

# Prokop Leads All-Fraternity Cage Team

2 Gridders  
Also Named  
To Quintet

Brash, Bredthauer  
Complete Top Five

By Cloyd Clark  
Bob Prokop of the all-University champion Kappa Sigma squad heads the Daily Nebraskan all-fraternity intramural basketball team.  
Ron Meade of Alpha Tau Omega, Don Purcell of Phi Delta Theta, Arliss Brash of Beta Theta Pi and Oscar Bredthauer of Beta Sigma complete the squad headed by Prokop.

Prokop started his basketball career in Wilber where he won all-state honors in Class D as a junior and all-state in all classes as a senior.

This was his sixth year of intramural basketball as he led the Kappa Sig scoring attack with an 18 point per game average. The 6-7 Kappa Sig scoring attack with an 18 point per game average. The 6-7 Kappa Sig center has been on the all-University team for six years.

**Other Sports**  
The Wilber native also participates in football, volleyball, softball, badminton and most of the other intramural sports offered in the Nebraska intramural program.

Purcell and Meade represent the Husker football squad. Jim Hoge was a member of the mythical team last year but was ineligible for this year's intramural play after joining Husker coach Jerry Bush's cagers.

Purcell, 6-1, played guard for the strong Phi Delta team scoring an average of 26 points per game. His outstanding scoring and ball handling gained the red-headed football end his position on the all-fraternity five.

He played basketball, baseball and track at Benson High School in Omaha.

Meade led the Alpha Tau Omega attack in the strong number one league of fraternity competition. The 6-foot ATO hustler is a two-year football letterman.

**Winning Boot**  
Meade won the Nebraska-Oklahoma game for the Huskers last fall with his last-minute field goal.

Arliss Brash represents Beta Theta Pi in the all-fraternity rankings. Brash led the Betas in their tournament winning spree and in their near upsets of Kappa Sigma.

The Beta flash stands 6-1 and weighs 165 pounds. He attended high school at Aberdeen, S.D., and was an honorable mention all-star on the Aberdeen team. He also plays intramural softball and volleyball for the Betas.

Bredthauer finished out the fraternity team at a forward position. Bredthauer is the second tallest player on the squad at 6-5 and was the leading rebounder for Beta Sigma Psi.

The Beta Sigs finished their season play in second place behind Farm House, but avenged an early season loss by the Ag College hoopsters early in the tournament with a 37-28 win.

Beta Sigma Psi finished the year with a 9-3 season, losing two games in the final games of the A-team tournament.

Football was Bredthauer's chief sport in high school and as a freshman at Nebraska. At Grand Island High School he played football, basketball and track. He won all-state awards in football.

**Nebraskan Want Ads**

No. Words 1 da. 2 da. 3 da. 4 da.

## Promising Sophomores Boost Outlook for Golf at Nebraska

Coach Harry Good, in his first season as golf mentor, has two lettermen back from last year's Husker team that finished the season with seven wins and five losses and came in sixth in the Big Eight championships.

To go with these two veterans, Dave McConahay and Jerry Overgaard, Good has a promising group of sophomores. McConahay finished 30th in the Big Eight test

last spring with a 54-hole total of 246. Overgaard was 35th with a 252.

Good has sent his charges through fall and winter workouts, the first time such a practice has been tried at Nebraska, in preparation for the opener Mar. 27 against Oklahoma Central State College at Edmond, Okla.

The match will be the beginning of the annual southern tour that will find them competing for six straight

days. After the opening match, the Huskers will meet Oklahoma Baptist, Tulsa, Washburn, Wichita and Kansas State in that order.

They will open the home season April 7 against the Air Force Academy linksters.

Eight of the squad members have been shooting in the low 70s in early workouts this spring and Good will have to select five from this group to make the southern trip. "It'll be a real dog fight for traveling positions," Good admits.

"The players are really bunched and at least eight have good chances of earning a starting berth," the Husker mentor says. "It is awfully hard to tell at this early stage what kind of season we will have."

"The lineup will never be set definitely and I will base my starters on how a candidate performs from week to week and what my men do on the southern swing."

