By Dave Wohlforth
Don Ferguson was elected president of the Interfraternity Council for the year at a two-hour IFC meeting Wednesday night.

The other officers are Ron Gould, vice-president; Dave Sundberg, treasurer; John Nolan, secretary; Phil Tracy, public relations and Jim Hige, rush chairman.

He stressed his policy would be to maintain good relationships between the Board of Control, Alumni Advisory Group, the Administration and the Greeks.

Ferguson, a member of Phi Gamma Delta fraternity, also stated that he would have the minutes of committee meetings circulated. The committees would meet at a regularly scheduled time.

Commenting on the popularity of the Brothers, Connell said "The response to their refreshing, relaxed yet enthusiastic style has been over-whelming."

When the foursome arrive on the Nebraska campus they will have just finished a nation-wide tour made with Johnny Mathis.

Interstate Discussion On Monday

NU Favored Route May Take Priority

Interstate route E, which University officials have indicated they will favor and four other plans will be discussed at 10 a.m. Monday before the Highway Advisory Commission.

Plan E prepared by the State Department of Roads, is said to dodge the difficulties encountered by previous schemes.

The proposal, like others which have been suggested, joins 9th and 10th St. at R, but avoids the expensive Hill Hatchery, Northwestern Iron and Metal and Carpenter Paper Company properties.

Acting State Engineer John Hossack said one of the five plans will be advocated if it "has a cost advantage or if costs are comparable, one will give better service."

State highway officials indicate scheme E will be favored over the other plans studied.

This plan involves the closing of some railroad storage tracks and the removal of some others.

Hossack said the railroads involved have seen the route and are prepared to make the necessary alterations.

Although cost estimates on engineering construction and right of way have not yet been completed, indications are that plan E will be less expensive than three other plans and comparable to a fourth.

Council to Sponsor Final Exam Poll

The Student Council final exam committee Wednesday received authority to take a sampling of student opinion during registration concerning final examinations.

According to Roy Arnold, chairman of the committee, a table will be set up at one end of the registration lines in the men's physical education building during the days of registration where students may answer questionnaires.

Arnold said a similar idea was started a year ago by the Student Council but their program was too limited to be valid.

Students who wish to participate in the poll will answer the following four questions when registering:

1. What do you feel should be the purpose of final examinations?
2. Do you feel final exams

at the University of Nebraska are meeting this purpose?

3. Do you feel that final exams are a.) under emphasized b.) properly emphasized c.) over emphasized at the University of Nebraska?
