

Huskers Hit Big 8 Celler

Iowa State Extends NU Loss String to 6

Nebraska fell into the Big Eight basketball cellar Monday night as Iowa State downed the Huskers, 68-62, at Ames for the second Cyclone victory of the season over Coach Jerry Bush's quintet.

The loss was the sixth straight for the Huskers and leaves them with a 2-6 conference mark and a season record of 8-10. Nebraska will move back into a tie for seventh place if Oklahoma loses to Oklahoma State tonight at Stillwater.

Bush's cagers stayed close until late in the game when the Cyclones pulled out to a nine-point lead at 64-55 for the widest margin of the contest. Nebraska closed the gap to 64-60 on a layin by Rex Swett, a long jump shot by Jan Wall and a free throw by Tom Russell.

The Cyclones then extended the lead to eight points at 68-60 before Wall hit two free throws in the closing seconds to make the final score 68-62.

Wall led all scorers with 17 points. Russell added 14 and Swett pumped in 12 for the Huskers. John Ptacek had 15 to lead Iowa State. Henry Whitney added 12, and Gary Wheeler and Terry Roberts each contributed 10 points to the Cyclone total.

The two teams battled on even terms throughout the first half before Roberts connected on a hook shot and Whitney added a free throw to break a 34-34 deadlock with nine seconds left in the half and give Iowa State a 37-34 halftime lead.

Nebraska took a 41-39 lead early in the second half on a long jump shot by Wall. A jump shot by Jim Kowalke gave the Huskers their big-

gest lead at 44-40 a minute later.

Iowa State took the lead for good at 47-46 on a layin by Marv Straw and the Huskers never recovered.

New additions to the family!

The two new telephones in the bassinet are the result of a perfect marriage of research and design. They illustrate the way Gen Tel constantly strives to make the telephone an ever more convenient and helpful service of modern life.

The Starlite® phone in the foreground is a new "compact"—only half the size of a standard desk phone. Its PANELESCENT® (electroluminescent) dial glows in the dark for easy dialing, and can be turned up to serve as a night light.

The Space-Maker® phone can be hung anywhere—on posts and in tight corners. Both dial and handset can be adjusted to fit the space and the convenience of the user.

These new and modern phones for the home were developed by our subsidiary, Automatic Electric, largest supplier of telephone equipment to America's independent telephone industry.

They are but two examples of how General Telephone & Electronics works to improve equipment and advance communications for the home, for industry and national defense—both here and abroad.
