

# Diabetes Test Results Indicate Two Cases

By Jim Forrest  
Results from the second annual diabetes self-testing program sponsored by the Student Health Center showed two University staff members to be definite diabetics.

According to Celeste Knipmeyer, public health nurse, these two individuals in addition to two borderline diabetics also discovered among the staff personnel did not know previously that they had the disease.

These unknown diabetics were discovered through their participation in the Student Health's program of do-it-yourself testing, which was initiated as a new method of diabetes detection a year ago.

The program involves sending 5,000 individual self-test, specially treated indicator strips to faculty, staff, and students.

In a comparison with the program's initial year, Miss Knipmeyer said that 775 returned the test strips for analysis this year as to 725 last year.

### Increase

Out of this total 338 were from students and 437 from staff and faculty. Miss Knipmeyer pointed out that this was an increase of 208 among the students and a decrease of 158 among the staff.

"Many of the staff who participated last year didn't feel it was necessary again this year," said the public health nurse. "The marked increase among student participation we feel is due to the better publicity within the student houses."

No students were found to have the disease, according to Miss Knipmeyer.

In an attempt to realize the full capabilities of this self-testing program, Student Health this year added a test for excessive albumin in the specimens.

### Kidney Disorder

"An excessive amount of this protein may indicate a kidney disorder or infection," explained Miss Knipmeyer.

## Sevareid

(Continued from Page 2) a child's life-long destiny by a paper examination at the tender age of 11 or 12; I notice that in Italy, home of the Renaissance, one citizen out of eight over the age of six can neither read nor write.

How we Americans waste our educational resources! How Europeans strangle their human resources in the cradle!

To toss one more remnant on this litter heap let me say that I believe America and Europe, fully developed and working together, could stand off the Communist world in every respect. But a fearful number of socks need pulling up first, and by no means are all of them made in America.

## Faculty Quintet Presents Concert

Five faculty members will present a concert of chamber music tomorrow night at 7:30 in the Student Union ballroom.

Members of the quintet will be Emanuel Wisnow and Arnold Schatz, violins; Louis Trzinski, viola; Priscilla Parsons, cello; and Wesley Reist, clarinet.

On the program will be Quartet in D minor, K.421, by Mozart; Sonata IX "Golden," by Perceval-Britten; and Quintet, Opus 115, for Clarinet and Strings, by Brahms.

## Final Examination Schedule

First Semester 1960-61	
2-8 p.m.	All sections of English A
9-12 a.m.	Classes meeting at 11 a.m., 5 or 4 days or MWF or any one or two of these days.
9-3 p.m.	Classes meeting at 11 a.m., T Th S, or any one or two of these days.
All sections of Speech 9, 10	
7-10 p.m.	All sections of Education 81, 82
Wednesday, January 25	
9-12 a.m.	Classes meeting at 8 a.m., 5 or 4 days, or MWF, or any one or two of these days.
2-5 p.m.	Classes meeting at 8 a.m., T Th S, or any one or two of these days.
All sections of Business Organization 21	
Thursday, January 26	
9-12 a.m.	Classes meeting at 2 p.m., 5 or 4 days or MWF, or any one or two of these days.
2-5 p.m.	Classes meeting at 2 T Th or either of these two days.
All sections of Economics 15	
All sections of French 11, 13	
All sections of Spanish 31, 33	
All sections of Home Economics 41, 42	
Friday, January 27	
9-12 a.m.	Classes meeting at 2 p.m., 5 or 4 days, or MWF or any one or two of these days.
Classes meeting at 5 p.m., 5 or 4 days, or MWF, or any one or two of these days.	
All sections of Economics 11, 12	
All sections of Education 30, 31	
2-5 p.m.	Classes meeting at 3 p.m., T Th, or either one of these two days.
Classes meeting at 9 a.m., T Th, or either one of these two days.	
1-3 p.m.	All sections of Math 11, 12, 42
1-4 p.m.	All sections of Math 14, 18, 115, 116
Saturday, January 28	
9-12 a.m.	Classes meeting at 9 a.m., 5 or 4 days or MWF, or any one or two of these days.
2-5 p.m.	Classes meeting at 9 a.m., T Th S, or any one or two of these days.
Monday, January 30	
9-12 a.m.	Classes meeting at 1 p.m., 5 or 4 days, or MWF, or any one or two of these days.
2-5 p.m.	Classes meeting at 1 T Th or any one of these two days.
All sections of Business Organization 3 and 4	
Tuesday, January 31	
9-12 a.m.	Classes meeting at 10 a.m., 5 or 4 days, MWF, or any one or two of these days.
2-5 p.m.	Classes meeting at 10 T Th S or any one or two of these days.
Wednesday, February 1	
9-12 a.m.	Classes meeting at 4 p.m., 5 or 4 days, or MWF, on any one or two of these days.
All sections of English 2, 3, 4	