Top swingers in early sessions have been McConahay, Overgaard, Jeff Atwell, Fred Sukup, Bud Williamson, Ed Tabor and Ned Nolte.

## Bellevue Coach Believed To Be Top Mat Choice

By Hal Brown

The resignation of Mickey Sparano as wrestling coach at Nebraska leaves the Husker school with two vacancies in the athletic setup.

Athletic Director Bill Orwig announced Monday that Sparano was resigning effective April 1. Orwig also leaves Nebraska on the same date to assume the Athletic Director post at Indiana.

Orwig said Monday evening there were several possibilities for the vacancy created by Sparano's resignation, but refused to disclose any names.

The Daily Nebraskan learned from an informed source that

Gus Macuso, wrestling coach at Bellevue High School, had been approached about the position and that he is a strong candidate for the vacancy.

Mancuso coached Bellevue to the state wrestling crown this year.

**Salary Increase**

Sparano said he was leaving to accept a managerial position in a business partnership with the Tony Purcello Enterprises of Omaha. Sparano said he would be receiving a substantial salary increase.

"I regret sincerely leaving a team that, in my opinion, has established itself as a future national power," Sparano said. "On the entire roster which numbers 40 there is but one senior. The freshman team has numerous champions who will bolster the varsity next season."

Orwig said, "Mickey has done one of the finest jobs of organization and coaching I have ever seen. He will be difficult to replace."

Sparano came to Nebraska after a successful tenure at Omaha South where his teams won five state championships. This year's Husker team compiled the best record for a Nebraska squad since 1929.

Sparano's grapplers won

five, lost three and tied one during the dual season. The Huskers finished last in the Big Eight meet. Three of Sparano's wrestlers will be competing in the NCAA championships this weekend at Corvallis, Ore.

## Mermen Set Nine Marks

Nebraska swimmers set nine varsity records during the past season in compiling the best dual meet record for a Husker team since 1940.

Joe Stocker and Jay Groth led the onslaught with three records apiece. Stocker set the 200-yard individual medley mark at 2:20.8, the 200-yard breast stroke record at 2:27.1 and the 100-yard breast stroke standard at 1:06.6.

He also shares in the 400-yard medley relay mark with Larry Terrell, Larry McClean and Phil Swaim. The quartet swam the distance in 4:05.9.

Groth holds the 220-yard free style mark with a time of 2:16.3, the 440-yard free style record with 4:52.4 and the 1500-meter free style record at 19:50.4.

Phil Swaim set a record in the 100-yard free style with a 51.9 clocking. The other Husker record came in the 400-yard free style relay where LaVern Bauers, Joe Gacusana, McClean and Swaim set the mark at 3:32.7.

## Do all Air Force Officers have Wings?

Decidedly not. In fact most executive jobs are on the ground. Of course, all officers may apply for pilot and navigator training if they meet the eligibility requirements. There will always be a need for piloted aircraft. And it is foreseeable that in your working lifetime, there will be piloted spacecraft—piloted and navigated by Air Force officers.

But right now, there is also a big future for college-trained Air Force officers on the ground. New and exciting technical jobs are opening up. Important administrative positions must be filled as World War II officers move into retirement.

**How can you—a college student—become an Air Force officer?** First, there's Air Force ROTC. Then for college graduates, men and women in certain fields, there is Officer Training School. The graduate of its three-month course wins a commission as a second lieutenant. Other ways are the Navigator Training program, and the Air Force Academy.

**Some benefits that go with being an Air Force officer.** Starting salary plus allowances compare with the average in equivalent civilian jobs. Then there's free medical and dental care, thirty-day vacation, the chance to win graduate degrees at Air Force expense, and liberal retirement provisions.

No, Air Force officers do not need wings to move up. There's plenty doing on the ground. Perhaps you could be one of these young executives in blue. Ask your local Air Force Recruiter. Or write, Officer, Career Information, Dept. SC13, Box 7608, Washington 4, D.C., if you want further information about the navigator training or Officer Training School programs.
