road show for four years.

For the final number of the evening, Byron Dillow, Doug Gaeph, Dee Koch, Dennis Holm, Dennis Tay-

BRASK

lor and Ken Grebenick will appear as the Psi's Plus Two Combo.

The group, formed this year for "their own amazement and amusement," has already performed for the AUF pancake feed and Student Union jazz and java sessions.

Traveler acts will be given by Karma Anderson, "Dear Hearts and Gentle People;" Joe Hill and Zeff Bernstein, "The Wanderer's;" and Mary Coonrad and Gail Gallaway, a takeoff on the Kingston trio.

-'Muskets to Missiles'-**More Dance Space** For Military Ball

Sandoz Talk **Tonight** in Love Library

Mari Sandoz, one of Nebraska's best known authors, will speak at 8 p.m. tonight in Love Library auditorium.

She will speak on "Plumbing the Creative Imagination of Man," at the tenth annual Avery Lecture to be presented here. The speech concerns the overlaying of the creative imagination by the circumstances of today, according to Miss Sandoz.

Miss Sandoz, who grew up in the Nebraska Sandhills, adds local color to many of her books, which concern this part of the United States. Although she confesses to having had only eight years of schooling, including four years at a country school and four years at the University, Miss San-doz has more books than any other author listed among the 100 Best Books of the West.

Her most recent book is "Son of the Gamblin' Man," which concerns the late Robert Henri of Cozad. Miss Sandoz is perhaps best known for "Old Jules," a biography of her father.

IFC, NU 'Poll-Watchers' Active on Election Day

VOTER'S CHAUFFEUR

Bill Kepner, a member of Sigma Alpha Epsilon fraternity, is shown helping Mrs. Marie Thorson of 1191/2 So. 15 out of his car as they arrive at the polls.

Mrs. Thorson, who runs a sewing shop in the Milner Hotel, said that she voted on the straight Republican ticket and predicted "My boy will win."

Nebraskans went to the polls yesterday. Included with "poll goers" were many University students engaged in various election activities.

Many of the students, having just reached the voting age of 21, cast their first ballots in this year's election.

The Interfraternity Council offered cars and men to serve the Junior Chamber of Commerce. The fraterninty men picked up people who needed rides to get to the polls and distributed literature supporting the Industrial Development amendment.

Jerald Hallock, Executive Secretary of the Junior Chamber of Commerce, reported that about 30 IFC workers had reported by 2 p.m. and more were expected later.

Phil Bauer, who originally proposed the transportation idea to the IFC, said about 100 men had signed up to help.

Political Science Students

Seen at the polls in the State House were Judy Kovar and Alice Ahlschwede, representing a Political Science 105 class.

The girls, both seniors, said they were watching for errors in procedures at the polls.

They had a choice of "either going to the polls or volunteering for service at the party headquarters of their choice."

Professor Jasper B. Shannon, chairman of the political science department and instructor of the class, said the students were sent "to watch the polls and see what went on."

Lab Experiment

He called the afternoon's project "a lab experiment of politics in action."

Professor Shannon, who has been giving this assignment to his classes for 25 years, said the irregularities that the students were to watch for were counting votes too soon (which is a violation of the secrecy of the ballot) and situations such as the re-count of two years ago. About 65 students participated in the project.

IDA INFORMER

IFC member, Dan Rosenthal, Sigma Alpha Mu, was busy Tuesday handing out literature supporting the Industrial Development amendment. Here he is handing his paper to Miss Leah A. Schofield a retired schoolteacher (she taught in the Lincoln schools for 28½ years) of 1345 A SL