The results of this test showed that 155 students and 146 faculty and staff showed indication of having albumin. "The company that made

## Moot Court Decisions Awarded

Decisions were held for the appellees in the first two rounds in the pre-Christmas semi-finals of the Allen Moot Court Competition held in the law school court room.

In the first round appellants Betty J. Holcomb and August Schumann and appellees Robert Zuber and Shelley Krantz were concerned with a case involving a Negro farmworker committed to jail for failure to post bond when he was found to be the only eye witness to a crime.

The question was whether the authorities had the right to detain him indeterminately when the accused suspect was not yet under arrest.

This first round marked the first time since 1953 that a woman has reached the semi-finals of the competition held annually.

The judges for the first round, Winfield Elmen, Richard A. Knudson and Charles Oldfather, awarded the decision to the appellees.

In an evening session, appellants Richard Gee and Merritt Powell and appellees Sam Van Pelt and Ronald Schuyter argued out the second round.

The decision of judges Richard Wilson, Leonard Dunker and W. W. Murnberger was given to the appellees.

Moot Court faculty adviser is Richard Harnsberger, associate professor of law. Additional rounds in the semi-finals are to be scheduled before semester break, according to Harnsberger.

the test strips put misleading instructions on the accompanying card. They said that if the test strip changed color it was an indication of albumin, but the strip will change a little under plain tap-water," said Miss Knipmeyer. Knowing that most of the people who checked a positive reaction were misled, Student Health is asking each individual to come in for additional testing.

## University May Buy Mead Land

Miss Knipmeyer re-emphasized the importance of early detection to avoid complications which, as they become worse, become irreversible and the patient will never return to normal.

Student Health officials stations which, as they grow ed that unless a better test strip is developed for next year's program, especially the albumin test, they will require that each strip be sent to Student Health for processing and analysis. The albumin test may be discontinued altogether, Miss Knipmeyer said.

The results from this year's program have been sent to the State Medical Association for evaluation.

The University has received tentative approval for the purchase of 7,500 acres of land at the old Mead Ordinance Plant, officials say.

Carl Donaldson, University business manager, who attended conferences in Washington with the General Services Administration (GSA) said the University has applied for 8,200 acres at the site to be used for establishment of an agricultural field laboratory.

The University's proposal has received approval of the U.S. Department of Health, Education and Welfare (HEW), but the GSA, which declared the land surplus, has final authority.

Chancellor Clifford Hardin has said he is optimistic over working out details on land the University wants.

A formal reply to HEW is being drafted this week by the University. HEW will then transmit it to GSA.

and member of Sigma Xi and Alpha Zeta honorary fraternities.

Ingrid Leder, who graduates in February, is a Mortar Board and has contributed a great amount of time and effort in her main interest 'to build a better University for students on campus now and for those who will be here in the future!' the letter of nomination explained.

Miss Leder, born in Germany and now a naturalized citizen, has a long list of student organizations to her name. She is past vice-president and president of Builders, a member of the Student Tribunal, treasurer of Theta Sigma Phi, vice president of NUCWA and past vice president of her sorority, Alpha Xi Delta.

She was a columnist for the Daily Nebraskan and later for the Lincoln Journal.

"Her devotion and loyalty to the University and the state will continue to influence people throughout the nation," the letter concluded.

