Big 8 IFC Acts to Ban Subrosas

A resolution stating the Big Eight Interfraternity Council's condemnation of subrosa fraternities was passed at the Big Eight IFC meeting last weekend at Norman, Okla.

Representing Nebraska at the meeting were Nolan, IFC secretary; Chip Kuklin, IFC political chairman; Ron Gould, IFC vice-president; Don Ferguson, IFC president; and Steve Gage, special officer to the Big Eight IFC.

The resolution concerning subrosas stated: "Be it resolved by the officer and delegates of the Big Eight Interfraternity Council that in keeping with the customs and traditions of our national fraternities and the recommendations of the National Interfraternity Conference, we formally condemn outlaw fraternities (subrosas); organization that have been in flagrant violation of the rules and regulations of the universities and our fraternity constitutions; organizations that rig and arrange elections; organizations that reflect badly upon the Greek system and work to its detriment.

"It is further resolved that we shall seek to secure the elimination of these elements from respective campus communities."

"The Ag library will continue on the extended hour basis and opening on Sunday afternoons for the rest of the semester and the 1961 fall semester," he said.

The new Ag library hours will be 7:40 a.m. - 10:30 p.m. Monday through Thursday, 7:40 a.m. - 9:20 p.m. Friday and Saturday, and from 2 p.m. to 10:30 p.m. on Sunday.

The new hours for the Ag Library were approved by the Administration late last week, leaving final arrangements up to the office of the Director of University Libraries.

The change came about due to the apparent need for the Ag library to remain open longer in the evening.

Budget Hearings Continue

University Against Tuition Raise-Hardin

By Nancy Whitford
The University is "extremely reluctant" to raise tuition rates to help meet a requested \$5.6 million increase in budget needs during the coming biennium.

Hardin said the University's tuition was the highest in the Big Eight. The University had earlier approved a tuition increase from \$240 to \$264 effective Sept. 1 for resident students.

Budget Committee chairman Richard Marvel of Hastings asked the University if failure to receive an increased appropriation would alter the present operation.

Board of Regents chairman, Clarence Swanson of Lincoln said it would not, although there is "certainly a continuous change going on at the University during any two year period."

Hardin was asked by Sen. George Gerdes of Alliance to give a priority breakdown on the University budget.

The Chancellor said the present \$25 million program would take priority over any expansion. The priorities the University would place on the requested \$5.6 million increase he said would include:

- Utilities and upkeep, \$365,000;
-Maintenance of present salary scale, \$500,000;
-A vested retirement program authorized by the 1959 Legislature, \$900,000;
-Salary increases, \$2,450,000;
-Growth and development \$1,500,000

'Good Person' Takes Pride in Campus

FRIENDLY HELLO
Willard Dobbins, a member of the University's maintenance department is shown as he takes a break from his duties for the Nebraskan photographer. Dobbins is second in the Daily Nebraskan's "Good People" series.

The friendly "hello" of Willard Dobbins is well known to the class-winding masses from Andrews to "Soc" and from "S" to Vine.

A member of the University Grounds Department, Mr. Dobbins is the second in the Daily Nebraskan's "Good People" series.

Now in his twelfth year of service to the University, he expressed a growing pride in and of the maintenance of the University grounds. "I'm kind of proud of a good looking campus," he said, "and all of us take real interest in keeping the physical shape of the campus squared away."

Mr. Dobbins has one daughter. She attended the University for three years and graduated in Teachers College from Dubuque College, and is now married to a Presbyterian minister in Primrose, Nebraska.

Born in Burchard, Nebraska, Mr. Dobbins now lives at 632 N. 25th, and spoke of a satisfaction with Lincoln and the University.

And the students? "I think they're here to learn—they're a friendly bunch of good looking American kids, and it looks like their generation is going to do all right."

One of many such "good people" responsible for the pleasantness and optimism increasingly becoming the campus with the warming of spring, Mr. Dobbins proves an excellent choice for a pattern for proteges.