Rod Ellerbusch Rod Ellerbusch was the second student to be nominated for the student award over the weekend.

"Rod has concentrated on church, political, and scholastic activities and has led an all around "Outstanding Nebraskan type life," the letter of his nomination said.

Ellerbusch is member of Innocents society and is the senior judge of the Student Tribunal. He has served as president of the Lutheran Student Choir and president of the Lutheran Student Association and the Church Council.

In politics, he has served as president of the University Young Republicans and is a past rush chairman for Sigma Nu fraternity.

Prof. Dale Broeder and Dr. Harold E. Wise have also been nominated for the faculty Outstanding Nebraskan award. Archie Clegg, Beverly Heyne, Pat Porter and Ken Tempero have been nominated for the student award.

Nominations will be received by the Daily Nebraskan office until 5 p.m. today. Outstanding Nebraskans will be announced in the final issue of the semester this Friday.

## LITTLE MAN ON CAMPUS

THAT'S NEERS, HE'S PROBABLY THE MOST WELL ADJUSTED TEACHER IN THE PSYCH DEPARTMENT.

## —'Showcases of Poland'—

## Contemporary 'Kilims' Debut at Art Galleries

Contemporary rugs and tapestries deck the halls of the University Art Galleries as the "showcases of Poland," makes its debut here.

The exhibit will be here until Feb. 12. It was obtained through the Cepelia Corporation of New York, the corporate name of the Polish central organization for folk and fine art, according to Norman Geske, director of the Galleries.

The contemporary weavings called "kilims" represent the heritage and traditions of the country of Poland. Other types of design and weaving represent Polish folk art.

The weavers of Poland, one of the oldest groups of artists in that country, can trace the history of their special skills to the 11th century.

Carpets were woven in the 15th century and particularly beautiful and distinctive weaving in the 17th and 18th centuries were produced by large manufacturers and workshops on estates of the nobility.

The works of Poland's most famous weaver and designer of fine tapestry, Stefan Galowski, are also on exhibit. He is known for his adaptation of the Gobelin technique which

Geiske explained as "an illustration of the cultural relationship that exists between Poland and France."

Other fabrics, including some notable Jacquards and decorative straw fabrics, are also included to show the range of interests among Polish weavers.

In addition to the rugs and tapestries the exhibit includes embroideries, laces, ceramic objects of metal and wood, jewelry, furniture and clothing.

The institutions and supporting organizations represented in the collections are the Polish Applied Art Society, the Warsaw Academy of Fine Arts, and the Cooperative Society of Artists.

## Maurice Weise Heads Ag Men

Maurice Weise was elected recently as president of the Ag Men's Co-op Club for the coming semester.

Other officers for next semester are Jess Felker, vice president; Daryl Starr, secretary; Richard Bolli, secretary; and Roger Zink, social chairman.

## Red Cross Exec Board Picks 33 for Positions

A total of 14 committee chairmen and 19 assistants were selected from 80 interviewed for Red Cross committee positions Saturday by the new Red Cross executive board.

The chairmen and assistant chairmen selected to serve for a one year term were: Jr. Red Cross Chairman, Maggie McCracken; assistants, Susan Salter and Jo Del Nye, orphanage chairman, Susan Christenson; assistants, Sharon Hoffman and Sally

Larson; transportation chairman, Naomi Bedwell, assistant, Bonnie Kuklin.

State hospital children's ward chairman, Maribelle Elliot; assistant, Nancy Erickson; State Hospital adult ward, Nancy Jacobson, chairman; assistant, Susie Haberman.

Veterans Hospital chairman, Jan Jeffery; assistant Sue Isaacson; special projects chairman, Judy Gant; assistant, Susan Cook; handicraft chairman, Angie Long; assistant, Billie Spies; Red Cross leadership chairman, Jean Anderson, assistant, Merrily Newton.

Adult activities chairman, Nancy Miller, assistant, Judy Brumm; publicity chairman, Marty Anderson, assistants, Jody Burkhardt and Gail Buchholz.

Water safety chairman, Celesta Weise; assistants Carole Williams and Judy Keys; entertainment chairman, Judy Tenhulzen; assistants Carolyn Drew and Susan Linn; Orthopedic chairman, Rachel Heiss; assistant, Susan Hansen.

## J Students Compete for Hearst Award

Two newspaper articles written by University students have been selected for submission to the William Randolph Hearst Foundation journalism award for December.

Carroll Kraus's study on Nebraska's tax system, which has appeared in more than half of the newspapers in Nebraska, was one of the articles selected. His story is one of depth reporting which entailed extensive research work.

Nancy Whitford's study on fire hazards at the University, printed in the Daily Nebraskan, was also chosen. Information for her article was obtained from interviews with C. G. Eckstrand, deputy state fire marshal.

Students are encouraged to submit stories which they feel are good. The staff of the School of Journalism check all Nebraska papers plus the University publications for stories produced by the students. The stories are checked and two are selected to be sent into the contest.

January's contest is on editorial writing, February's, sports writing, March, news-writing, and April, feature writing.

All students who took the test ranked in the upper one-third of their graduating classes, the questionnaire disclosed.

The questionnaire shows that 35 per cent have decided to attend college in the state, while another 35 per cent say they are undecided as about where they will go to college.

The remaining five percent plan to attend an out-state college.

Of those who did not plan to go to college or university, one per cent was going into the armed forces; six per cent were going to go to technical school; and five per cent planned to go to nursing school. Thirteen per cent had no definite plans.

## High School Questionnaire Is Optimistic

Three quarters of the 4,747 Nebraska high school seniors who took the University Regents examination intend to continue their education at colleges or universities, according to a questionnaire returned with the exams.

All students who took the test ranked in the upper one-third of their graduating classes, the questionnaire disclosed.

The questionnaire shows that 35 per cent have decided to attend college in the state, while another 35 per cent say they are undecided as about where they will go to college.

The remaining five percent plan to attend an out-state college.

Of those who did not plan to go to college or university, one per cent was going into the armed forces; six per cent were going to go to technical school; and five per cent planned to go to nursing school. Thirteen per cent had no definite plans.

LUCKY STRIKE PRESENTS:

# DEAR DR. FROOD:

DR. FROOD'S THOUGHT FOR THE DAY: A penny saved is a penny earned. And if you could put away a penny a week for one year... why, you will have fifty-two cents!

Dear Dr. Frood: Our college mascot is a great big lovable Saint Bernard. He loves everyone—except me. In fact, he has bitten me viciously eight times. What can I do to get him to like me?

**Frustrated Dog Love:**

DEAR FRUSTRATED: Mother him. To carry this off, I suggest you wear a raccoon coat, let your hair and eyebrows grow shaggy and learn to whimper affectionately.

Dear Dr. Frood: Most of my life here is extracurricular. I carry the drum for the band, pull the curtain for the drama society, wax the court for the basketball team, scrape the ice for the hockey team, clap erasers for the faculty club and shovel snow for the fraternity houses. Do you think these activities will really help me when I get out of college?

**Eager**

DEAR EAGER: I don't think the college will let you out.

Dear Dr. Frood: On New Year's Eve I foolishly resolved to be more generous with my Luckies. My friends have held me to this, and I've been forced to give away several packs a day. What do you think would happen if I broke this resolution?

**Resolute**

DEAR RESOLUTE: It's hard to tell, really. Lightning, a runaway horse, a tornado—who knows?

Dear Dr. Frood: Can you help me convince my girl that I'm not as stupid as she thinks I am?

**Anxious**

DEAR ANXIOUS: Perhaps, but you'll have to convince me first.

Dear Dr. Frood: Before vacation, my girl and I agreed to exchange Christmas presents. I sent her a nice hanky. You can imagine how I felt when I awoke Christmas morning to find a sports car from her. What can I do now?

**Distraught**

DEAR DISTRAUGHT: Remind her that Easter giving time is just around the corner.

DEAR DR. FROOD: CHANGE TO LUCKIES and get some taste for a change!
